One of Spain's most important dramatists of the twentieth century and winner of the Nobel Prize for literature in 1922, Jacinto Benavente y Martínez

wrote more than 150 plays in his lifetime. The best known of these is *Los intereses creados* — a social satire in the guise of farce. Premiering in late 1907, the work was instantly acclaimed throughout Europe. Similar in structure to a puppet drama, the play incorporates such traditional characters from the *commedia dell'arte* as the Doctor, the Captain, Harlequin, Columbine, Pantaloon, and Punchinello — with Crispin, a crafty and deceitful servant, manipulating them with invisible strings in the fashion of a spectacular puppet master. A sparkling satire on selfishness and greed in the modern world, the drama is reprinted here in a dual-language edition that not only allows students of Spanish to read a brilliant playwright's masterpiece in the original,

but also provides readers with an excellent English translation of a theatrical classic.

Charting surrealism in Latin American literature from its initial appearance in Argentina in 1928 to the surrealist-inspired work of several writers in the 1970s, Melanie Nicholson argues that surrealism has exercised a significant and positive influence over twentieth-century Latin American literature, particularly poetry.

Nueva edición conmemorativa de la Real Academia Española y la Asociación de Academias de la Lengua Española de una de las obras cumbre de la literatura contemporánea en español. «Yo el

Supremo Dictador de la República: ordeno que al acaecer mi muerte mi cadáver sea decapitado...» Así arranca una de las grandes novelas de la literatura en castellano del siglo XX: *Yo el Supremo*, de Augusto Roa Bastos, Premio Cervantes 1989. La obra es un extraordinario ejercicio de gran profundidad narrativa y un testimonio escalofriante sobre uno de los peores males contemporáneos: la dictadura. El déspota solitario que reina sobre Paraguay es, en la obra de Roa, el argumento para describir a una figura despiadada que es asimismo metáfora de la biografía de América Latina. *Yo el Supremo* es una perfecta radiografía del poder absoluto, de sus sombras, sus miserias y sus crímenes. This book covers the heterogeneity of Chilean literary production from the times of the Spanish conquest to the present. It shifts critical focus from national identity and issues to a more multifaceted transnational, hemispheric,

and global approach. Its emphasis is on the paradigm transition from the purportedly homogeneous to the heterogeneous.

The Spanish Civil War was idealized as a poet's war. The thousands of poems written about the conflict are memorable

evidence of poetry's high cultural and political value in those historical conditions. After Franco's victory and the repression that followed, numerous Republican exiles relied on the symbolic agency of poetry to uphold a sense of national identity. Exilic poems are often read as claim-making narratives that fit national literary history. This Ghostly Poetry critiques this conventional understanding of literary history by arguing that exilic poems invite readers to seek continuity with a traumatic past just as they prevent their narrative articulation. The book uses the figure of the ghost to address temporal challenges to historical continuity brought about by memory, tracing the discordant, disruptive ways in which memory is interwoven with history in

poems written in exile. Taking a novel approach to cultural memory, *This Ghostly Poetry* engages with literature, history, and politics while exploring issues of voice, time, representation, and disciplinarity.

The poetic movement that was Spanish American modernismo ran from the early 1880s to 1916: it expressed the desire both to join universal literature—aesthetic modernity—and to break colonial ties with Spanish belles lettres. The new translations in this bilingual anthology, many of them first translations, present eighteen modernista poets from Argentina, Bolivia, Colombia, Cuba, Mexico, Nicaragua, Peru, and Uruguay. This

volume in the MLA series *Texts and Translations* is designed to provide the student of Spanish American literature with work not easily accessible in Spanish and English and to introduce modernismo, an often misunderstood movement, to a wider audience.

This study combines a structuralist examination of poetry and painting with new distinctions of ekphrastic poetry and recent philosophical debates. Canto general is the textual ekphrastic equivalent of mural art, a kind of linguistic companion that also elucidates the profound human complexities inscribed in the murals.

Included in the New York Times' preview of 2019 international literature "A wise, lonely novel . . . [and an] honest reflection of exile." —The New Yorker In the tradition of Roberto Bolaño's *Savage Detectives*, a celebrated classic and heart-wrenching story of a family torn apart by the forces of history, by one of Latin America's most celebrated writers The late Mario Benedetti's work was often ranked with "such esteemed Latin American writers as Gabriel García Márquez, Carlos Fuentes and Julio Cortázar" (The Washington Post) and his novel *The Truce* has sold millions of copies around the world. His extraordinary novel *Springtime in a Broken Mirror* revolves around Santiago, a political prisoner in Uruguay, who was

jailed after a brutal military coup that saw many of his comrades flee elsewhere. Santiago, feeling trapped, can do nothing but write letters to his family and try to stay sane. Far away, his nine-year-old daughter Beatrice wonders at the marvels of 1970s Buenos Aires, but her grandpa and mother—Santiago's beautiful, careworn wife, Graciela—struggle to adjust to a life in exile. Published now for the first time in English, *Springtime in a Broken Mirror* tells with tenderness and fury of the indelible imprint politics leaves on individual lives. Generous and unflinching, it asks whether the broken bonds of family and history can ever truly be mended. Written by one of the masters of the Latin American novel, this is the story of a fractured continent,

chronicled through the lives of a single family.

