What makes someone a hero? In the early 1960's, the image of a superhero was someone with a square jaw, a muscular build, and a quick smile whose biggest personal problem was trying to keep their girlfriends from guessing their secret identities. Then writer Stan Lee and artists Jack Kirby and Steve Ditko created a group of superheroes who revolutionized comics. These heroes, including The Fantastic Four, The Incredible Hulk, Spider-man, The X-men, Iron Man, Captain America and others, were not perfect heroes living in a perfect world, but fallible people with physical ailments and personal problems like our own. While the authors and artists who created them did not intend to write explicitly religious stories, their tales of imperfect heroes who try to do the right thing despite the many challenges they face, provide us with the opportunity to reflect on our own faith journeys as we strive to live heroic lives in the real world. Each chapter reflects on the heroes' most famous adventures and discusses the ways in which we are called to overcome many of the same obstacles they face as we strive to carry out the ministries to which God calls us. Each chapter ends with questions for reflection or group study.

Yeah! Midnightman has all the advantages comic hero needs: He's good looking, muscular and has quite a bulge in his pants. By the way: He's never tired of adventures and happens to stumble from one breathtaking story into the next. We don't know why he always has to fight against hunky sex maniacs who evoke greedy, well hung demons with their fully loaded sperm cannons. But honestly: Do we care? The important thing is that IcemanBlue's comics are an awful lot of fun, damned horny and make you want more. What more could we ask?

Desire is both of and beyond the everyday. In an ad for running shoes, for example, the figure of a man jogging at dawn on the Serengeti Plain both evokes a fantasy of escape and invokes a disciplinary norm to stay fit. The bottom line for the ad, of course, is to create a desire to consume, the promise being that with the purchase of these shoes, the consumer can realize yet also transcend the daily exhortation to perform. To say this differently, there is something both real and phantasmic about desire. Yet this notion seems contradictory. Isn't there a difference between the desire to be fit, for example, which is realizable, realistic, and, in these senses, real and the desire to escape routine everydayness, which, for most of us, is inescapable most of the time? But is exercise real or phantasmic? Certainly not everyone works out, and even those who make exercise a part of their reality may do so in order to pursue a fantasy about themselves. And are escapes from daily routines phantasmic or real? An escape from the everyday is far more realizable for some people than even fitness. But here too what is fantasy blends into (and becomes indistinguishable from) the real: A vacation away from work may be a means of ensuring a higher level of work performance when one returns.

Was Chanakya a demon or a man? His opponents had no answer. He led his king, Chandragupta, to greatness and set his kingdom on the road to peace and prosperity. Then, for generations of future rulers, he compiled a useful guide, the famously canny Arthashastra.

LA VOZ DE M.A.Y.O: TATA RAMBO is based on the oral history of Ramon Jaurigue, an orphan and WWII veteran who co-founded the Mexican, American, Yaqui, and Others (M.A.Y.O.) organization, which successfully lobbied the Tucson City Council to improve living and working conditions for members of the Pascua Yaqui tribe, paving the way to their federal recognition. Meanwhile, Ramon's home life suffered as his focus was pulled from his family to the wider community, and from domesticity to the adrenaline of the campaign. A resonant, neglected slice of American history is brought to life for the first time with art by J. GONZO, letter art by BERNARDO BRICE, editing by CLAIRE NAPIER, and a script by HENRY BARAJAS—the great-grandson of Ramon Jaurigue, a.k.a. Tata Rambo.
