### **Words You Don't Want to Hear During Your Annual Performance Review**

Harper Collins  
From the creator of  
Dilbert and author of  
Win Bigly, a guide to  
spotting and avoiding  
loserthink: sneaky  
mental habits trapping  
victims in their own  
bubbles of reality. If

you've been on social  
media lately, or turned  
on your TV, you may  
have noticed a lot of  
dumb ideas floating  
around. "We know  
when history will  
repeat and when it  
won't." "We can tell the  
difference between  
evidence and  
coincidences." "The  
simplest explanation is  
usually true." Wrong,  
wrong, and dangerous!  
If we're not careful,  
loserthink would have

us believe that every Trump supporter is a bigoted racist, addicts should be responsible for fixing the opioid epidemic, and that your relationship fell apart simply because you chewed with your mouth open. Even the smartest people can slip into loserthink's seductive grasp. This book will teach you how to spot and avoid it--and will give you scripts to respond when hollow arguments are being brandished against you, whether by well-intentioned friends, strangers on the internet, or political pundits. You'll also learn how to spot the underlying causes of loserthink, like the inability to get ego out of your decisions, thinking with words instead of reasons,

failing to imagine alternative explanations, and making too much of coincidences. Your bubble of reality doesn't have to be a prison. This book will show you how to break free--and, what's more, to be among the most perceptive and respected thinkers in every conversation.

Optimism Sounds Exhausting Andrews McMeel Publishing

Back after a four-year hiatus, New York Times bestselling author Scott Adams presents an outrageous look at work, home and everyday life in his new book, *Dilbert and the Way of the Weasel*. Building on Dilbert's theory that 'All people are idiots', Adams now says, 'All people are idiots. And they are also weasels.' Just ask

anyone who worked at Enron. In this book, Adams takes a look into the Weasel Zone, the giant grey area between good moral behaviour and outright felonious activities. In the Weasel Zone, where most people reside, everything is misleading, but not exactly a lie. Building on his popular comic strip, Adams looks into work, home and everyday life and exposes the way of the weasel for everyone to see. With appearances from all the regular comic strip characters, Adams and Dilbert are at the top of their game - master satirists who expose the truth while making us laugh our heads off.

Dilbert encounters "chaos" management, telecommuting, dress codes, e-mail chain letters, and inspirational slogans, while Dogbert becomes a supermodel  
*I Sense a Coldness to Your Mentoring* Andrews McMeel Publishing  
The boss. Everyone has one, and all of every boss's worst traits are embodied in The Boss in Dilbert. In *I Sense a Coldness to Your Mentoring*, the ongoing torture that The Boss wreaks on his helpless underlings is played out in full. From a total lack of mentoring skills to clueless budget requests and pointless, mind-numbing endless meetings, The Boss makes office life for

Dilbert, Wally, Alice, and his secretary a living hell with cubicle walls.

The National Book Award finalist and debut novel by the bestselling author of The Dinner Party: "A readymade classic of the office-novel genre. . . . A truly affecting novel about work,

trust, love, and loneliness." --Seattle Times No one knows us quite the same way as the men and women who sit beside us in department meetings and crowd the office refrigerator with their labeled yogurts. Every office is a family of sorts, and the ad agency Joshua Ferris brilliantly depicts in his debut novel is family at its strangest and best, coping with a business downturn in the time-honored way: through gossip, pranks, and increasingly frequent coffee breaks. With a demon's eye for the details that make life worth noticing, Joshua Ferris tells a true and funny story about survival in life's strangest environment-the one we pretend is normal five days a week.

*Positive Attitude*

Metropolitan Books

The latest book by Chad Carpenter is 160 pages and includes nearly 400 full-color comic strips, and some of them are actually funny this time!

The Office Is a Beautiful Place When Everyone Else Works from Home Andrews

McMeel Publishing

A collection of the widely read comic strip captures the reality of the nine-to-five worker--from the techno-man stuck in a dead-end job to the trash collector who knows everything about everything--offering a dead-on depiction of office life. Original.

Dilbert and the Way of the Weasel Andrews

McMeel Publishing

Thirty years ago, Dilbert burst onto the funny pages with a

bleak, sardonic depiction of the modern workplace. In the time since Dilbert's launch in newspapers in 1989, it has become the most popular strip about office humor in history, a hilarious tonic for bored and oppressed business professionals, and a reliable source of laughter for comics fans everywhere.

