analyzes the

work of Mel Brooks as political and social commentary. It demonstrates that Brooks is a serious, political filmmaker whose comedies go beyond goofy parody, attending to serious socio-political issues through a humorous lens.

I Wanna Be a Producer

Broadway Play Pub (Applause Books). What does a "producer" actually do? How does one travel from

that great idea for a show to a smash hit opening night on Broadway? John Breglio cannot guarantee you a hit, but he does take the reader on a fascinating journey behind-the-scenes to where he himself once stood as a child, dreaming about the theatre. Part memoir, part handbook, *I Wanna Be a Producer* is a road map to the hows and wherefores, the dos and don'ts of

producing a Broadway play, written by a Broadway veteran with more than 40 years of experience. This comprehensive and highly informative book features practical analysis and concepts for the producer and is filled with entertaining anecdotes from Breglio's illustrious career as a leading theatrical lawyer and producer. Breglio recounts not only his first-

hand knowledge of the crucial legal and business issues faced by a producer, but also his experiences behind the scenes with literally hundreds of producers, playwrights, composers, and directors, including such theatre luminaries as Michael Bennett, Joe Papp, Stephen Sondheim, Andrew Lloyd Webber, Patti Lupone, August Wilson, and Mel Brooks. Whether you are a working

or aspiring producer, an investor, or are just curious about the backstage reality of the theater, Breglio shares his knowledge and experience of the industry, conveying practical information set against the real-life stories of those who have devoted their lives to the craft. So You Want to Be a Producer Oxford University Press on Demand Behind the Glass, Volume

II presents another prime collection of firsthand interviews with the world's top record producers and engineers, sharing their creative secrets and hit-making techniques - from the practical to the artistic. In these pages you'll find Daniel Lanois (U2, Bob Dylan) discussing the future of digital recording; T-Bone Burnett (Robert Plant and Alison Krauss) sharing his

unique view of creating complex low end; and Hugh Padgham (Police, Genesis) analyzing the state of the business today. For real-world advice on everything from home recording to mixing to coaching a nervous singer, check out author Howard Massey's conversations with Mark Ronson (Amy Winehouse), Tony Brown (Reba McEntire), Gus Dudgeon (Elton John), John Simon (The Band), Russ Titelman (Steve Winwood), Bruce Swedien (Michael Jackson), Rodney Jerkins (Mary J. Blige), Simon Climie (Eric Clapton), Matt Serletic (Matchbox Twenty), and more. American Musical Theatre Hal Leonard Corporation (Limelight). A Killer Life is a book about just that: the killer life of an alternative film producer who's forged her own path of success between the disparate pillars of art and commerce. Strong, steady, creative, loyal, funny, artistic, and doggedly determined to produce films that have meaning and substance and staying power in the pantheon of great cinema, Christine Vachon, a member of the Academy and born and bred on the realistic, unforgiving streets of New York City, is one of the most important people

working behind the scenes in the film industry today. How did she get there? Why do directors love her? What does it take to produce great movies? What happened on the set of Kids ? These answers and more are in her book! The Producers W. W. Norton & Company "Fun and gossipy." —The Wall Street Journal * "A masterful history." —Publishers Weekly (starred review) * "Engaging."

—Newsweek A "brisk, insightful, and deliciously detailed take" (Kirkus Reviews) on a transformative decade on Broadway, featuring behind-the-scenes accounts of shows such as Rent, Angels in America, Chicago, The Lion King, and The Producers—shows that changed the history of the American theater. The 1990s was a decade of profound change on Broadway. At the dawn of

the nineties, the British invasion of Broadway was in full swing, as musical spectacles like Les Miserables, Cats, and The Phantom of the Opera dominated the box office. But Andrew Lloyd Webber's Sunset Boulevard soon spelled the end of this era and ushered in a new wave of American musicals, beginning with the ascendance of an unlikely show by a struggling writer who

reimagined Puccini's opera *La Bohème* as the smash Broadway show *Rent*. American musical comedy made its grand return, culminating in *The Producers*, while plays, always an endangered species on Broadway, staged a powerful comeback with Tony Kushner's *Angels in America*. A different breed of producers rose up to challenge the

grip theater owners had long held on Broadway, and corporations began to see how much money could be made from live theater. And just as Broadway had clawed its way back into the mainstream of American popular culture, the September 11 attacks struck fear into the heart of Americans who thought Times Square might be the next target. But Broadway was back in business just two days later,

buoyed by talented theater people intent on bringing New Yorkers together and supporting the economics of an injured city. "Told with all the wit and style readers could wish for" (Booklist) Michael Riedel presents the drama behind every mega-hit or shocking flop. From the bitter feuds to the surprising collaborations, all the intrigue of a revolutionary era in the Theater District is packed into

Singular Sensation. Broadway has triumphs and disasters, but the show always goes on.

