SWEENEY GLOVER

Madame Thérèse, Or The Volunteers of '92 Peter Lang

"In his satirically humorous society novel "Frau Jenny Treibel", which was published in 1892, Fontane unmasked the main characters in their selfish intrigues clearly enough as sentimental, conceited or downright pragmatic. Nevertheless, one can smile with sympathy towards the characters who come to such refreshing conclusions as: "Money is nonsense."--Goodreads

Goethe and Anna Amalia Tredition Classics

Dieses Werk ist Teil der Buchreihe TREDITION CLASSICS. Der Verlag tredition aus Hamburg veröffentlicht in der Buchreihe TREDITION CLASSICS Werke aus mehr als zwei Jahrtausenden. Diese waren zu einem Grossteil vergriffen oder nur noch antiquarisch erhaltlich. Die Buchreihe dient zur Bewahrung der Literatur und Forderung der Kultur. Sie trägt so dazu bei, dass viele tausend Werke nicht in Vergessenheit geraten

Few Words on the Native Question McGraw Hill Professional

A unique and personal portrait of the beloved, legendary Swiss writer, finally in English After a nervous breakdown in 1929, Robert Walser spent the remaining twenty-seven years of his life in mental asylums, closed off from the rest of the world in almost complete anonymity. While at the Herisau sanitarium, instead of writing, Walser practiced another favorite activity: walking. Starting in 1936, Carl Seelig, Walser's friend and literary executor, visited and accompanied him on these walks, meticulously recording their conversations. As they strolled, Walser told stories, shared his daily experiences of the sanatorium, and expressed his opinions about books and art, writing and history. When Seelig asked why he no longer wrote, Walser famously replied: "I'm not here to write, I'm here to be mad." Filled with lively anecdotes and details, Walks with Walser offers the fullest available account of this wonderful writer's inner and outer life.

Campaign in France in the Year 1792 Farrar, Straus and Giroux

The widely anticipated revision of this worldwide best seller incorporates the latest developments in operating systems technologies. Hundreds of pages of new material on a wealth of subjects have been added. This authoritative, example-based reference offers practical, hands-on information in constructing and understanding modern operating systems. Continued in this second edition are the "big picture" concepts, presented in the clear and entertaining style that only Andrew S. Tanenbaum can provide. Tanenbaum's long experience as the designer or co-designer of three operating systems brings a knowledge of the subject and wealth of practical detail that few other books can match. FEATURES\ NEW--New chapters on computer security, multimedia operating systems, and multiple processor systems. NEW--Extensive coverage of Linux, UNIX(R), and Windows 2000(TM) as examples. NEW--Now includes coverage of graphical user interfaces, multiprocessor operating systems, trusted systems, viruses, network terminals, CD-ROM file systems, power management on laptops, RAID, soft timers, stable storage, fair-share scheduling, three-level scheduling, and new paging algorithms. NEW--Most chapters have a new section on current research on the chapter's topic. NEW--Focus on "single-processor" computer systems; a new book for a follow-up course on distributed systems is also available from Prentice Hall. NEW--Over 200 references to books and papers published since the first edition. NEW--The Web site for this book contains PowerPoint slides, simulators, figures in various formats, and other teaching aids.

Design Ethnography New York : Dell

Who's a good dog? In the tradition of bestselling photography books like Underwater Dogs and Shake comes an adorable and hilarious collection of dog photographs capturing our best friends at one of their favorite moments--treat time. Photographer Christian Vieler caught these eager dogs anticipating, catching--some more successfully than others--and enjoying a scrumptious tidbit. From a tenacious terrier to a goofy golden retriever, these often hilarious and surprisingly beautiful photographs capture each dog's unique personality in a way any dog owner will recognize and that all dog lovers will enjoy!

The No-Cry Sleep Solution: Gentle Ways to Help Your Baby Sleep Through the Night Good Press

The Berlin writer Theodor Fontane (1819-1898) earned a European reputation for the German novel, something his fellow poetic realists and their predecessors had failed to do. "L'Adultera" (1882), a Gesellschaftsroman, is the first of the writer's Berlin novels. Already in this early work, Fontane employs his considerable skills as a realist and impartial observer of nineteenth-century German life. Lynn R. Eliason captures in this major translation the wit, irony and warm human interaction characteristic of Fontane's mature novels, including his well known "Effi Briest." An introductory essay identifies "L'Adultera" in terms of the writer's life and literary artistry.

Frau Jenny Treibel. English Yale University Press

Essentials in Church History is a religious text by Joseph Fielding Smith. It presents the history of The Church of Jesus Christ of Latter-day Saints, also known as Mormon history. An illuminating read for anyone interested.

The German Element in the United States with Special Reference to Its Political, Moral, Social, and Educational Influence Frederick Ungar

An exploration of the possible love affair between Goethe and Anna Amalia

Intuition BoD - Books on Demand

In Christus Militans knüpft Gabriella Gelardini an Interpretationen an, die das Markusevangelium im Kontext des jüdisch-römischen Krieges und des Aufstiegs der Flavii interpretieren. Von Interesse sind darin aber nicht nur „ideologische Macht- oder Herrschaftsdiskurse,“ sondern insbesondere auch die militärischen Zusammenhänge und die Kriegesemantik im engeren Sinn. Dies erfolgt eingedenk der großen Bedeutung, die das Militär und der Krieg für die Herstellung und Aufrechterhaltung von Herrschaft in der Antike hatten, besonders bei Dynastiewechseln.

