In On
Decoloniality
Walter D.
Mignolo and
Catherine E.
Walsh explore
the hidden

forces of the
colonial matrix
of power, its
origination,
transformation
, and current
presence,
while asking

the crucial questions of decoloniality's how, what, why, with whom, and what for. Interweaving theory-praxis with local histories and perspectives of struggle, they illustrate the conceptual and analytic dynamism of decolonial ways of living and thinking, as well as the creative force of resistance and re-existence. This book speaks to the urgency of these times, encourages delinkings

from the colonial matrix of power and its "universals" of Western modernity and global capitalism, and engages with arguments and struggles for dignity and life against death, destruction, and civilizational despair. Kill the Father Macmillan To the residents of Miguel Street, a derelict corner of Trinidad's capital, their neighbourhood is a complete

world, where everybody is quite different from everybody else. There's Popo the carpenter, who neglects his livelihood to build "the thing without a name;" Man-man, who goes from running for public office to staging his own crucifixion; Big Foot, the dreaded bully with glass tear ducts; and the lovely Mrs. Hereira, in thrall to her monstrous husband. Their lives (and the legends their

neighbours
construct
around them)
are rendered
by V. S.
Naipaul with
Dickensian
verve and
Chekhovian
compassion in
this tender,
funny novel.

In 1571, Diego
Ortiz, an
Augustinian
friar, was
executed in
the neo-Inca
state of
Vilcabamba
(Peru). His
killing, and the
events
surrounding it,
marked the
final
destruction of
the Inca
Empire by the
Spanish and
the definitive
imposition of a
new order on
the continent
of the
Americas.

Ortiz's story
was recorded
by the
chronicler and
fellow
Augustinian,
Antonio de la
Calancha, in
his *Corónica
moralizada*
(1638). He
describes
Ortiz's
missionary
work and
recounts his
often-fractious
relationship
with the
emperor Titu
Cusi Yupanqui
before turning
to his
martyrdom,
the
destruction of
Vilcabamba by
the Spanish,
and the
capture and
execution of
the last Inca

emperor
Tupac Amaru.
Calancha's
account,
meanwhile,
exposes a

Times How
can we make
intelligent
decisions

about our increasingly technology-driven lives if we don't understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific thinking is critical not only to the pursuit of truth but to the very well-being of our democratic institutions. Casting a wide

net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today's so-called information age, pseudoscience is burgeoning with stories of alien abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As Sagan

demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for *The Demon-Haunted World* "Powerful . . . A stirring defense of informed rationality. . . Rich in surprising information and beautiful writing."—*The Washington Post Book World* "Compelling."

Governing the Galleys St. Martin's Press
 “[Le Carré’s] novels are so brilliant because they’re emotionally and psychologically absolutely

true, but of course they’re novels.”
 —New York Times Book Review A thrilling tale for our times from the undisputed master of the spy genre Nat, a 47 year-old veteran of Britain’s Secret Intelligence Service, believes his years as an agent runner are over. He is back in London with his wife, the long-suffering Prue. But with the growing threat from Moscow Centre, the office has one

more job for him. Nat is to take over The Haven, a defunct substation of London General with a rag-tag band of spies. The only bright light on the team is young Florence, who has her eye on Russia Department and a Ukrainian oligarch with a finger in the Russia pie. Nat is not only a spy, he is a passionate badminton player. His regular Monday evening opponent is half his age:

the introspective and solitary Ed. Ed hates Brexit, hates Trump and hates his job at some soulless media agency. And it is Ed, of all unlikely people, who will take Prue, Florence and Nat himself down the path of political anger that will ensnare them all. Agent Running in the Field is a chilling portrait of our time, now heartbreaking, now darkly humorous, told to us with unflagging tension by the

greatest chronicler of our age. **Strong Verbs for Fiction Writers** Blake Pierce Set in Lima, the novel tells of a love story whose participants may be the fictional characters of Don Rigoberto. With his usual sly assurance, Vargas Llosa keeps the reader guessing which episodes are real and which issue from the Don's imagination; the resulting novel, an aggregate of

reality and fantasy, is sexy, funny, disquieting, and unfailingly compelling. *A Dog's Promise* University of California International & Known for much of the nineteenth century as "the ever-faithful isle," Cuba did not earn its independence from Spain until 1898, long after most American colonies had achieved emancipation from European rule. In this

groundbreaking history, David Sartorius explores the relationship between political allegiance and race in nineteenth-century Cuba. Challenging assumptions that loyalty to the Spanish empire was the exclusive province of the white Cuban elite, he examines the free and enslaved people of African descent who actively supported colonialism. By claiming loyalty, many

black and mulatto Cubans attained some degree of social mobility, legal freedom, and political inclusion in a world where hierarchy and inequality were the fundamental lineaments of colonial subjectivity. Sartorius explores Cuba's battlefields, plantations, and meeting halls to consider the goals and limits of loyalty. In the process, he makes a bold call for fresh

perspectives on imperial ideologies of race and on the rich political history of the African diaspora. [The Perfect Wife \(A Jessie Hunt Psychological Suspense Thriller—Book One\)](#) Mediterranean Reconfigurations Open wide! Dentists care for people's teeth. use, and how people get this exciting job.
Happy Hour
Human Rights Watch
'A superb work of narrative history'
Antonia Fraser
On 25 September 1513, a force of weary Spanish explorers cut through the forests of Panama and were confronted with an ocean: the Mar del Sur, or the Pacific Ocean. Six years later the Spaniards had established the town of

