NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUZZFEED • ALEX AWARD WINNER • New York Times bestselling author Joe Abercrombie's thrilling series continues in the follow-up to Half a King, which George R. R. Martin hailed as "a fast-paced tale of betrayal and revenge that grabbed me from page 1 and refused to let go." "The Shattered Seas trilogy has worked its way into a very exclusive group of my favorite fantasy novels of all time."—James Dashner, #1 New York Times bestselling author of The Maze Runner Sometimes a girl is touched by Mother War. Thorn is such a girl. Desperate to avenge her dead father, she lives to fight. But she has been named a murderer by the very man who trained her to kill. Sometimes a woman becomes a warrior. She finds herself caught up in the schemes of Father Yarvi, Gettland's deeply cunning minister. Crossing half the world to find allies against the ruthless High King, she learns harsh lessons of blood and deceit. Sometimes a warrior becomes a weapon. Beside her on the journey is Brand, a young warrior who hates to kill, a failure in his eyes and hers, but with one chance at redemption. And weapons are made for one purpose. Will Thorn

forever be a pawn in the hands of the powerful, or can she carve her own path? Praise for *Half the World* “An excellent page-turner . . . full of drama and energy.”—New York Daily News “Another entertaining burst of battle, magic and political machinations from the always reliable Joe Abercrombie . . . a thoroughgoing blast, a violent, beautiful rabbit hole of craft that is well worth disappearing into.”—Shelf Awareness “Compelling . . . [Thorn] makes Katniss Everdeen look like Dorothy Gale.”—Chicago Tribune “Splendid . . . Abercrombie has a knack for building characters with pathos and wit. . . . The fast-paced story draws readers along while setting up what promises to be an explosive final showdown.”—Publishers Weekly “Clever, exciting and unexpected.”—SFF World Praise for Joe Abercrombie’s *Half a King* “Half a King is my favorite book by Joe Abercrombie so far, and that’s saying something.”—Patrick Rothfuss “As in all Abercrombie’s books, friends turn out to be enemies, enemies turn out to be friends; the line between good and evil is murky indeed; and nothing goes quite as we expect. With eye-popping plot twists and rollicking good action, *Half a King* is definitely a full adventure.”—Rick Riordan “Enthralling! An up-all-night read.”—Robin Hobb “Polished and sharp, perhaps his most technically proficient novel yet . . . I dare you to read the first chapter and try not to turn the next page.”—Brent Weeks “Half a King can be summed up in a single word: masterpiece. It’s a coming-of-age story. It’s a Viking saga. It’s a revenge tale and family drama and the return of the prodigal son. But most of all, it’s this: a short time alongside people as weak and blundering as we are and, in the midst of it all, as heroic. Far too short a time, as it turns out. What a wonderful book.”—Myke Cole “Half a King

is full of all the adventure I’ve come to expect from Abercrombie and a tenderness I never knew he had.”—Sam Sykes

Everybody knows the legend of Captain Kidd, America's most ruthless buccanner. Few people realize that the facts of his life make for a much better tale. Kidd was actually a tough New York sea captain hired to chase pirates, a married war hero whose secret mission took a spectacularly bad turn. This harrowing tale traces Kidd's voyages in the 1690s from his home near Wall Street to Whitehall Palace in London, from the ports of the Caribbean to a secret pirate paradise off Madagascar. Author Richard Zacks, during his research, also unearthed the story of a long forgotten rogue named Robert Culliford, who dogged Kidd and led Kidd's crew to mutiny not once but twice. The lives of Kidd and Culliford play out like an unscripted duel: one man would hang in the harbor, the other would walk away with the treasure. Filled with superb writing and impeccable research, *The Pirate Hunter* is both a masterpiece of historical detective work and a ripping good yarn, and it delivers something rare: an authentic pirate story for grown-ups.

