No city in the world has seen more intense political battles between bosses and reformers than New York, which is home to America's original party machine, Tammany Hall, and its most spectacular urban corruption scandals. In these battles, reformers have always presented themselves as white knights, gallantly crusading for good government against the petty and corrupt hacks who are driven by self-interest. So it remains today. But, as The Scandal of Reform makes clear, this good versus evil storyline is mostly mythù an urban legend perpetuated by a reform community that has always been more selfrighteous than right and more interested in power than in democracy. The Scandal of Reform pulls the curtain back on New York's reformers past and present, revealing the bonds they have always shared with the bosses they disdain, the policy failures they still refuse to recognize, and the transition they have made from nonpartisan outsiders to ideological insiders. Francis S. Barry examines the evolution of political reform from the frontlines of New York City's recent reform wars. He offers an insider's account and analysis of the controversial 2003 referendum debate on nonpartisan elections, and he challenges reformersùand members of both partiesùto reconsider their faith in reforms that are no longer serving the public interest.

An NPR Best Book of 2017 Heiress to the nearly forty-billion-dollar L'Oréal fortune, Liliane Bettencourt was the world's richest woman and the fourteenth wealthiest person. But her gilded life took a dark yet fascinating turn in the past decade. At ninety-four, she was embroiled in what has been called the Bettencourt Affair, a scandal that dominated the headlines in France. Why? It's a tangled web of hidden secrets, divided loyalties, frayed relationships, and fractured families, set in the most romantic city—and involving the most glamorous industry—in the world. The Bettencourt Affair started as a family drama but quickly became a massive scandal, uncovering L'Oréal's shadowy corporate history and buried World War II secrets. From the Right Bank mansions to the Left Bank artist havens; and from the Bettencourts' servant quarters to the office of President Nicolas Sarkozy; all of Paris was shaken by the blockbuster case, the shocking reversals, and the surprising final victim. It all began when Liliane met François-Marie Banier, an artist and photographer who was, in his youth, the toast of Paris and a protégé of Salvador Dalí. Over the next two decades, Banier was given hundreds of millions of dollars in gifts, cash, and insurance policies by Liliane. What, exactly, was their relationship? It wasn't clear, least of all to Liliane's daughter and only child, Françoise, who became suspicious of Banier's motives and filed a lawsuit against him. But Banier has a far different story to tell... The Bettencourt Affair is part courtroom drama; part upstairs-downstairs tale; and part characterdriven story of a complex, fascinating family and the intruder who nearly tore it apart.

Theodore Boone: The Scandal Penguin

The true story of drugs and corruption in Brooklyn's 75th precinct, as told by a cop who lived it, a journalist, and an Edgar Award-winning author. They had no fear of the cops. Because they were the cops. NYPD officers Mike Dowd and Kenny Eurell knew there were two ways to get rich quick in the Seven-Five. You either became drug dealers, or you robbed drug dealers. They decided to do both. Dowd and Eurell ran the most powerful gang in East New York's dangerous 75th Precinct, the crack cocaine capital of 1980s America. These “Cocaine Cops” formed a lucrative alliance with Adam Diaz, the kingpin of an ever-expanding Dominican drug cartel. Soon Mike and Ken were buying fancy cars no cop could afford, and treating their wives to levels of luxury not associated with a patrol officer's salary. They were daring, dangerous and untouchable—until the biggest police scandal in New York history exploded into the headlines with the arrest of Mike, Ken, and their fellow crooked cops. Released on bail, Mike offered Ken a long shot at escape to Central America—a bizarre plan involving robbery, kidnapping, and murder—forcing Ken to choose between two forms of betrayal. “When you lie, you steal the truth. Once you have stolen the truth, you can justify stealing anything from anybody.” Adapted from Ken Eurell's personal memoirs of the time plus hundreds of hours of exclusive interviews with the major players, including Adam Diaz and Dori Eurell, this book reveals the truth behind the documentary *The Seven Five*. Edgar Award winner Burl Barer once again teams with award-winning journalist Frank C. Girardot, Jr, and Eurell to bring you an astonishing story of greed and betrayal.

Saint Irenaeus was the first great Christian theologian. Born in Asia Minor in about 130 A.D., he became Bishop of Lyons and died as a martyr early in the third century. His main work, *Adversus Haereses* (Against the Heresies), is as relevant today as it was eighteen hundred years ago. It is a critique of Gnosticism, the 'anti-body' heresy, which, far from dying out, continues to flourish as the main threat to the Christian faith in our own day. With serenity and good humor, Irenaeus unfolds the unity of God's purpose in creation and redemption, in Old and New Testaments. The flesh and blood which Gnosticism so despised has been assumed by God in the womb of the Virgin Mary, and glorified in the Resurrection and the Eucharist. In this book, quotations from Saint Irenaeus have been arranged thematically in order to show the unity of his Christian view of the world. The texts have been selected and are introduced by the late Hans Urs von Balthasar, who is widely regarded as one of the greatest Catholic theologians of this century. They are translated by John Saward. "Everything in Irenaeus is bathed in a warm and radiant joy, a wise and majestic gentleness. His words of struggle are hard as iron and crystal clear, ... so penetrating that they cannot fail to enlighten the unbiased observer." □ Hans Urs von Balthasar

