PRANAV REGINA

The Multilingual Edge of Education

University of Chicago Press

The challenges courts face today all over the world can only be solved in close cooperation between judges and academics. The anthology brings judges from China, Germany, Slovenia, England and Wales and Norway and academics together for a cross-border dialogue.

Interthinking: Putting Talk to Work BRILL

Simon Zagorski-Thomas sets out a framework for the study of record production using current ideas from psychology and sociology.

The Politics of Written Language in the Arab World Oberon Books

Drawing on the recent discussions on Middle Arabic and Mixed Arabic, this book offers a comprehensive survey of the various fields of Muslim, Jewish and Christian Arabic texts (folklore, religious and linguistic literature) as well as the matters of mixed language and diglossia.

"Project Gjerdelöa" BRILL

Introduces the student to the Arabic language by means of Egyptian Colloquial Arabic

The Linguistics of Sitting, Standing and Lying Northwestern University Press

This book highlights the need to develop new educational perspectives in which multilingualism is valorised and strategically used in settings and contexts of instruction and learning. Situated in the current educational debate about multilingualism and ethno-linguistic minorities, chapter authors examine the polarised response to heightened linguistic diversity and how the debate is very much premised on binary views of monolingualism and multi- or bilingualism. Contributors argue that the diverse linguistic backgrounds of immigrant and minority students should be considered an asset, instead of being regarded as a barrier to teaching and learning. From its title through to its conclusion, this book underlines the current perspective of multilingualism as possessing cutting edge potential for transforming diverse classrooms into more inhabitable, more equitable and more efficiently organised

spaces for learning. This book will be of interest to scholars and researchers in educational linguistics, applied linguistics, sociolinguistics, anthropological linguistics, pedagogics, educational studies, and educational anthropology.

Regulations for the safe transport of radioactive materials Routledge

This volume brings together theoretical perspectives and empirical studies on the ongoing Englishization of Nordic universities. A core objective is to contrast and address the gap between ideological representations of this phenomenon and the ways in which it unfolds in the practices on the ground. The book provides perspectives from five Nordic countries: Iceland, Norway, Denmark, Sweden and Finland, with one chapter from each country focusing on ideologies and another on practices. The book is intended to provide an up-to-date resource on the internationalization and Englishization of Nordic universities for scholars, policy makers and anyone wishing to gain an overview of current issues in the field.

Peasant Icons Soffer Publishing

Norwegian: A Comprehensive Grammar is a complete reference guide to modern Norwegian (the Bokmål standard). The Grammar is an essential source for the serious student of Norwegian, and for students of comparative linguistics. It is ideal for use in colleges, universities and adult classes of all types. The volume is organised to promote a thorough understanding of Norwegian grammar. It presents the complexities of Norwegian in a concise and readable form. Explanations are full, clear and free of jargon. Throughout, the emphasis is on Norwegian as used by present-day native speakers. An extensive index, numbered paragraphs, cross-references

and summary charts provide readers with easy access to the information they require.

English in Nordic Universities Hatje Cantz

Foundations of Public Law offers an account of the formation of the discipline of public law with a view to identifying its essential character, explaining its particular modes of operation, and specifying its unique task. Building on the framework first outlined in *The Idea of Public Law* (OUP, 2003), the book conceives public law broadly as a type of law that comes into existence as a consequence of the secularization, rationalization and positivization of the medieval idea of fundamental law. Formed as a result of the changes that give birth to the modern state, public law establishes the authority and legitimacy of modern governmental ordering. Public law today is a universal phenomenon, but its origins are European. Part I of the book examines the conditions of its formation, showing how much the concept borrowed from the refined debates of medieval jurists. Part II then examines the nature of public law. Drawing on a line of juristic inquiry that developed from the late sixteenth to the early nineteenth centuries-extending from Bodin, Althusius, Lipsius, Grotius, Hobbes, Spinoza, Locke and Pufendorf to the later works of Montesquieu, Rousseau, Kant, Fichte, Smith and Hegel-it presents an account of public law as a special type of political reason. The remaining three Parts unpack the core elements of this concept: state, constitution, and government. By taking this broad approach to the subject, Professor Loughlin shows how, rather than being viewed as a limitation on power, law is better conceived as a means by which

public power is generated. And by explaining the way that these core elements of state, constitution, and government were shaped respectively by the technological, bourgeois, and disciplinary revolutions of the sixteenth century through to the nineteenth century, he reveals a concept of public law of considerable ambiguity, complexity and resilience.

Art and the cultured public - Documents on art and artists - Mid-century Venetian art criticism - Vasari - Art theory in the second half of the century - The Counter-Reformation - Artists, amateurs and collectors - On beauty.

The Musicology of Record Production Anchor

Curated and edited by the artist Ina Otzko, *100 Norwegian Photographers* is a magnificent volume of photos from today's Norwegian photography scene. Otzko gives one hundred con-temporary photographers from her country the space to show their best images, including renowned figures such as Dag Alveng, Jonas Bendiksen, Knut Bry, Morten Krogvold, Annemor Larsen, Crispin Gurholt and Mikkel McAlinden. With several double pages for each photographer, the book is a vivid archive of Norwegian photography, uniting the most diverse genres, from landscapes to portraits, experimental photography to snapshots. It provides an extensive overview of the mysterious country in the north, the land of glaciers and fjords, showing it in brilliant facets--witty, absurd, poetic, political, special.

