NEW RULES FOR A NEW BUSINESS WORLD

Thinking about starting a photography business? The first thing you need to know is that the rules have changed.

Yesterday's business models have collapsed. Creating a successful business in today's "Digi-Flat" era requires a sharp

new approach, one that Dane Sanders has practiced successfully and taught at Fast Track workshops and seminars all around the world. Some of the things you'll learn in this book: How to turn the very technologies that are "killing" professional photography—such as the Internet—into your tools of success -How to lead your business, not let your business lead you - How systematizing, scaling, and outsourcing are critical concepts even for a one-person business -How to radically rethink marketing, sales, and customer service for the 21st century -How to hone

a creative vision that works—the most powerful step you can take as a businessperson The Fast Track Photographer Business Plan is not about building a "traditional" business plan that looks good on paper and impresses investors. It's about creating a vibrant, living business plan that will help you thrive in today's digital "Wild West," where creative content is freely distributed, where no one plays by the rules anymore, and where customers have unprecedented freedom in choosing what to buy and whom to hire. It's a groundbreaking look at

running a creative business. Whether you're an amateur looking to go pro or a professional whose business has stalled, Dane's practical, on-the-ground advice will launch you on the fast track to business success. Includes free access to Dane's online "stress test" to diagnose your business's strengths—as well as where it needs help!

'Grey Cobalt' by Felicia Honkasalo bases itself around a collection of artefacts steeped in the landscape and history of her native Finland. In a sequence of delicately arranged images, 'Grey Cobalt' contains both a meditation on the legacy left by her metallurgist grandfather and a larger, sweeping narrative of how different orders of time and memory impress themselves upon the land, like a palimpsest. Now ?rearranged and newly ordered, like a cabinet of curiosities?, together these images form a tactile

experience of a lost world. Honkasalo creates multiple narratives from seemingly disparate objects, forming alternative cosmologies from her own observations and sense of the distant past. A selection of notes written by Felicia's grandfather, and expanded upon by herself, are included as epilogue and reflection upon the book and the objects exhibited; a musing on the historical moment in which they were created and the present they in turn disrupt.0Through this sequence of images juxtaposing and complimenting one another, 'Grey Cobalt' obliquely connects personal, historical and geological traces across space and time. An accompanying long form prose piece by Ada Smailbegovic expands these traces further, using images and a fragmentary style to conjure an invisible world of objects and places.00Exhibition: Webber Gallery, London, UK (10.01.-15.02.2019). The sequel to Flat-Out Sexy, starring a bad boy race car driver hero who's met his match—from a hot USA Today bestselling author. Grad student Imogen Wilson

realizes she's hit on the perfect thesis for her sociology degree. If she follows the so-called "rules" on how to get a man, can she steer her way into the world and hearts of stock race car drivers, and establish their dating- and mating-patterns? Although sexy and reckless racer Ty McCordle is the ideal test subject, Imogen knows that for the sake of science, she can't give in to her growing attraction for him. Yet he's the one who's chasing after her, and Imogen realizes that she actually wants to be caught. A southern gentleman like Ty will satisfy all her curiosity-and make all the risks worthwhile...

Whether you prefer the term retro, vintage, or "old skool," next-generation photographers are already reacting to the

established digital norm and actively seeking out something more soulful and personal than the pixel-pushing, quick-fix of the digital age. *Mastering Film Photography* is a fast-track guide to shooting emulsion in the digital age. After a crash course in how film works and how to choose the ideal camera to use it with, readers will learn how to overcome the challenges of getting the exposure right when there's no instant feedback; how to use flash systems in the pre-TTL era; and the importance of filters before Instagram; as well as exploring the creative world of lensless photography. With profiles of leading film practitioners along the way, the book is rounded off with a guide to the traditional, digital, and hybrid processing options that will enable you to make the most of your negatives and slides.

Raymond Chandler was among the most original and enduring crime novelists of the twentieth century. Yet much of his pre-writing life, including his unconventional marriage, has remained shrouded in mystery. In this compelling, wholly original book, Judith Freeman sets out to solve the puzzle of who Chandler was and how he

became the writer who would create in Philip Marlowe an icon of American culture. Visiting Chandler's many homes and apartments, Freeman uncovers vestiges of the Los Angeles that was Chandler's terrain and inspiration for his imagination. She also uncovers the life of Cissy Pascal, the older, twice-divorced woman Chandler married in 1924. A revelation of a marriage that was a wellspring of need, illusion, and creativity, *The Long Embrace* provides us with a more complete picture of Raymond Chandler's life and art than any we have had before.

*The Long Embrace* Penguin

Explains why the environmental crisis should lead to an abandonment of "free market" ideologies and current political systems, arguing that a massive reduction of greenhouse emissions may offer a best chance for correcting problems.

From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after

they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you,

all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

365 Sports Cars You Must Drive puts you in the driver's seat of a century's worth of sports car legends (and a few rather less legendary), each presented with a fun and informative profile and fact-and-spec box. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase "getting there is half the fun" must have owned a sports car. And the wag who suggested that "it's the journey not the destination"? Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche, and Corvette to everyman sportsters from Triumph, MG, Sunbeam, and Miata to oddballs like Crosley, Sabra, and DB, sports cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road & Truck magazine chief photographer John Lamm, along with other top motoring contributors, gives the reader illustrated profiles of every sports car you've ever dreamed of driving! Now, imagine if you could drive a different sports car—any sports car—every single day for a year. Which would you choose?

