In Atheism Kills, Barak Lurie exposes the horrors of a world without God. Contrary to the mantra we've heard time and time again that religion is responsible for more deaths than anything else, it is in fact the absence of God which has killed--in obscene numbers. Ever since atheism first assumed government control in the French Revolution, it has done nothing but kill. Atheism has killed through its many deputies: progressivism, eugenics, fascism, and communism. Lurie shows that it was the godlessness in each of these ideologies that killed hundreds of millions. But atheism doesn't just kill lives. It kills purpose, free will, beauty, compassion, a sense of the past and future, creativity, and freedom itself. Atheism offers only the horrors of chaos and totalitarianism. The world misplaces its focus on Radical Islam as the greatest threat to civilization. As horrible as it is, it is doing nothing and having no sense of self which are the true enemies. It was our will to fight and sense of mission that overcame fascism and communism. We must have these to keep Radical Islam at bay, too. This is why we must resist the growth of atheism. It was God that gave us our freedom. It was God who gave our sense of purpose that created civilization. Take those away, and there is nothing to fight for. In this way, Lurie shows that the lack of belief in God is our greatest danger. How does he know? Because like a hurricane, godlessness has only known how to destroy everything in its path. It has never created. Like there will always be fires, there will always be enemies that seek to destroy our civilization. But if we don't have fire stations with crew, and protocol in each city to deal with fires, those fires will consume us. Likewise, how we prepare ourselves to deal with horrific ideologies will be what saves us. That preparation can only come with our embrace of the centrality of God.

M.S. Subbulakshmi's life was one of extraordinary achievement. Although she was portrayed in many ways - as a musician who sought and achieved an all-India appeal; a philanthropist and supporter of noble causes; an icon of style; a woman of piety and devotion; and a friend and associate of the good and the great - she was first and foremost a classical vocalist of the highest rank, of unmatched gifts, who lives on in the musical history of India. Of Gifted Voice looks at her life and times, and the great musical tradition she belonged to and to which she brought so much, against the larger backdrop of the developments in the world of Carnatic music. It describes how music came to be performed in concerts; the impact the gramophone, the radio and the talkie had on music; the decline of the traditional performing families; and the appearance of women on public platforms. The book also delves into Subbulakshmi's brush with films as well as her concert style and that of her celebrated contemporaries. Though her story has often been told, we know little of the woman behind the image and the musician behind the public persona. Of Gifted Voice attempts, with warmth and keen-eyed perception, to understand the music, the history, the artiste and her incomparable presence.

Mark Childress is an artist, with an ear comparable to Eudora Welty's, which to me is the highest praise one can give. I haven't read a Southern novel since *Losing Battles* that has given me such pleasure. -- Harper Lee, author of *To Kill a Mockingbird* The sense of reality with which Childress imbues his characters and their situation is remarkable. He has the true novelist's ability to commit himself entirely to the people and events he envisions, and this is rare; the reader is certain at all points that the author is not playing with the subject, but writing from deep within it. A truly outstanding book is the result. -- James Dickey *A World Made of Fire* is earthy, adroit, moving -- an excellent novel by a writer of great promise and talent. -- Jesse Hill Ford Mark Childress is a young novelist who has written a memorable story out of the land and people of the Deep South that throughout its length is constantly intruiging with unexpected innovations. The ever-present undercurrent of mystical events will probably startle many readers by arousing and bringing forth unfamiliar emotions. -- Erskine Caldwell *A wonderful and powerful novel...*Childress's debut in the world of fiction is a cause to be celebrated; he is the real thing. -- Pat Conroy Mark Childress's new-fashioned saga is full of delicate electricity and raw power. -- Barry Hannah This is a damned fine story. There is more here than story, though. This baby resonates. Mark Childress is a writer of almost uncanny stylistic ability and clear vision. His eye for detail is extraordinary. It makes you want to holler Oh yeah! like a guy who's gotten religion at a riverside camp meeting. It's close; it's luxurious in its rightness; it fulfills the central demand of art...to make us see more in what we always thought we were seeing. -- Stephen King *A haunting first novel...*There is a clear light of genuine story-telling talent shining through it all. -- Library Journal In an impressive debut, Childress has produced a spellbinding tale in the Southern gothic tradition. A writer of poetic acuity, he evokes the atmospher of a small Southern town and brings its inhabitants to life through their colorful, softly cadenced speech. Childress's remarkable command of language -- he uses imagery with sensuous skill -- his sure sense of plot, fueled by mysticism and mystery, and most of all, his beautifully nuanced depiction of Stella's coming of age, will keep readers enthralled. -- Publishers Weekly That rarest of finds, an unsentimental coming-of-age story, *A World Made of Fire* is also an engrossing mystery. Wrapped in its tale of voodoo and midnight rides is a detailed bestiary of human emotions and behaviors. San Francisco Chronicle Mark Childress's first novel is a complex allegory of pagan magic and Christian retribution... Mr. Childress writes his haunting novel with poetic cadences in brief, intense chapters. He is an author of imagination. Stella's coming of age in grief and loneliness