Bartók's Years in America Cambridge University Press

The collapse of communism and the process of state building that ensued in the 1990s have highlighted the

existence of significant minorities in many European states, particularly in Central Europe. In this context, the growing plight of Europe's biggest minority, the Roma (Gypsies), has been particularly salient. Traditionally dispersed, possessing few resources and devoid of a common "kin state" to protect their interests, the Roma have often suffered from widespread exclusion and institutionalized discrimination. Politically underrepresented and lacking popular support amongst the wider populations of their host countries, the Roma have consequently become one of Europe's greatest "losers" in the transition towards democracy. Against this background, the author examines the recent attempts of the Roma in Central Europe and their supporters to form a political movement and to influence domestic and international politics. On the basis of first-hand observation and interviews with activists and politicians in the Czech Republic, Hungary and Slovakia, he analyzes connections between the evolving state policies towards the Roma and the recent history of Romani mobilization. In order to reach a better understanding of the movement's dynamics at work, the author explores a number of theories commonly applied to the study of social movements and collective action.

Visible Learning: Feedback Springer

From the Halsey Stevens Papers in the Library of Congress.

Norwegian: A Comprehensive Grammar Arcade Publishing

Traces four generations of a family marked by the untimely birth of Fred, a misfit and boxer conceived during a devastating rape who forges an unusual friendship with his younger half-brother, Barnum. Winner of the Nordic Prize for

Literature. 30,000 first printing.
The Philosophy of Art History (Routledge Revivals) Springer Science & Business Media

First published in 1959, this book is concerned with the methodology of art history, and so with questions about historical thinking; it enquires what scientific history of art can accomplish, what are its means and limitations? It contains philosophical reflections on history and begins with chapters on the scope and limitations of a sociology of art, and the concept of ideology in the history of art. The chapter on the concept of "art history without names" occupies the central position in the book — thoroughly discussing the basic philosophical outlook for the whole work. There are also further chapters on psychoanalysis, folk art and popular art. The chapter on the role of convention in the history of art points the way for further study.

Women Sleuths Gambit Publications
 In the thirty years after Russian peasants were emancipated in 1861, they became a major focus of Russian intellectual life. This text is the first to examine the revealing images of the peasant created by Russian writers, scholars, journalists, and government officials during that period, as the identity and fate of the Russian peasant became an integral component in the future of Russia envisioned by liberal reformers and conservatives alike. Frierson examines the persisting stereotypes created by Tolstoy, Dostoevsky and other intellectuals seeking to understand village life, from the likable narod, the simple folk, to the exploitative kulak, the village strongman.

Mixed Styles in Spoken Arabic in Egypt
 Routledge

An in-depth investigation of a kind of

spoken Arabic where speakers combine features from standard Arabic and the vernacular, producing 'mixed styles' - which show certain patterns of distribution, but also variable usage across speakers. The framework represents a comparative sociolinguistic perspective.

Nightsongs Routledge

Arabic, one of the official languages of the United Nations, is spoken by more than half a billion people around the world and is of increasing importance in today's political and economic spheres. The study of the Arabic language has a long and rich history: earliest grammatical accounts date from the 8th century and include full syntactic, morphological, and phonological analyses of the vernaculars and of Classical Arabic. In recent years the academic study of Arabic has become increasingly sophisticated and broad. This state-of-the-art volume presents the most recent research in Arabic linguistics from a theoretical point of view, including computational linguistics, syntax, semantics, and historical linguistics. It also covers sociolinguistics, applied linguistics, and discourse analysis by looking at issues such as gender, urbanization, and language ideology. Underlying themes include the changing and evolving attitudes of speakers of Arabic and theoretical approaches to linguistic variation in the Middle East.

Teaching Adult Immigrants with Limited Formal Education OUP Oxford

This book describes the history of economic thought, focusing on the development of economic theory from Adam Smith's 'Wealth of Nations' to the late twentieth century. The text concentrates on the most important figures in the history of the economics.

The book examines how important economists have reflected on the sometimes conflicting goals of efficient resource use and socially acceptable income distribution.--[book cover].

Arabic Language and Linguistics

Routledge

For all chess-players, from beginners to world champions, from kids to seniors, delivering checkmate is the greatest thrill the game has to offer. The ability to spot checkmates is a vital skill - and this easy-to-use book shows you how it is done. With the help of Grandmaster John Nunn, you will be ready to shock your next opponent with a deadly checkmate, whether in a school match, a club tournament - or even a championship game! By focusing exclusively on positions from real games, ranging from junior events to grandmaster encounters, Nunn ensures that the mates featured are those which arise most often in real life. He also highlights themes and ideas that are often missed in practice. While solving these puzzles, your all-important 'mental library' of patterns will grow, leading to an immediate increase in your playing

strength. All 1001 puzzle positions have been carefully checked, and are graded by theme and difficulty. Points are awarded for finding the checkmate, so you can measure your skill. Most of the puzzles are suitable for novice and junior players. The last chapter challenges you with 'extreme checkmates', but don't worry: you'll be ready for them!

Stella Descending Princeton University Press

Stella descends, over and over, in the course of this haunting novel. She falls from the womb, since her mother gives birth standing up; she falls for Martin, who delivers her new green sofa and refuses to leave; she falls ill and eventually recovers; but her biggest fall, the descent that suffuses her story, is a plunge to her death off a nine-story building. Memories and observations related by Stella's adolescent daughter, her curmudgeonly octogenarian friend, three old ladies who witness her final moments, and finally Stella herself combine in cryptic and beguiling ways to unravel the mystery: Playing a lover's game on that rooftop, did she fall out of her husband's arms, or was she pushed?