Panama as a base from which to explore and exploit this unknown sea. It was the threshold of a vast expansion. From the first small band of Spanish adventurers to enter the mighty Inca empire, to the execution of the last Inca forty years later, The Conquest of the Incas is a story of bloodshed, infamy, rebellion and extermination, told as convincingly as if it happened

yesterday. 'It is a delight to praise a book of this quality which combines careful scholarship with sparkling narrative skill' Philip Magnus, Sunday Times
'A superbly vivid history' The Times

A Dog's Promise continues the story of Bailey, the good dog whose journey started in A Dog's Purpose and continued in A Dog's Journey (both major motion

pictures). This time, Bailey is joined by Lacey, another very special dog, who helps Bailey fulfill his promise over the course of several lives. This charming, wise canine soul brings joy, laughter, and comfort as he unites a family fractured by life's inevitable obstacles. The love and loyalty of these two memorable dogs shows us the incredible power of hope, truth, and unending

devotion in this moving novel by award-winning author W. Bruce Cameron. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Upside Down Verlag
Barbara Budrich
From the winner of the first Lannan Prize for Cultural Freedom, a bitingly funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo

Galeano, author of the incomparable Memory of Fire Trilogy, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in Upside Down, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of

study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation,

carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, Upside Down makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by

intelligence, an ineradicable sense of humor, and hope." -Los Angeles Times, front page

way, even the storyteller she raised as her own son. *Cry of the Wind* is the second book of the Storyteller Trilogy, which also includes *Song of the River and Call Down the Stars*.

Cry of the Wind Duke University Press
First published in Rome in 1535, Leone Ebreo's *Dialogues of Love* is one of the most important texts of the European Renaissance. Well known in the Italian academies of

the sixteenth century, its popularity quickly spread throughout Europe, with numerous reprintings and translations into French, Latin Spanish, and Hebrew. It attracted a diverse audience that included noblemen, courtesans, artists, poets, intellectuals, and philosophers. More than just a bestseller, the work exerted a deep influence over the centuries on figures as diverse as

Giordano Bruno, John Donne, Miguel de Cervantes, and Baruch Spinoza. Leone's *Dialogues* consists of three conversations - 'On Love and Desire,' 'On the Universality of Love,' and 'On the Origin of Love' - that take place over a period of three subsequent days. They are organized in a dialogic format, much like a theatrical representation, of a conversation

between a man, Philo, who plays the role of the lover and teacher, and a woman, Sophia, the beloved and pupil. The discussion covers a wide range of topics that have as their common denominator the idea of Love. Through the dialogue, the author explores many different points of view and complex philosophical ideas. Grounded in a distinctly Jewish tradition, and drawing on

Neoplatonic philosophical structures and Arabic sources, the work offers a useful compendium of classical and contemporary thought, yet was not incompatible with Christian doctrine. Despite the unfinished state and somewhat controversial, enigmatic nature of Ebreo's famous text, it remains one of the most significant and influential works in the history of Western

thought. This new, expertly translated and annotated English edition takes into account the latest scholarship and provides an invaluable resource for today's readers. *Ever Faithful* University of Toronto Press Forensic reconstructionist Rory Moore sheds light on cold-case homicides by piecing together crime scene details others fail to see. Cleaning out her late father's law office after his

burial, she receives a call that plunges her into a decades-old case . . . In the summer of 1979, five Chicago women went missing. The predator, nicknamed The Thief, left no bodies or clues behind—until police received a package from a mysterious woman named Angela Mitchell, whose unorthodox investigations appeared to unmask the killer. Then Angela disappeared

without a trace. Forty years later, The Thief is about to be paroled for Angela's murder. But the cryptic file Rory finds in her father's law office suggests there is more to the case. Making one startling discovery after another, Rory becomes helplessly entangled in the enigma of Angela Mitchell and what happened to her. As she continues to dig, even Rory can't be prepared for

the full, terrifying truth that is emerging . . . *Conquest of the Incas* Metropolitan Books Era el mejor inspector de Madrid encontrando a personas desaparecidas . Un trágico accidente acabó con su carrera. Ahora es detective privado. Investigando una aparente infidelidad matrimonial, Maldonado se involucra en un siniestro crimen rodeado de mentiras que hará peligrar su reputación

y la de uno de sus mejores amigos. Tendrá que sacrificar su vida para resolver el caso que acabará con sus problemas personales. Una Mentira Letal es la primera entrega del detective Javier Maldonado, el nuevo	personaje de Pablo Poveda. Una novela negra contemporánea, cargada de suspense, misterio, pulp y acción. Autor finalista del Premio Literario Amazon 2018 y 2020, y autor de las series Caballero, Dana Laine, Rojo o El Misterio de la	Familia Fonseca. Miles de lectores en España y Latinoamérica ya han disfrutado con sus novelas. Sus novelas de misterio e intriga permiten a los lectores 'ponerse en la piel de otro', accediendo a una vida distinta - La Vanguardia.
