EATON NORMAN

The Nixon Watch Routledge

Conservative Intellectuals and Richard Nixon explores the relationship between postwar conservatives and the president from 1968 to 1974. Seemingly casting those years out of their history, conservatives have never fully explored how Richard Nixon affected their movement. They fail to realize the extent his presidency helped refocus their fight against liberalism and communism. Mergel uses the Nixon years as a window into the Right's effort to turn ideology into successful politics. It combines an assessment of Nixon's presidency through the eyes of conservative intellectuals with an attempt to understand what the Right gained from its experience with Nixon.

American Foreign Policy Since the Vietnam War University of Hawaii Press

The first study to integrate and interrelate key elements of the Nixon presidency, the volume traces Nixon's rise and fall emphasizing his presidency and Watergate. Also an investigation of "the presidency" broadly defined, the work is informed by concerns of both traditional political biography and of contemporary presidential scholarship. Genovese raises issues and questions vital to the presidency as he focuses on Nixon as political leader and on his style of decisionmaking and management. He concludes with an analysis of Nixon's impact on and legacy to the presidency.

United States Relations with the People's Republic of China, Hearings... 92-1, on S. J. Res. 48, S. Res. 18, S. Res. 37, S. Res. 82, and S. Res. 139, June 24,25,28, and 29, and July 20, 1971 Brookings Inst Press

READING KEYS - the first in a three-book reading series by Laraine Flemming - offers a comprehensive introduction to reading skills and strategies, from using context clues to identifying purpose and bias. Clear, accessible explanations present reading concepts without oversimplifying the process of reading comprehension. To ensure students' understanding, reading keys or summaries follow the explanations, breaking them down into manageable chunks. Throughout each chapter, a variety of steadily more difficult exercises assess students' understanding of the material and promote improved comprehension and critical-thinking skills. This incremental approach to instruction and assessment makes it easier for beginning readers to absorb and master new information. The Fourth Edition includes new chapters on analyzing arguments and sentence relationships. In addition, there is a greater emphasis on recognizing and understanding verbal clues to meaning, new discussions on how the brain learns and remembers new information, and several new engaging readings. America's Commitment to South Korea Cambridge University Press

This packet introduces the distinct legacies and unique contributions of each of the American presidents from Nixon to Obama. Using a biographical format, special emphasis is given to the powerful convergence of personality and circumstance which transformed the office of our nation's chief executive into the most prominent and influential political office in the world. Challenging review questions encourage meaningful reflection and historical analysis. Tests, answer key, and bibliography included.

CA Te Am Anthem 2007 Mod M.E. Sharpe

After being sworn in as president, Richard Nixon told the assembled crowd that "government will listen. ... Those who have been left out, we will try to bring in." But that same day, he obliterated those pledges of greater citizen control of government by signing National Security Decision Memorandum 2, a document that made sweeping changes to the national security power structure. Nixon's signature erased the influence that the departments of State and Defense, as well as the CIA, had over Vietnam and the course of the Cold War. The new structure put Nixon at the center, surrounded by loyal aides and a new national security adviser, Henry Kissinger, who coordinated policy through the National Security Council under Nixon's command. Using years of research and revelations from newly released documents, USA Today reporter Ray Locker upends much of the conventional wisdom about the Nixon administration and its impact and shows how the creation of this secret, unprecedented, extra-constitutional government undermined U.S. policy and values. In doing so, Nixon sowed the seeds of his own destruction by creating a climate of secrecy, paranoia, and reprisal that still affects Washington today.

The Neurotic Trillionaire U.S. Government Printing Office

A definitive portrait of the notorious politician and disgraced president offers a balanced study of the triumphs, accomplishments, failures, scandals, strategies, and controversies of Richard Nixon's political career. By the author of Franklin Delano Roosevelt.

New Federalism American Presidency (University of K

America's leading liberal journalist revisits the case of Richard Nixon, taking a fresh look at this political enigma and offering a rereading of contemporary history

Statement of Information: Impoundment of funds; Government expenditures on President Nixon's private properties at San Clemente and Key Biscayne Liveright Publishing Corporation