*Dilbert Turns 30* celebrates Scott Adams's brilliant career with a new collection of comics and a personal introduction by the author. Also included is a bonus section featuring 50 of the most popular Dilbert comics from the past 10 years.

The "brilliantly realized" (The New

York Times Book Review) breakthrough novel from visionary author Neal Stephenson, a modern classic that predicted the metaverse and inspired generations of Silicon Valley innovators Hiro lives in a Los Angeles where franchises line the freeway as far as the eye can see. The only relief from the sea of logos is within the autonomous city-states, where law-abiding citizens don't dare leave their mansions. Hiro delivers pizza to the mansions for a living, defending his pies from marauders when necessary with a matched set of samurai swords. His home is a shared 20 X 30 U-Stor-It. He spends most of his time goggled in to the

Metaverse, where his avatar is legendary. But in the club known as The Black Sun, his fellow hackers are being felled by a weird new drug called Snow Crash that reduces them to nothing more than a jittering cloud of bad digital karma (and IRL, a vegetative state). Investigating the Infocalypse leads Hiro all the way back to the beginning of language itself, with roots in an ancient Sumerian priesthood. He'll be joined by Y.T., a fearless teenaged skateboard courier. Together, they must race to stop a shadowy virtual villain hell-bent on world domination. [Try Rebooting Yourself](#)

If your company's goal is to become fast, responsive, and agile,

more efficiency is not the answer--you need more slack. Why is it that today's superefficient organizations are ailing? Tom DeMarco, a leading management consultant to both Fortune 500 and up-and-coming companies, reveals a counterintuitive principle that explains why efficiency efforts can slow a company down. That principle is the value of slack, the degree of freedom in a company that allows it to change.

Implementing slack could be as simple as adding an assistant to a department and letting high-priced talent spend less time at the photocopier and more time making key decisions, or it could mean designing workloads that allow

people room to think, innovate, and reinvent themselves. It means embracing risk, eliminating fear, and knowing when to go slow. Slack allows for change, fosters creativity, promotes quality, and, above all, produces growth. With an approach that works for new- and old-economy companies alike, this revolutionary handbook debunks commonly held assumptions about real-world management, and gives you and your company a brand-new model for achieving and maintaining true effectiveness.

### **The Dilbert Principle**

Andrews McMeel Publishing  
Dilbert and his co-workers encounter the

usual incompetent management practices, indecipherable project acronyms, heartless H.R. directors, and restrictive office rules

### **Random Acts of Management**

Andrews McMeel Publishing  
Another collection of comics about the workplace antics of Dilbert and his co-workers.

*Slack* Andrews McMeel Pub

Dilbert, the cubicle-dwelling drone, is at his satirical best with this new collection of cartoons. Dilbert has managed to keep up with technology like iPads and Twitter over the years, as well as advanced systems like the Disaster Preparedness Plan that has its followers eating the crumbs from their keyboards. It doesn't

get any more sophisticated than that. It's an office code violation to be this good after so many years, but Dilbert keeps doing what he does best: passive-aggressively out-witting his superiors and exercising conflict avoidance. And he is so good. No wonder office drones and workforce automatons alike can't resist the cold embrace of Dilbert's workplace.

*Don't Step in the Leadership* Andrews McMeel Publishing

Another collection of comics about the workplace antics of Dilbert and his co-workers.

*The Arab of the Future* 4 Penguin

The Dilbert Principle is an inside view of bosses, meetings, management fads and other workplace afflictions. Scott Adams

examines even more bizarre and hilarious situations in the world of work with growing absurdity. In twenty-six provocative, illustrated chapters, Adams reveals the secrets of management in every company, including; swearing your way to success, faking quality, trolls in the accounting department, humiliation as a management tool, selling bad products to stupid people and more! 'A roaring success' Daily Telegraph.

*How's That Underling Thing Working Out for You?* Andrews McMeel Publishing

Why My Cat Is More Impressive Than Your Baby is chockfull of comics about cats, babies, dogs, lasers, selfies, and pigeons! This book contains a

vast wealth of never-before-seen comics, including informative guides, such as: How to comfortably sleep next to your cat 10 ways to befriend a misanthropic cat How to hold a baby when you are not used to holding babies A dog's guide to walking a human being How to

cuddle like you mean it Includes a pull-out poster of: How to tell if your cat thinks you're not that big of a deal. Snow Crash Andrews
