Beyond Disney: The Unofficial Guide to Universal, SeaWorld, and the Best of Central Florida, by Bob Sehlinger and Seth Kubersky is a guide to non-Disney theme parks, attractions, restaurants, outdoor recreation, and nightlife in Orlando and central Florida. Features include the latest information on the new Harry Potter attractions at Universal Studios as well as step-by-step touring plans that save four hours of waiting in line at Universal Studios and Universal's Island of Adventure. Complete chapters are devoted to the Universal parks, SeaWorld, Busch Gardens, Legoland, and the NASA Kennedy Space Center among others. Leading you step-by-step, it's the guide that puts you ahead of the crowd and keeps you there.

Life is a Bicycle Morgan James Publishing

The first comprehensive history of the fabled Confederate battle cry from its origins and myths through its use in American popular culture No aspect of Civil War military lore has received less scholarly attention than the battle cry of the Southern soldier. In *The Rebel Yell*, Craig A. Warren brings together soldiers' memoirs, little-known articles, and recordings to create a fascinating and exhaustive exploration of the facts and myths about the "Southern screech." Through close readings of numerous accounts, Warren demonstrates that the Rebel yell was not a single, unchanging call, but rather it varied from place to place, evolved over time, and expressed nuanced shades of emotion. A multifunctional act, the flexible Rebel yell was immediately recognizable to friends and foes but acquired new forms and purposes as the epic struggle wore on. A Confederate regiment might deliver the yell in harrowing unison to taunt Union troops across the empty spaces of a battlefield. At other times, individual soldiers would call out solo or in call-and-response fashion to communicate with or secure the perimeters of their camps. The Rebel yell could embody unity and valor, but could also become the voice of racism and hatred. Perhaps most surprising, *The Rebel Yell* reveals that from Reconstruction through the first half of the twentieth century, the Rebel yell—even more than the Confederate battle flag—served as the most prominent and potent symbol of white Southern defiance of Federal authority. With regard to the late-twentieth and early twenty-first centuries, Warren shows that the yell has served the needs of people the world over: soldiers and civilians, politicians and musicians, re-enactors and humorists, artists and businessmen. Warren dismantles popular assumptions about the Rebel yell as well as the notion that the yell was ever "lost to history." Both scholarly and accessible, *The Rebel Yell* contributes to our knowledge of Civil War history and public memory. It shows the centrality of voice and sound to any reckoning of Southern culture.

Almost, Maine SAGE

"My aim in it has been to convey a juster and less prejudiced notion than prevails at present respecting the Danish and Norwegian conquests." -Jens Jacob Asmussen Worsaae, *An Account of the Danes and the Norwegians* (1852) *An Account of the Danes and the Norwegians in England, Scotland and Ireland* (1852) by Jens Worsaae, was based on his research into the Scandinavian invasions of the European mainland. During the 10th century, the European mainland was invaded by Norse settlers from Denmark, Norway, and Sweden, who intermarried with native tribes and came to be known as "Normans." While their influence on the history of France was significant, it was even stronger in England, which the Normans conquered in the 11th century. Worsaae's book, commissioned by the Royal Society of Northern Antiquaries, was his attempt to revise the impressions that the 19th century British had of the effects of the Norman conquests on England. This replica of the original text is accompanied by numerous woodcuts.

FT BUSINESS BOOK OF THE MONTH - MAY 'Ask forgiveness, not permission! A unique approach...reminds me of the fun we've had with our airlines' - Sir Richard Branson 'I'd rather be a pirate than join the navy' Steve Jobs 'Totally compelling' Ed Miliband, Reasons to be Cheerful podcast 'A model for how to break the system and create radical change' Joy Lo Dico, Evening Standard 'Be More Pirate feels so important as it looks to history to help us grip the future' Martha Lane Fox CBE, Founder of Lastminute.com 'This isn't a book, it's the beginning of a movement. Be More Pirate should come with a health warning' Tom Goodwin, author of Digital Darwinism 'A refreshing, entertaining and inspiring perspective on work, leadership and why we do what we do' Bruce Daisley, VP, Twitter 'A controversial call to arms, this contrarianism is exactly what we need to course correct 'the corporation'" Arlo Brady, CEO of Freud Communications ----- Pirates didn't just break the rules, they rewrote them. They didn't just reject society, they reinvented it. Pirates didn't just challenge the status-quo, they changed everyfuckingthing. Pirates faced a self-interested establishment, a broken system, industrial scale disruption and an uncertain future. Sound familiar? Pirates stood for MISCHIEF, PURPOSE and POWER. And you can too. In *Be More Pirate*, Sam Conniff Allende unveils the innovative strategies of Golden Age pirates, drawing parallels between the tactics and teachings of legends like Henry Morgan and Blackbeard with modern rebels, like Elon Musk, Malala and Banksy. Featuring takeaway sections and a guide to build you own pirate code 2.0, *Be More Pirate* will show you how to leave your mark on the 21st century. Whatever your ambitions, ideas and challenges, *Be More Pirate* will revolutionize the way you live, think and work today, and tomorrow. So what are you waiting for? Order now and join the rebellion. ----- Sam Conniff Allende is the founder and former CEO of Livity, a multi-award-winning youth marketing agency. Sam has led the unlikeliest collaborations between brands and bright young people on the edges of society, resulting in real innovation. He has worked with Google, Unilever, PlayStation and Dyson,

and regularly speaks and runs Be More Pirate workshops at these industry-leading companies. Sam believes in the power of professional rule-breaking and is on a mission to instigate modern mutinies in organisations around the world, where the teams takeover the running of the ship to ultimately become more accountable, motivated and rebellious.