A World Away from IEPs Crown

"Half A World Away", inspired by true events, is an International

Suspense-Mystery-Romance of a man whose entire adult life becomes plagued by a series of unfortunate events, before his world begins to slowly become brighter. At one time, Jared Marchal was at the top of his game. He had the promising military and police careers he always wanted, was very well off financially, enjoyed a great marriage and later, welcomed a son on the way. Beginning with a tragedy no one should endure, Jared's perfect world progressively continues to crash around him. Jared becomes a writer by chance, and through an act of serendipity by his publisher, he is contacted by a fellow writer, Stasia, from Russia; an unlikely heroine who attempts to tear down the massive wall protecting his heart from any possibility of disappointment, as well as any happiness. Soon their love, a passion so newly developed, will be the only simple, uncomplicated aspect of their lives together. As the intrigue begins, a volatile secret surrounding Stasia and its potential to change the world, OPEC, and war as we now know it, in addition to her father's own military past, catapults them into an international event involving both their countries. Governments, double agents, betrayal and murder all intrude among the many twists you never see coming, as they collide forward into the story's climax. The spirit of their personalities also shines as the jokes they play on one another during their times together are a welcome relief, as well as some of the funniest situations ever written. Author, Lee E. Carter, through skillful adaptation of people from personal, military and law enforcement experiences, intertwines fiction and non-fiction to create the distinctive personalities and action sequences of "Half A World Away". Step outside of the IEPs and behavioral paperwork currently generated in schools, go where disabled people are thriving today, and see the results in learning, growth, and expression. This authoritative book offers readers alternative ways to think about learning and behavior in special education. Through illustrative case studies and a disability studies lens, author Erin McCloskey uses the voices of people with disabilities to show how these students progress creatively outside the classroom and school building--at the dojo, the riding arena, the theater stage, the music studio, and other community-centered spaces where disabled students can make choices about their learning, their bodies, and their goals. Balancing theory and practice, the book describes alternative learning spaces, demonstrates how disabled students learn there, and passes on the important lessons learned in each space. The ideas apply to students of all ages with a wide variety of disabilities. Book Features: Uses the voices of people with disabilities to promote alternative ways to think about learning and behavior in special education. Presents rich case studies and briefer interludes to illustrate how disabled students are learning and thriving in surprising ways outside of school where they have opportunities to explore. Distills important key takeaways from each case study through chapter sections of "lessons learned." Promotes informed discussion of the concepts in the book with questions at the end of each chapter. Combines theory and practice to help readers put the concepts into action in a variety of settings with a variety of disabled students.

Amaral's premise is that to understand Jesus, we must understand the time and place in which he was born, the background from which he drew his illustrations, and the audience he spoke to. Throughout the book he explores specific terms, places, and events for their significance and shows how they add richness and meaning to the text. --from publisher description

The Pirate Hunter Minnesota Historical Society Press

In 1991, five wannabe Mancunian musicians came together to form Oasis. The band went from obscurity to become a global phenomenon in the space of a year, achieving worldwide recognition and selling over 70 million records. Pre Oasis, drummer Tony McCarroll joined The Rain, linking up with guitarist Paul 'Bonehead' Arthurs, bassist Paul McGuigan and singer Chris Hutton. Hutton was later replaced by Liam Gallagher who in turn brought brother Noel along. What started out as five young lads with a common dream of becoming rock stars eventually disintegrated into in-fighting, clashes of egos and financial disputes. In 1995, following the release of Definitely Maybe -- the

fastest-selling debut album of all time -- things came to a head and Tony left the band. In this candid and hilarious book, Tony tells one of the most in-depth rock'n'roll stories of modern times: he reveals the truth about the early years before the band was even formed; he tells of the drug consumption and sexual activities and he talks of his much-publicised rift with Noel. Tony's recollections include stories involving David Beckham, Prince, Eric Cantona and John McEnroe. This is not the distorted truth that some may want you to believe -- this is the real story. Witty, revealing and fascinating, this book is a must-read for any worthwhile music fan.

Maud Hart Lovelace--internationally famed author of the Betsy-Tacy children's books--joined literary forces with her husband, Delos, to produce *Gentlemen from England*, first published in 1937. It's the fictionalized story of a real nineteenth-century English colony near Fairmont, Minnesota, located not far from Maud Lovelace's hometown of Mankato. Tales of the immigrant British men and women, striving to recreate English country estates on the Minnesota prairie, intrigued the Lovelaces. The authors' thorough research became the basis for this vivid novel of colorful fox hunts, festive balls, and English family life set on the huge bean farms bought from a land speculator. A new introduction by Borealis Books editor Sarah P. Rubinstein sketches the history of the English colony and tells how the Lovelaces worked together to bring it alive in this delightful book.

Money and Liberty in Modern Europe Lexington Books

A touching and surprising memoir about one woman's journey to motherhood and family that illustrates the power of love and

triumph of the human spirit. After three heartbreaking losses, Adrienne Arieff thought her dreams of becoming a mother might never come true. She and her husband soon discovered, however, that parenthood was still possible, but it would require a gift from a perfect stranger, faith and determination. Half a world away, in a small village in India, Vaina was happily married with three small children, but with little means to support her family or to build a better life. So Adrienne traveled to Anand, in a remote rural pocket of India near the Pakistani border, where the Akansksha clinic is located, to meet with Dr. Nayna Patel, an expert in surrogacy. There, Adrienne met Vaina, who courageously agreed to be a surrogate and carry Adrienne's child, an act which would, in turn, help Vaina to provide for her own children. After a course of IVF in India, Adrienne's role was just beginning in a process that as yet has no firm set of social mores. Unlike many genetic moms who return to their homes and wait for their baby to be born, Adrienne couldn't bear to have this pregnancy progress without her. She wanted to feel a connection both to her growing child and to Vaina, the woman who was offering this remarkable gift. So Adrienne decided to go back to Anand, to be Vaina's partner for the last months of her pregnancy. This choice brought its own heartaches and revelations, chief among them, how do you develop a relationship when you don't share a language or culture? But somehow these two mothers, united by a shared goal, found that within weeks, they could say anything and everything with just one look, one squeeze of the hand, one smile. Poignant, eye-opening, and bittersweet, *The Sacred Thread* is a memoir of the astonishing journey these two young women took to create a family through

international surrogacy. It is the very personal story of embarking upon this process, and shedding light on a growing medical trend that is often shrouded in misconception and prejudice. But, more importantly, *The Sacred Thread* is a tale of immersing oneself in a foreign culture and foreign land; becoming part of a group of expectant mothers, bonded by their hope for children, and following them on the euphoric highs and crushing lows of their journey; and the development of a deep bond between women who have absolutely nothing in common, except for a shared love of family and children.