Hal Leonard Corporation. Few jobs in Hollywood are as shrouded in mystery as the role of the producer.

What does it take to be a producer, how does one get started, and what on earth does one actually do? In *So You Want to Be a Producer* Lawrence Turman, the producer of

more than forty films, including *The Graduate*, *The River Wild*, *Short Circuit*, and *American History X*, and Endowed Chair of the famed Peter Stark Producing Program at the University of Southern California, answers these questions and many more. Examining all the nuts and bolts of production, such as raising money and securing permissions, finding a story and developing a script,

choosing a director, hiring actors, and marketing your project, *So You Want to Be a Producer* is a must-have resource packed with insider information and first-hand advice from top Hollywood producers, writers, and directors, offering invaluable help for beginners and professionals alike. Including a comprehensive case study of Turman's film *The Graduate*, this complete

guide to the movie industry's most influential movers and shakers brims with useful tips and contains all the information you need to take your project from idea to the big screen.

McDonald's book is the second in the Humanities Ebooks Contemporary American Literature

Series, edited by Christopher Gair and Aliko Varvogli. Given that postmodernism has been associated with doubt, chaos, relativism and the disappearance of reality, it may appear difficult to reconcile with American optimism. Laughing at the Darkness demonstrates that this is not always the case. In examining the work of, among others, Sherman Alexie, Woody Allen, Douglas Coupland,

Jonathan Safran Foer, Bill Hicks, David Mamet, and Philip Roth, McDonald shows how American humourists bring their comedy to bear on some of the negative implications of postmodernism and, in so doing, explore ways of reclaiming value. 1856-1951
Applause Theatre & Cinema Books When Evita opened on Broadway during the 1979-1980 season, it was (as one of its songs said) "High Flying Adored." But in the 1970-71 season, the producers of Lolita, My Love saw their show (as one of its songs said) "Going, Gone, Gone" after its torturous Philadelphia and Boston tryouts. It didn't even try to brave Broadway, although the

bookwriter-lyricist of My Fair Lady had written it. It happens every season. Broadway has one, two, or a few hit musicals, but many, many more flops. Here's a look at the extreme cases from each season of the past half-century. The musicals that everyone knew would be hits - The Sound of Music, The Phantom of the Opera, The Producers - and were. The tuners that sounded terrible from

the moment they were announced - Via Galactica, The Civil War, Lestat - and turned out to be even worse than anyone expected. The shows that were destined to succeed - Breakfast at Tiffany's, 1600 Pennsylvania Avenue, Merrily We Roll Along - but didn't. The ones that didn't have a chance - Man of La Mancha, 1776, Grease - but went on to household-name status. Yes, Broadway is the oldest established permanent

non-floating crap game in New York, and Peter Filichia takes a look at 100 shows that met either the most glorious or the most ignominious fates. The personal

and poignant debut poetry collection from the award-winning singer, songwriter, and producer revolves around the emotions, struggles, and experiences of finding your voice and confidence as a woman.

"I've realized that some feelings can't be turned into a song . . . so I've started writing poems.

Just like my songs, they are personal and honest. Just like my songs, they have hooks and rhymes.

Just like my songs, they talk about what it's like to be twenty-something trying to navigate a wildly beautiful and broken world." Deeply emotional and candid, *Feel Your Way Through* explores the challenges and celebrates the experiences faced by Kelsea Ballerini as she navigates the twists and turns of growing into a woman today. In this book of original poetry,

Ballerini addresses themes of family, relationships, body image, self-love, sexuality, and the lessons of youth. Her poems speak to the often harsh, and sometimes beautiful, onset of womanhood. Honest, humble, and ultimately hopeful, this collection reveals a new dimension of Ballerini's artistry and talent.
