Managed care, electronic records and communication, cosmetic dermatology, direct-to-consumer advertising, core competencies, and conflicts of interest were either nascent concepts or not even on the horizon as recently as the mid-1980s. The public, accrediting organizations, and physicians themselves recognize the need for training resources in dermatology ethics and professionalism. There is a need to address these topics in a format that will stimulate dialogue and reflection.

The Gee Years chronicles the tenure of E. Gordon Gee, eleventh president of The Ohio State University, from the closely held search process to his departure. When Gee lost his beloved wife, Elizabeth, to cancer in 1991 and became a single parent, he not only carried on, he carried the university through some

of its most exhilarating but contentious times. By 1996, he was so popular, private polls said he could run for Ohio governor-- and win--on either ticket.

When he, and his new bride Constance Bumgarner Gee, left instead for Brown University in January 1998, they left behind a stronger Ohio State and a string of stories about power brokers, politicians, and just plain Buckeyes. Populated by such figures as Les Wexner and George Voinovich, Andy Geiger and John Cooper, Bernadine Healy and John Glenn, *The Gee Years* is "inside baseball," written by a member of Gee's inner circle, his communications director. From the board room to the press box, from fundraisers to sit-ins, this is the story of a singular academic leader and more than seven years in the history of the complex university he headed.