The PDE Times The Unofficial Guides

Marcus Lopez is settling into life at Kings Dominion for the Deadly Arts, a secret elite school, to train the next generation of assassins. He has a girl, a circle of friends, and he's learning a trade: the craft of killing. But his murderous past is about to catch up with him, and there are a few things about Marcus that even his friends don't know. Secrets that threaten the lives of everyone around him. Because there's a reason Marcus was sought out by the school's shadowy principal Master Lin, a man who's long had an eye for Marcus's unique talents. Continuing the story of a group of damaged, deranged, and struggling teenagers living through one of the country's most vibrant and chilling eras. Collecting DEADLY CLASS #7-11.

With Passport and Pen Springer

The Unconventional Guide to Adulthood was created to help make the transition from student to college graduate a smooth one. Being a first-generation graduate meant I had to learn many lessons the hard way. I had many triumphs and many failures, which is why I wrote this book (and found my company). From post-grad depression to \$0.00 in my bank account. I have experienced it all and bounced back in a major way. This book is the first of a series of sharing what I learned. Now, I am not going to say this is a magic book and life will just fall into place. I provide you the tools you need to succeed, but you have to use them. A treadmill doesn't yield results if it remains unused... Each concept needs to be applied in day to day life, not just read. I put a lot of energy into this to make sure that it provides value to each and every person that interacts with it. So, I challenge you to give it to your all! I challenge you to apply what you learn. I challenge you to try as hard as you can and to believe in yourself. The future already looks bright... why not make it brighter!

The only account in print of the origins of May Day, with highlights of its first century from around the world. 21 illustrations. Notes. Index.

In the Arena National Academies Press

The threat of domestic terrorism today looms larger than ever. Bombings at the World Trade Center and Oklahoma City's Federal Building, as well as nerve gas attacks in Japan, have made it tragically obvious that American civilians must be ready for terrorist attacks. What do we need to know to help emergency and medical personnel prepare for these attacks? Chemical and Biological Terrorism identifies the R&D efforts needed to implement recommendations in key areas: pre-incident intelligence, detection and identification of chemical and biological agents, protective clothing and equipment, early recognition that a population has been covertly exposed to a pathogen, mass casualty decontamination and triage, use of vaccines and pharmaceuticals, and the psychological effects of terror. Specific objectives for computer software development are also identified. The book addresses the differences between a biological and chemical attack, the distinct challenges to the military and civilian medical communities, and other broader issues. This book will be of critical interest to anyone involved in civilian preparedness for terrorist attack: planners, administrators, responders, medical professionals, public health and emergency personnel, and technology designers and engineers.

The Global Theme Park Industry Hal Leonard Corporation

Mary travelled by ship to England with three companions in 1965 on a working holiday. She was just twenty-two-years old. Over twenty-one months, Mary wrote hundreds of letters to her family at home, sharing her sense of adventure and fun. The letters tell of her excitement in traveling throughout the United Kingdom and into Europe, the Middle East, and Hong Kong. After a fifty-year gap, Mary rediscovered the letters which had been carefully preserved by her mother, Helen, and has presented them in this book as an important record of how young Australians looked at the world in the 1960s. As well as including many excerpts from the original letters, Mary has interspersed recently added memories and reflections, thus showing how time and maturity can influence our thoughts, attitudes and growth. By reading these letters, Mary's audience will get a deeper understanding of Australia's development as a nation, and the influence those 1960s travellers had on its independence and spirit. The narrative is replete with stories of generous strangers and some fascinating, eccentric people. With her good friend Annette, Mary found excitement in ordinary events and turned near disasters into tales to laugh about.

[Huis Clos](#) Taylor & Francis

The Code of Hammurabi is one of the most important monuments in the history of the human race. Containing as it does the laws which were enacted by a king of Babylonia in the third millennium B.C., whose rule extended over the whole of Mesopotamia from the mouths of the rivers Tigris and Euphrates to the Mediterranean coast, we must regard it with interest. But when we reflect that the ancient Hebrew tradition ascribed the migration of Abraham from Ur of the Chaldees to this very period, and clearly means to represent their tribe father as triumphing over this very same Hammurabi (Amraphel, Gen. xiv. 1), we can hardly doubt that these very laws were part of that tradition. At any rate, they must have served to mould and fix the ideas of right throughout that great empire, and so form the state of society in Canaan when, five hundred years later, the Hebrews began to dominate that region. - Taken from "The Code Of Hammurabi" written by Hammurabi

Since the 1980s, the theme park industry has developed into a global phenomenon, with everything from large, worldwide theme parks to countless smaller ventures. From the first pleasure gardens to the global theme park companies, this book provides an understanding of the nature and function of theme parks as spaces of entertainment. Illustrated throughout by worldwide case studies, empirical data and practical examples, the book portrays the impacts of theme park as global competitive actors, agents of global development and cultural symbols, particularly in the context of their role in the developing experience economy. In conclusion, this book is a practical guide to the planning and development of theme parks.