is drawn with graceful authenticity. -- Valerie Miner, The New York Times Book Review A startlingly original first novel. Not only do a great many marvelous things happen, they do so in a time and place so untapped that Childress is able to claim the territory as his alone. He has marked himself, at the tender age of twenty-six, as a major new fictional voice. -- Bruce van Wyngarden, Saturday Review

NEW YORK TIMES BESTSELLER • Ali Wong's heartfelt and hilarious letters to her daughters (the two she put to work while they were still in utero) cover everything they need to know in life, like the unpleasant details of dating, how to be a working mom in a male-dominated profession, and how she trapped their dad. "Knife-sharp . . . a genuine pleasure."—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • Variety • Chicago Tribune • Glamour • New York In her hit Netflix comedy special *Baby Cobra*, an eight-month pregnant Ali Wong resonated so strongly that she even became a popular Halloween costume. Wong told the world her remarkably unfiltered thoughts on marriage, sex, Asian culture, working women, and why you never see new mom comics on stage but you sure see plenty of new dads. The sharp insights and humor are even more personal in this completely original collection. She shares the wisdom she's learned from a life in comedy and reveals stories from her life off stage, including the brutal single life in New York (i.e. the inevitable confrontation with erectile dysfunction), reconnecting with her roots (and drinking snake blood) in Vietnam, tales of being a wild child growing up in San Francisco, and parenting war stories. Though addressed to her daughters, Ali Wong's letters are absurdly funny, surprisingly moving, and enlightening (and gross) for all. Praise for *Dear Girls* "Fierce, feminist, and packed with funny anecdotes."—Entertainment Weekly "[Wong] spins a volume whose pages simultaneously shock and satisfy. . . . Dear Girls is not so much a real-talk handbook as it is a myth-puncturing manifesto."—Vogue "[A] refreshing, hilarious, and honest account of making a career in a male-dominated field, dating, being a mom, growing up, and so much more...Yes, this book is addressed to Wong's daughters, but every reader will find nuggets of wisdom and inspiration and, most important, something to laugh at."—Bustle

Colton Masters: I have no idea why I'm being so rude to her. She hasn't done anything wrong to me. She seems nice actually, sweet. She's attractive, that's for sure, but she certainly isn't trying to capitalize on it. A baggy sweatshirt and a pair of jeans? Maybe it's the UGGs that get under my skin. The screaming designer label on her sweatshirt. Maybe it's the fact that I haven't stopped fantasizing about what she might look like underneath it. Lauren Percy: Why is he being so rude to me? He has a face that has that boy charm. Dimples, big brown eyes, sandy hair, clear skin. But as I travel to his chest, I can see this is no innocent boy. Through his white t-shirt that grips his biceps, I

see the black ink of tattoos. Where I come from, I have never seen a tattoo up close and personal. His hands are calloused, his fingernails slightly bitten, and he has a slight scar on his collarbone, but it's hard to see under the hemp choker he's wearing. He's sexy as hell. Colton Masters: "You done staring, Princess?" Lauren Percy: Damn it. NATIONAL BESTSELLER • The Booker Prize-winning, bestselling author of *Midnight's Children* and *The Satanic Verses* combines a ferociously witty family saga with a surreally imagined and sometimes blasphemous chronicle of modern India and flavors the mixture with peppery soliloquies on art, ethnicity, religious fanaticism, and the terrifying power of love. "Fierce, phantasmagorical ... a huge, sprawling, exuberant novel." —The New York Times Moraes "Moor" Zogoiby, the last surviving scion of a dynasty of Cochin spice merchants and crime lords, is also a compulsive storyteller and an exile. As he travels a route that takes him from India to Spain, he leaves behind a tale of mad passions and volcanic family hatreds, of titanic matriarchs and their mesmerized offspring, of premature deaths and curses that strike beyond the grave.
