Mario Alvarez's dream of emigration takes a tragicomic twist on the rough streets of La Paz, Bolivia's seat of government. Alvarez embarks on a series of Kafkaesque adventures, crossing paths with a colorful cast of hustlers, social outcasts, and crooked politicians—and initiating a romance with a straight-shooting prostitute named Blanca. Resonant of Elizabeth Gilbert's *The Signature of All Things* and Tracy Chevalier's *Remarkable Creatures*, *Girl Runner* is an unforgettable, beautifully written novel that celebrates a woman born to reach beyond the limitations of her time. As a young runner, Aganetha Smart defied everyone's expectations to win a gold medal for Canada in the 1928 Olympics. It was a revolutionary victory, because this was the first Games in which women could compete in track events—and they did so despite opposition. But now Aganetha Smart is in a nursing home, and nobody realizes that the frail centenarian was once a bold pioneer. When two young strangers appear asking to interview Aganetha for their film about female athletes, she readily agrees. Despite her frailty, she yearns for adventure and escape. And though her achievement may have been forgotten by history, her memories of chasing gold in Amsterdam remain sharp. But that triumph is only one thread in the rich tapestry of her life. Her remarkable story is colored by tragedy as well as joy, and in *Girl Runner* Carrie Snyder pulls back the layers of time to reveal how Aganetha's amazing athleticism helped her escape from a family burdened by secrets and sorrow. However, as much as Aganetha tries, she cannot outrun her past or the social conventions of her time. As

the pieces of her life take shape, it becomes clear that these filmmakers may not be who they seem. . . .

In the latest thriller in the #1 New York Times bestselling series, homicide detective Eve Dallas investigates a murder with a mysterious motive—and a terrifying weapon. Pediatrician Kent Abner received the package on a beautiful April morning. Inside was a cheap trinket, a golden egg that could be opened into two halves. When he pried it apart, highly toxic airborne fumes entered his body—and killed him. After Eve Dallas calls the hazmat team—and undergoes testing to reassure both her and her husband that she hasn't been exposed—it's time to look into Dr. Abner's past and relationships. Not every victim Eve encounters is an angel, but it seems that Abner came pretty close—though he did ruffle some feathers over the years by taking stands for the weak and defenseless. While the lab tries to identify the deadly toxin, Eve hunts for the sender. But when someone else dies in the same grisly manner, it becomes clear that she's dealing with either a madman—or someone who has a hidden and elusive connection to both victims. "The 50th book proves this series truly is the gold standard." — Associated Press

"This infinitely exciting tale's twist and turns highlight the characters' missions as they decide which identity to choose: hero, martyr, or villain. Readers looking for a sophisticated fantasy that shows a raw, rowdy, and rough side of life will be utterly satisfied. For fans of Robin LaFevers's *His Fair Assassins* series." -School Library Journal Amon Thorson doesn't hate his father, Thor the god of thunder, but he did try to kill him once. Not that Thor seemed to notice—all he did to punish Amon was break his arm and send him off to lick his wounds. Ever since, Amon has done everything he can to stay on his dad's bad side, from disrespectful language and terrible public interviews, to dealing illegal substances and black-market artifacts. The best-or worst-of which is transporting elf gold. For gold made by elfish magic ruins people. It addicts them and tempts them to do terrible things to themselves and others, and with this venture, Amon may be stirring up more trouble than he

can handle. When Amon picks up a strange girl with too many secrets and somebody steals Loki's Mask of Changing, Amon finally gets his father's attention. He's marked as the prime suspect in the theft and one of Thor's best hunters is put on Amon's tail, a hunter who won't stop until he's nailed Amon for something. And to complicate matters, Amon might be falling in love with a monster.