Amor Divino - Amor Profano New York, Columba U. P

Are you a part of the bad mood epidemic? Here are the answers you've been looking for! Julia Ross's plan provides a natural cure for your mood. Drawing on thirty years of experience, she presents breakthrough solutions to overcoming depression, anxiety, irritability, stress, and other negative emotional states that are diminishing the quality of our lives. Her comprehensive program is based

on the use of four mood-building amino acids and other surprisingly potent nutrient supplements, plus a diet rich in good-mood foods such as protein, healthy fat, and certain key vegetables.

Including an individualized mood-type questionnaire, The Mood Cure has all the tools to help you get started today and feel better tomorrow.

Walks with Walser Good Press

Alberto Villoldo, a classically trained medical anthropologist, has studied shamanic healing techniques among the descendants of the ancient Inkas for more than twenty years. In Shaman, Healer, Sage, he draws on his vast body of knowledge to create a practical and revolutionary program based on the traditional healing methods used by these shamans -- methods that, until now, have been inaccessible to most of the world. Villoldo explains that central to shamanic healing is the concept of the Luminous Energy Field that is believed to surround our material bodies. His book teaches us to see and influence the imprints that disease leaves on this field and thereby to heal ourselves and others, as well as prevent illness. Villoldo weaves wonderful teaching stories throughout about the healing power of the energy medicine of the Americas. In one story, Villoldo comes down with pneumonia while in Peru. When antibiotics fail to control the infection, his mentor, the shaman Don Antonio, uses the process of Illumination to remove the toxins that had invaded Villoldo's body. These same shamanic techniques later allowed Villoldo to remove stagnant energy from a young woman whose marriage was suffering due to her past experience with abandonment. With the aid of shamanic work, the woman regained her trust in others, and her marriage was revitalized. This book is rich with ancient wisdom and contemporary techniques we can use to help ourselves and others, as well as with the more advanced methods of master shamans, which are being brought to a wide audience for the first time.

Der Troitzkopf: Eine Pensionsgeschichte für erwachsene MädchenBy Emmy von Rhoden

Des Feldpredigers Schmelzle Reise Nach Flatz BRILL

A breakout bestseller in Italy, now available for American readers for the first time, Genesis: The Story of How Everything Began is a short, humanistic tour of the origins of the universe, earth, and life—drawing on the latest discoveries in physics to explain the seven most significant moments in the creation of the cosmos. Curiosity and wonderment about the origins of the universe are at the heart of our experience of the world. From Hesiod's Chaos, described in his poem about the origins of the Greek gods, Theogony, to today's mind-bending theories of the multiverse, humans have been consumed by the relentless pursuit of an answer to one awe inspiring question: What exactly happened during those first moments? Guido Tonelli, the acclaimed, award-winning particle physicist and a central figure in the discovery of the Higgs boson (the "God particle"), reveals the extraordinary story of our genesis—from the origins of the universe, to the emergence of life on Earth, to the birth of human language with its power to describe the world. Evoking the seven days of biblical creation, Tonelli takes us on a brisk, lively tour through the evolution of our cosmos and considers the incredible challenges scientists face in exploring its mysteries. Genesis both explains the fundamental physics of our universe and marvels at the profound wonder of our existence.

Scacchia, Ludus Macmillan

A truly complete collection of fairy tales from the Brothers Grimm featuring color plates and illustrations from award-winning illustrator, Arthur Rackham.

Shaman, Healer, Sage Createspace Independent Publishing Platform

Foundations of Tibetan Mysticism Black Dog & Leventhal

These original interactive activities involve students in the practice of psychological research by having them play the role of an experimenter (conditioning a rat, probing the hypothalamus electrically, working in a sleep lab) or of a subject (responding to visual illusions or tests of memory, interpreting facial expressions).

Bitte nicht wecken! Springer Nature

A breakthrough approach for a good night's sleep--with no tears There are two schools of thought for encouraging babies to sleep through the night: the hotly debated Ferber technique of letting the baby "cry it out," or the grin-and-bear-it solution of getting up from dusk to dawn as often as necessary. If you don't believe in letting your baby cry it out, but desperately want to sleep, there is now a third option, presented in Elizabeth Pantley's sanity-saving book The No-Cry Sleep Solution. Pantley's successful solution has been tested and proven effective by scores of mothers and their babies from across the United States, Canada, and Europe. Based on her research, Pantley's guide provides you with effective strategies to overcoming naptime and nighttime problems. The No-Cry Sleep Solution offers clearly explained, step-by-step ideas that steer your little ones toward a good night's sleep--all with no crying. Tips from The No-Cry Sleep Solution: Uncover the stumbling blocks that prevent baby from sleeping through the night Determine--and work with--baby's biological sleep rhythms Create a customized, step-by-step plan to get baby to sleep through the night Use the Persistent Gentle Removal System to teach baby to fall asleep without breast-feeding, bottlefeeding, or using a pacifier

Genesis Chartwell Books

A complete explanation of the esoteric principles of Mantra that also clarifies the differences between Hindu and Tibetan yoga. Translated into many languages, this is an important text for any student of Buddhism. With bibliography, index, and illustrations.