In this hyperkinetic and relentlessly inventive novel, Japan's most popular (and controversial) fiction writer hurtles into the consciousness of the West. *Hard-Boiled Wonderland and the End of the World* draws readers into a narrative particle accelerator in which a split-brained data processor, a deranged scientist, his shockingly undemure granddaughter, Lauren Bacall, Bob Dylan, and various thugs, librarians, and subterranean monsters collide to dazzling effect. What emerges is simultaneously cooler than zero and unaffectedly affecting, a hilariously funny and deeply serious meditation on the nature and uses of the mind. From the Trade Paperback edition.

Dar es Salaam is the Abode of Peace, which Allah has promised to His righteous servants who follow the Straight Path of Allah. Dar es Salaam is the home of the Ummah, which extends in the East from the Muslim populations of the Philippines to the Atlantic coast of Africa and in the North its domains extend from the Muslim population of Russia to those of Indonesia to the South. Every place with a majority of Muslims constitutes the domain of Islam, the Abode of Peace. Believers within and outside the domain of Islam, have the right to the citizenship of the Dar es Salaam, and shall enjoy all the benefits and the obligations that go with such citizenship. Every home and every place of worship of Believers everywhere on earth constitute a piece of the Dar es Salaam. There is neither a border nor frontiers in the Dar es Salaam. Through obedience of Covenant of Allah, the Ummah is at this point of time ready to roll over artificial borders and barriers dividing the Dar es Salaam and to assume its executive

sovereignty over the land of Islam. The Ummah is prepared to establish the Covenant of Allah in the governance of its communities through peace, justice, consultation and consensus of the community. The greatest miracle of Islam is the Revelation and the preservation of the Divine Word, the Qur'an. The next greatest miracle is survival, and continuing expansion of the Ummah, through the centuries of tyrannical and turbulent Sultanic and colonial rule. In spite of the alien systems of governments of sultans and dictators, founded on self-aggrandizement and personal power, the common people and the community of Islam have continued to receive nurturing and spiritual enlightenment, through love of Allah and His Blessed Nabi. Holy men, sages, Sufi, and other humble religious teachers have continued to nurture the love of Allah in the heart of the people. They sought to teach and preach Taqwa of Allah and the knowledge of Allah in humility and sincerity. Insignificant raindrops fall on a parched land singly and disappear forever, the same rain drops in strength coalesce to form little streams, then little rivulets, then join together to become mighty rivers, flowing further dropping into powerful and majestic waterfalls, yet again, joining together with other rivers, lakes, and yet more hill torrents to end up in mighty oceans, ever increasing in size, in length, in depth, in power, yet at all times obedient to the will of Allah. An insignificant human without faith is like a drop of water on parched land. Yet the same human, a Believer strengthened by his Covenant with Allah joins others with the Covenant, to form a little community, that in unity with other Believers, in communion with Allah, in unity become the Ummah of the Believers around the world, a powerful united people, witness

over other nations with Allah and His Prophet witness over them. At the turn of the twenty-first century there are more Believers than ever in the history of mankind. These Believers of Allah are in Islam and in other religions. It is the obligation of every Muslim to commune with every Believer of Allah in the brotherhood of the people of Haqq.

In *EASTER AT TOBRUK* Christianity and war collide in an Australian context. With engaging candor the novel explores changing values in our society since the Second World War. The narrative focuses on two Easters, that of 1941 when Australian troops entered Tobruk in North Africa, and another fifty years later. The main character, Rob, finds himself caught in an improbable time-warp, breathing colour into events and characters too often rendered with historical dispassion.

Dia is a witch, a descendant of the ancient gods, and her world is one of endless cycles of murder and revenge and murder and revenge that had their origins in the dawn of history--the latest victims of those ancient feuds were her parents. And Dia's boyfriend, Jason... Suddenly, his world is one of endless

impossibilities. His girlfriend is a witch, a girl out of myth and legend who in ancient times would have been called a goddess. A girl who, when she's startled, small earthquakes happen. But together Dia and Jason try to find out why her parents were killed and, together, have to try to keep her alive. Dia is scared, not only for her own life, but of the near certainty that any effort to kill her would also kill Jason--he has no defenses at all against the overwhelming violence of which witches were capable. For his part, Jason is perfectly willing to die for Dia, and he knows it's likely that he will, but nothing's going to stop him from trying to help her survive.