An imaginatively constructed new literary history of the twentieth century. This companion with a difference sets a controversial new agenda for literary -historical analysis. Far from the usual forced march through the decades, genres and national literatures, this reference work for the new century cuts across familiar categories, focusing instead on literary 'hot spots': Freud's Vienna and Conrad's Congo in 1899, Chicago and London in 1912, the Somme in July 1916, Dublin, London and Harlem in 1922, and so on, down to Bradford and Berlin in 1989 (the

fatwa against Salman Rushdie, the new digital media), Stockholm in 1993 (Toni Morrison's Nobel Prize) and September 11, 2001.

The polemics Pablo Neruda was involved in from the 1930s on are legendary, but not even the ferocity of those attacks would lead one to believe that today, a half a century after his death, he would still be on trial. In this consistent and emphatic book, the great Nerudian critic Hernan Loyola addresses Neruda's sins: the machista, the fableteller, the rapist, the bad husband, the bad father, the plagiarist, the insolent one, the abandoner, the Stalinist and the bourgeois. Loyola's objective is to review and discuss with the greatest amount of

intellectual honesty that he can humanly muster as an admiring literary critic and with deep sympathy for his unforgettable friend the most tenacious and disseminated accusations attributed to Pablo Neruda. All told, this book is an impressive biographical and poetic interpretation of the most salient aspects of the Nobel Laureate's life.

This Spanish-language anthology contains selections by 45 Latin-American authors. It is intended as a text for upper division Latin American literature survey courses. The anthology presumes a high level of linguistic command of Spanish, and it contains footnotes to allusions and cultural references, as well as words and phrases not found in standard bilingual

dictionaries used in the US. Emphasis is on major 20th-century writers, while important works from colonial and 19th-century literature as also included. The diverse selections of Literature Hispanoamericana will enable students to have a more sustained exposure to major voices of Latin American literature than possible in anthologies built around fragments. By focusing on fewer authors but more significant selections from their writings, students will have a greater grasp of major canonical figures as well as emergent voices.

This Ghostly Poetry Routledge

The most comprehensive English-language collection of work ever by "the

greatest poet of the twentieth century-- in any language" (Gabriel Garcia Marquez) "In his work a continent awakens to consciousness." So wrote the Swedish Academy in awarding the Nobel Prize to Pablo Neruda, the author of more than thirty-five books of poetry and one of Latin America's most revered writers, lionized during his lifetime as "the people's poet." This selection of Neruda's poetry, the most comprehensive single volume available in English, presents nearly six hundred poems, scores of them in new and sometimes multiple translations, and many accompanied by the Spanish original. In his introduction, Ilan Stavans situates Neruda in his native milieu as well as in a contemporary English-language one, and a group of new

translations by leading poets testifies to Neruda's enduring, vibrant legacy among English-speaking writers and readers today.

The Bonds of Interest/Los Intereses Creados Dover Publications

Drawn from the acclaimed New Princeton Encyclopedia of Poetry and Poetics, the articles in this concise new reference book provide a complete survey of the poetic history and practice in every major national literature or cultural tradition in the world. As with the parent volume, which has sold over 10,000 copies since it was first published in 1993, the intended audience is general readers, journalists, students, teachers, and researchers. The editor's principle of selection was balance, and his goal was to embrace in a structured

and reasoned way the diversity of poetry as it is known across the globe today. In compiling material on 106 cultures in 92 national literatures, the book gives full coverage to Indo-European poeties (all the major Celtic, Slavic, Germanic, and Romance languages, as well as other obscure ones such as Hittite), the ancient middle Eastern poeties (Hebrew, Persian, Sumerian, and Assyro-Babylonian), subcontinental Indian poeties (the widest linguistic diversity), Asian and Pacific poeties (Chinese, Japanese, Korean, Vietnamese, Mongolian, and half a dozen others), continental American poeties (all the modern Western cultures and native Indian in North, Central, and South American regions), and African poeties

(ancient and emergent, oral and written).