The Scandal of Reform Columbia University Press

How do we become better people? Initiatives such as New Year's resolutions, vision boards, thirty-day plans, and self-help books often fail to compel

us to live differently. We settle for small goals--frugal spending, less yelling at the kids, more time at the gym--but we are called to something far greater. We are created to be holy. Award-winning author Jessica Hooten Wilson explains that learning to hear the call of holiness requires cultivating a new imagination--one rooted in the act of reading. Learning to read with eyes attuned to the saints who populate great works of literature moves us toward holiness, where God opens up a way of living that extends far beyond what we can conjure for ourselves. Literature has the power to show us what a holy life looks like, and these depictions often scandalize even as they shape our imagination. As such, careful reading becomes a sort of countercultural spiritual discipline. The book includes devotionals, prayers, wisdom from the saints, and more to help individuals and groups cultivate a saintly imagination. Foreword by Lauren F. Winner.

The Scandal of Father Brown Forever

There is no more important topic for inquiry today than the meaning and message of Jesus, for in this quest lies the solution to human discontent and despair. Examining an array of titles for Jesus found in the New Testament, expressions ranging from rabbi and messiah to Wisdom of God, Word of God, and Lord, this study explores why Christology is not simply the study of Jesus Christ but also of the highest and best in us all. Who is Jesus Christ, and what is his significance for today? Was he fully human, the perfect human, God in disguise, or somehow all of these simultaneously? The key is to begin where the first Christians began, with their experience of Jesus, and then to press forward with the development of that understanding in our experience of Christ. While *The Scandal of Divine Love* is designed for Christian believers (survivors), it embraces skeptics and seekers alike, mindful that within each of us are multiple voices, sometimes affirming, sometimes questioning, occasionally even denying. Whether you consider yourself primarily as skeptic, seeker, or believer, this study encourages you to listen, appreciate, and cultivate each voice. This volume, ideal for individual and group study, will help you discover anew the magnificence of the life and person known to us as Jesus of Nazareth, as guide, exemplar, and Lord.

The Scandal of the State is a revealing study of the relationship between the postcolonial, democratic Indian nation-state and Indian women's actual needs and lives. Well-known for her work combining feminist theory and postcolonial studies, Rajeswari Sunder Rajan shows how the state is central to understanding women's identities and how, reciprocally, women and "women's issues" affect the state's role and function. She argues that in India law and citizenship define for women not only the scope of political rights but also cultural identity and everyday life. Sunder Rajan delineates the postcolonial state in implicit contrast with the "enlightened," postfeminist neoliberal state in the West. Her analysis wrestles with complex social realities, taking into account the influence of age, ethnicity, religion, and class on individual and group identities as well as the shifting, heterogeneous nature of the state itself. *The Scandal of the State* develops through a series of compelling case studies, each of which centers around an incident exposing the contradictory position of the Indian state vis-à-vis its female citizens and, ultimately, the inadequacy of its commitment to women's rights. Sunder Rajan focuses on the custody battle over a Muslim child bride, the compulsory sterilization of mentally retarded women in state institutional care, female infanticide in Tamilnadu, prostitution as labor rather than crime, and the surrender of the female outlaw Phoolan Devi. She also looks at the ways the Uniform Civil Code presented many women with a stark choice between allegiance to their religion and community or the secular assertion of individual rights. Rich with theoretical acumen and activist passion, *The Scandal of the State* is a powerful critique of the mutual dependence of women and the state on one another in the specific context of a postcolonial modernity.

Theories of justice are haunted by a paradox: the more ambitious the theory of justice, the less applicable and useful the model is to political practice; yet the more politically realistic the theory, the weaker its moral ambition, rendering it unsound and equally useless. Brokering a resolution to this "judgment paradox," Albenaz Azmanova advances a "critical consensus model" of judgment that serves the normative ideals of a just society without the help of ideal theory. Tracing the evolution of two major traditions in political philosophy—critical theory and philosophical liberalism—and the way they confront the judgment paradox, Azmanova critiques prevailing models of deliberative democracy and their preference for ideal theory over political applicability. Instead, she replaces the reliance on normative models of democracy with an account of the dynamics of reasoned judgment produced in democratic practices of open dialogues. Combining Hannah Arendt's study of judgment with Pierre Bourdieu's social critique of power relations, and incorporating elements of political epistemology from Kant, Wittgenstein, H. L. A. Hart, Max Weber, and American philosophical pragmatism, Azmanova centers her inquiry on the way participants in moral conflicts attribute meaning to their grievances of injustice. She then demonstrates the emancipatory potential of the model of critical deliberative judgment she forges and its capacity to guide policy making. This model's critical force yields from its capacity to disclose the common structural sources of injustice behind conflicting claims to justice. Moving beyond the conflict between universalist and pluralist positions, Azmanova grounds the question of "what is justice?" in the empirical reality of "who suffers?" in order to discern attainable possibilities for a less unjust world.