The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control our behavior. In this masterwork of original thinking and research, Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism. The stakes could not be higher: a global architecture of behavior modification threatens human nature in the twenty-first century just as industrial capitalism disfigured the natural world in the twentieth. Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector. Vast wealth and power are accumulated in ominous new "behavioral futures markets," where predictions about our behavior are bought and sold, and the production of goods and services is subordinated to a new "means

of behavioral modification." The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture: a "Big Other" operating in the interests of surveillance capital. Here is the crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight. Zuboff's comprehensive and moving analysis lays bare the threats to twenty-first century society: a controlled "hive" of total connection that seduces with promises of total certainty for maximum profit -- at the expense of democracy, freedom, and our human future. With little resistance from law or society, surveillance capitalism is on the verge of dominating the social order and shaping the digital future -- if we let it.

**BESTSELLER\*\*** "An unforgettable—and Hollywood-bound—new thriller... A mix of Hitchcockian suspense, Agatha Christie plotting, and Greek tragedy." —Entertainment Weekly *The Silent Patient* is a shocking psychological thriller of a woman's act of violence against her husband—and of the therapist obsessed with uncovering her motive. Alicia Berenson's life is seemingly perfect. A famous painter married to an in-demand fashion photographer, she lives in a grand house with big windows overlooking a park in one of London's most desirable areas. One evening her husband Gabriel returns home late from a fashion shoot, and Alicia shoots him five times in the face, and then never speaks another word. Alicia's refusal to talk, or give any kind of explanation, turns a domestic tragedy into something far grander, a mystery that captures the public imagination and casts Alicia into notoriety. The price of her art skyrockets, and she, the silent patient, is hidden away from the tabloids and spotlight at the Grove, a secure forensic unit in North London. Theo Faber is a criminal psychotherapist who has waited a long time for the opportunity to work with

Alicia. His determination to get her to talk and unravel the mystery of why she shot her husband takes him down a twisting path into his own motivations—a search for the truth that threatens to consume him....

A blazingly intelligent first book of essays from the award-winning author of *Open City* and *Every Day Is for the Thief* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** Time • The Guardian • Harper's Bazaar • San Francisco Chronicle • The Atlantic • Financial Times • Kirkus Finalist for the PEN/Diamonstein-Spielvogel Award for the Art of the Essay and PEN/Jean Stein Book Award With this collection of more than fifty pieces on politics, photography, travel, history, and literature, Teju Cole solidifies his place as one of today's most powerful and original voices. On page after page, deploying prose dense with beauty and ideas, he finds fresh and potent ways to interpret art, people, and historical moments, taking in subjects from Virginia Woolf, Shakespeare, and W. G. Sebald to Instagram, Barack Obama, and Boko Haram. Cole brings us new considerations

of James Baldwin in the age of Black Lives Matter; the African American photographer Roy DeCarava, who, forced to shoot with film calibrated exclusively for white skin tones, found his way to a startling and true depiction of black subjects; and (in an essay that inspired both praise and pushback when it first appeared) the White Savior Industrial Complex, the system by which African nations are sentimentally aided by an America “developed on pillage.” Persuasive and provocative, erudite yet accessible, *Known and Strange Things* is an opportunity to live within Teju Cole’s wide-ranging enthusiasms, curiosities, and passions, and a chance to see the world in surprising and affecting new frames. Praise for *Known and Strange Things* “On every level of engagement and critique, *Known and Strange Things* is an essential and scintillating journey.”—Claudia Rankine, *The New York Times Book Review* (Editors’ Choice) “A heady mix of wit, nostalgia, pathos, and a genuine desire to untangle the world, or at the least, to bask in its unending riddles.”—*The Atlantic* “Brilliant. . . [*Known and Strange Things*] reveals Cole’s extraordinary talent and his

capacious mind.”—*Time* “[*Known and Strange Things*] showcases the magnificent breadth of subjects [Cole] is able to plumb with . . . passion and eloquence.”—*Harper’s Bazaar* “[Cole is] one of the most vibrant voices in contemporary writing.”—*LA Times* “Cole has fulfilled the dazzling promise of his novels *Every Day Is for the Thief* and *Open City*. He ranges over his interests with voracious keenness, laser-sharp prose, an open heart and a clear eye.”—*The Guardian* “Remarkably probing essays . . . Cole is one of only a very few lavishing his focused attention on that most approachable (and perhaps therefore most overlooked) art form, photography.”—*Chicago Tribune* “There’s almost no subject Cole can’t come at from a startling angle. . . . His [is a] prickly, eclectic, roaming mind.”—*The Boston Globe* “[Cole] brings a subtle, layered perspective to all he encounters.”—*Vanity Fair* “In page after page, Cole upholds the sterling virtue of good writing combined with emotional and intellectual engagement.”—*The New Statesman* “[*Known and Strange Things* possesses] a passion for justice, a deep sympathy for

the poor and the powerless around the world, and a fiery moral outrage.”—*Poets and Writers*

Introducing Claudia Lin: a sharp-witted amateur sleuth for the 21st century. This debut novel follows Claudia as she verifies people’s online lives, and lies, for a dating detective agency in New York City. Until a client with an unusual request goes missing. . . . “The world of social media, big tech and internet connectivity provides fertile new ground for humans to deceive, defraud and possibly murder one another. . . . Well rendered and charming. . . . Original and intriguing.” —*The New York Times Book Review* Claudia is used to disregarding her fractious family’s model-minority expectations: she has no interest in finding either a conventional career or a nice Chinese boy. She’s also used to keeping secrets from them, such as that she prefers girls—and that she’s just been stealth-recruited by Veracity, a referrals-only online-dating detective agency. A lifelong mystery reader who wrote her senior thesis on Jane Austen, Claudia believes she’s landed her ideal job. But

when a client vanishes, Claudia breaks protocol to investigate—and uncovers a maelstrom of personal and corporate deceit. Part literary mystery, part family story, *The Verifiers* is a clever and incisive examination of how technology shapes our choices, and the nature of romantic love in the digital age. A VINTAGE ORIGINAL.
