Bhagat Singh is a name that became synonymous with revolution in India's struggle for Independence. This young boy brought about a change in the way people thought about freedom. He was well read and fought extensively for rights - his own, his comrades' and his countrymen's. A discussion with a friend soon turned into a matter of self-assessment for Bhagat Singh, leading to a discourse on why he chose to be an atheist. Even in the face of death

at a very young age, his uncanny observation leads to his putting forth some pertinent questions. On another occasion, he was disappointed with his father's plea in court for his innocence and chose to write a letter to him. This book is a collection of eighteen of his valued writings from within the walls of prison and outside it, which show us the resolve in his words, and the bravery in his acts subsequently.

I had the opportunity to work with the author, Vinod Kapoor, at both Doordarshan and All India

Radio (AIR). His writings always carried clarity of opinion. The book is not a history of broadcasting but gently touches the contours of that chequered march of broadcasting though in an interesting manner. The author has written with flowing interest, subjects like the controversy about language, the way dramas gained prominence, the scene at the AIR during the Mahatma Gandhi assassination and also when the nation attained freedom. There are references to how AIR helped Hindi cinema grow and provide a stream of artists it nurtured. He recapitulates the contributions of some known broadcasters with anecdotal references that

shaped the medium. He has strongly expressed his displeasure on denying functional freedom to the professionals, which Prasar Bharati Act had promised. He has not minced expressions in excoriating the non-professionals take charge, which, in reality, brought the downfall of Public Broadcasting. There are points where he could not restrain his anguish but that went with reason and mood. Broadcasting is a very vast subject and one cannot cover every aspect of it. Yet, the author has made a valiant attempt. The author has flair for writing and done some of the chapters with extra zest like his essays titled Zest for Music, Voices That Ring or The Mentors. This reminded me of his research on certain individuals, which showcases the enormity of broadcasting. There is amplified mention of veteran actors Jahanara Kajjan, Achla Sachdev, Om Prakash and film composers, Roshan and Ravi, who represented the entire gamut of artists who scored big later. LD Mandloi Former Director General Doordarshan and AIR

Why I am an Atheist and Other Works Oxford University Press, USA

A reappraisal of the tumultuous Partition and how it ignited long-standing animosities between India and Pakistan This new edition of Yasmin Khan's reappraisal of the tumultuous India-Pakistan Partition features an introduction reflecting on the latest research and on ways in which commemoration of the Partition has changed, and considers the Partition in light of the current refugee crisis.

Reviews of the first edition: "A riveting book on this terrible story."—Economist "Unsparring. . . . Provocative and painful."—Times (London) "Many histories of Partition focus solely on the elite policy makers. Yasmin Khan's empathetic account gives a great insight into the hopes, dreams, and fears of the millions affected by it."—Owen Bennett Jones, BBC

Gandhi on Nehru Oxford University Press

"Bhagat Singh spent the last two years of his life in jail, awaiting execution. During this time, he and his comrades fought one of the most celebrated Court Battles in the annals of national liberation

struggles, and used the court as a vehicle for the propagation of their revolutionary message. They also struggled against the inhuman conditions in the Colonial jail, and faced torture and pain. Their heroism made them icons and figures of Inspiration for generations to come. All this is well-known. What is not so well-known is that Bhagat Singh wrote four Books in jail. Although they were smuggled out, they were destroyed and are lost forever. What survived was a Notebook that the Young martyr kept in jail, full of notes and jottings from what he was reading. In the year of his Birth centenary, LeftWord is proud to present his Notebook in an elegant edition. This Edition has been checked against the copy preserved in the National Archives of India. The Notebook is richly annotated by Bhupender Hooja; and the annotations have been revised and updated for this edition. Also included are the most important Texts that Bhagat Singh wrote in jail, Chaman Lal's lucid introduction, the New York Daily Worker's reports and Periyar's editorial on the hanging" -