This volume affords a fascinating and rare look at the sensitive issue of nuclear diplomacy between two critical Cold War allies, the United States and Japan, during the 1960s. Challenging the silence of the official bureaucracies in Washington and Tokyo, Wakaizumi Kei reveals the truth behind the secret 1969 agreement that ensured the eventual reversion of Okinawa to Japanese jurisdiction in 1972. Revelation of this secret accord created considerable controversy in Japan when Wakaizumi's memoir was first published in 1994. With the publication of this translation, his description of the events leading up to the closed-door agreement is available to an English-language audience for the first time. At a time when security matters are once again predominant in the U.S.-Japan alliance, Professor Wakaizumi's account is a timely reminder of the gap between official, media-filtered descriptions of diplomatic relations and the private discussions of national leaders. The long-standing reluctance of the Japanese government to declassify its postwar diplomatic records has meant that Japan's side of its relationship with the U.S. has been only partially revealed. The Best Course Available attempts to correct this shortcoming and at the same time provides insight into the complicated and arcane process of foreign policymaking, national leadership, and domestic politics in Japan after 1945.

The Nixon Memo University of Chicago Press

Drawing on a long career as an investigative journalist, Joe Spear tells the chilling story of how the Nixon, Ford, Carter, and Reagan administrations have controlled and manipulated the press.

History of the Joint Chiefs of Staff Milliken Publishing Company

The primary data driver behind US drug policy is the National Survey on Drug Use and Health. This insider history traces the evolution of the survey and how the survey has interacted with the political and social climate of the country, from its origins during the Vietnam War to its role in the war on drugs. The book includes first-hand accounts that explain how the data was used and misused by political leaders, why changes were made in the survey design, and what challenges researchers faced in communicating statistical principles to policymakers and leaders. It also makes recommendations for managing survey data collection and reporting in the context of political pressures and technological advances. Survey research students and practitioners will learn practical lessons about questionnaire design, mode effects, sampling, nonresponse, weighting, editing, imputation, statistical significance, and confidentiality. The book also includes common-language explanations of key terms and processes to help data users understand the point of view of survey statisticians.

Mike Mansfield, Majority Leader Random House Incorporated

A study of Nixon's political rehabilitation focuses on how he pressured the White House to help Russia in the early 1990s

The Best Course Available Cengage Learning

For many years before he became President, Richard Nixon's decisions vitally affected the well-being of the nation. Six of those decisions significantly shaped the man who would later become the 37th President of the United States. Six Crises is a close-up look at this dynamic man, recalling the demands placed upon him, the thinking behind his decisions, and the pressures of political life.

One of Us Random House Incorporated

New interpretations of historic episodes in international relations result from a fresh analysis of national security policies and the demands and constraints imposed upon their development by the international system.

The Nixon Presidency Springer

No one remembers Richard M. Nixon as an environmental president, but a year into his presidency, he committed his administration to regulate and protect the environment. The public outrage over the Santa Barbara oil spill in early 1969, culminating in the first Earth Day in 1970, convinced Nixon that American environmentalism now enjoyed extraordinary political currency. No nature lover at heart, Nixon opportunistically tapped the burgeoning Environmental Movement and signed the Endangered Species Act in 1969 and the National Environmental Protection Act in 1970 to challenge political rivals such as Senators Edmund Muskie and Henry Jackson. As Nixon jockeyed for advantage on regulatory legislation, he signed laws designed to curb air, water, and pesticide pollution, regulate ocean dumping, protect coastal zones and marine mammals, and combat other problems. His administration compiled an unprecedented environmental record, but anti-Vietnam War protests, outraged industrialists, a sluggish economy, the growing energy crisis, and the Watergate upheaval drove Nixon to turn his back on the very programs he signed into law. Only late in life did he re-embrace the substantial environmental legacy of his tumultuous presidency.

Richard M. Nixon ABC-CLIO

A history of the United States in the twentieth century, featuring sociological and cultural events, as well as strictly historical, and using many pertinent literary excerpts.

Processes of Constitutional Decisionmaking Routledge

"A lively section on Nixon the man is followed by scholarly articles on all aspects of the domestic agenda. Notable contributions include David Caputo's analysis of revenue sharing and Michael

Balzano's study of the adrift Democrats who emerged as Nixon's silent majority and ultimately as the Reagan coalition. . . ." Library Journal
American Odyssey Simon and Schuster
This book is about Mike Mansfield and the U.S. Senate during the period that he served as majority leader. For eight consecutive two-year terms, Mansfield's leadership went uncontested. Extending

from 1961 through 1976, it began when John F. Kennedy succeeded Dwight D. Eisenhower, continued through the Johnson and Nixon administrations, and ended only with Mansfield's retirement during the presidency of Gerald Ford.
Conservatives in an Age of Change Brookings Inst Press