In 1846, the British created the state of Jammu and Kashmir (J&K) - popularly called "Kashmir" - and then quickly sold this prized region to the wily and powerful Raja, Gulab Singh. Intriguingly, had they retained it, the India-Pakistan dispute over possession of the state may never have arisen, but Britain's concerns lay elsewhere -- expansionist Russia, beguiling Tibet and unstable China "circling" J&K -- and their agents played the 'Great Game' in Afghanistan and 'Turkistan'. Snedden contextualizes the geo-strategic and historical circumstances surrounding the British decision to relinquish prestigious 'Kashmir', and explains how they and four Dogra maharajas consolidated and controlled J&K subsequently. He details what comprised this diverse princely state with distant borders and disunified peoples and explains the Maharaja of J&K's controversial accession to India on 26 October 1947 - and its unintended consequences. Snedden weaves a compelling narrative that frames the Kashmir dispute, explains

why it continues, and assesses what it means politically and administratively for the divided peoples of J&K and their undecided futures.

What do anti-colonial histories mean for politics in contemporary India? How can we understand a political terrain that appears crowded with the dead, heroic figures from past struggles who call the living to account and demand action? What role do these 'afterlives' play in the inauguration of new politics and the fashioning of possible futures? In this engaging and innovative analysis of anti-colonial afterlives in modern South Asia, Chris Moffat crafts a framework that takes the dead seriously - not as passive entities, ceremonially invoked, but as active interlocutors and instigators in the present. Focusing on the iconic revolutionary martyr Bhagat Singh (1907-1931), Moffat establishes the problem of inheritance as central to the forms and futures of democracy in this postcolonial polity. Tracing Bhagat Singh's revenant presence in India today, he

demonstrates how living communities are animated by a sense of obligation, duty or debt to the dead.

The Times of India

Directory and Year Book

Including Who's who

Penguin UK

Presents the Indian literatures, not in isolation in one another, but as related components in a larger complex, conspicuous by the existence of age-old multilingualism and a variety of literary traditions. --

**The Jail Notebook and Other Writings**

Sristhi Publishers & Distributors

The fifth edition of Modern South Asia draws on the newest historical research and scholarship in the field to interpret and debate key developments in modern South Asian history and historical writing, covering the diverse spectrum of the subcontinent's social, economic and political past. Jointly authored by two leading Indian and Pakistani historians, this definitive study offers a rare depth of historical understanding of the politics, cultures and economies that have shaped the lives of more than a fifth of humanity. This new edition on the 75th anniversary of

independence and partition brings the narrative up to the present day, discussing recent events and addressing new themes such as the capture of state power in India by the forces of religious majoritarianism, economic development in the context of the 'rise' of Asia and strategic shifts occasioned by the US withdrawal from Afghanistan and China's increasing role in the region. Providing fresh insights into the structure and ideology of the British raj, the meaning of subaltern resistance, the refashioning of social relations along lines of caste, class, religion and gender, the different strands of anti-colonial nationalism and the dynamics of decolonization, this is an essential resource for all students of the modern history of South Asia in an Indian Ocean and global context.

Pandit Nehru's words that night have remained etched in the nation's memory ever since. Born

to a privileged family in Allahabad, Jawaharlal went on to become a leading figure of the Indian independence movement. During the struggle he spent over ten years in prison, watched others in his family jailed time and again, and led numerous protest marches and agitations. Working alongside Mahatma Gandhi, he helped India keep its tryst with destiny and become a free nation. Aditi De recounts the story of Jawaharlal Nehru's extraordinary life in this biography for young readers. Filled with charming anecdotes, it recounts episodes from

Nehru's childhood, his fascination with books and scientific experiments, his student years in England, and how he was drawn to the growing struggle for Indian independence. Finally, she sketches his role as the first Indian Prime Minister, and how he shaped the newly-formed democratic republic. Packed with little known nuggets of information, and trivia about the times, this book in the Puffin Lives series brings alive the thoughts and actions of one of modern India's most important personalities.
