The story of his unconventional life will take you from ... tales of murder, trauma, heartbreak, and survival deep in the Pacific Northwest wilderness all the way to an idealization of the self-made man--still flawed, but never broken"--Dust jacket fl

Are girls taking over the world? It would appear so, based on magazine covers, news headlines, and popular books touting girls' academic success. Girls are said to outperform boys in high school exams, university entrance and graduation rates, and professional certification. As a result, many in Western society assume that girls no longer need support. But in spite of the messages of post-feminism and neoliberal individualism that tell

girls they can have it all, the reality is far more complicated. *Smart Girls* investigates how academically successful girls deal with stress, the "supergirl" drive for perfection, race and class issues, and the sexism that is still present in schools. Describing girls' varied everyday experiences, including negotiations of traditional gender norms, Shauna Pomerantz and Rebecca Raby show how teachers, administrators, parents, and media commentators can help smart girls thrive while working toward straight As and a bright future.

Sojourner Truth and Intersectionality investigates how the story of the 19th-century abolitionist and women's rights advocate Sojourner Truth has come to be an iconic feminist story, and explores the continued relevance of this story for contemporary feminist debates in general, and intersectionality scholarship in particular. Tracing various academic reception histories of the story of Sojourner Truth and the famous "Ain't I a Woman?" speech, the book gives insight into how this story has been taken up by feminist scholars in different times, places, and political contexts. Exploring in particular how and why the story of Sojourner Truth has become a key reference for the theoretical and political framework of intersectionality, the book examines what the consequences of this connection are both for how intersectionality is understood today, and how the story of Sojourner Truth is approached. The book examines key intersecting dimensions within the story of Truth and its reception, including gender, race, class and religion. This book will be of interest to students and scholars in gender, women's and feminist studies. In particular, the book will be of interest to those wishing to learn more about intersectionality and Sojourner Truth.

In this trenchant inquiry into the state of feminism, Angela McRobbie breaks open the politics of sexual equality and 'affirmative feminism' and sets down a new theory of gender power. Challenging the most basic assumptions of the 'end' of feminism, this book argues that invidious forms of gender re-stabilisation are being re-established. Consumer and popular culture encroach on the terrain of so-called female freedom, appearing supportive of female success, yet tying women into new post-feminist neurotic dependencies. With a scathing critique of 'women's empowerment', McRobbie has developed a distinctive feminist analysis that she uses to examine socio-cultural phenomena embedded in contemporary women's lives: from fashion photography and the television 'make-over' genre to

eating disorders, body anxiety and 'illegible rage'. A turning point in feminist theory, *The Aftermath of Feminism* will set a new agenda for gender studies and cultural studies.

"This is a book to own, read and re-read for its insights and which should then provoke us to act so that all children at school are able to enjoy and benefit from education". Professor Debbie Epstein, Cardiff University, UK, Editor, Gender and Education

"This excellent book offers evidence from a rich vein of research covering all aspects of girls' and young women's experiences of education, in and out of school, and is therefore an absolute must for all involved in teaching, learning, researching and policy-making on gender." Professor Gaby Weiner, University of Edinburgh, UK
 Countering claims that we live in 'post-feminist' times in which girls 'have it all' and can do, and be, whatever they like, this book explores some of the current concerns of, and about, girls today. Issues relating to girls' schooling and femininities have been sidelined and depoliticised in recent education agendas. Yet questions and concerns relating to schoolgirls' lives and experiences deserve immediate attention. Not all girls are academically successful; many girls face exclusion in schools; career aspirations are still gendered; rates of smoking and drinking alcohol are high amongst some groups of girls. With contributions from leading researchers in gender and education, this book: Draws on cutting edge research to

consider ongoing problems and explore new agendas. Includes contributions relating to the entire 3-16 year age range. Considers both the within- and out-of-school experiences of girls, and locates them within wider debates about gender anxieties in contemporary education. This topical collection highlights the main issues faced by girls in Britain today, and endeavours to put girls back on the educational agenda. It is essential reading for students, academics and researchers in education, sociology, and girls' studies, as well as for school teachers and education policy makers. Contributors: Alexandra Allan, Sheryl Clark, Fin Cullen, Jannette Elwood, Becky Francis, Rosalyn George, Valerie Hey, Laura Hills, Jean Kane, Gwynedd Lloyd, Jackie Marsh, Barbara Martin, Gillean McCluskey, Emma Renold, Sheila Riddell, Jessica Ringrose, Farzana Shain, Joan Stead, Elisabet Weedon

In this highly readable book, Linda Duits investigates girl culture in the Dutch multicultural society. Her ethnographic account provides a thick description of life at school, still the most prominent setting for today's youth. She followed young girls of

diverse ethnic backgrounds in their transition from primary to secondary school, focusing on the ways they use the body, clothing and media in their "performance" of identity. Countering several media hypes, including the internet generation, the headscarf debate and the sexualisation of society, Duits shows how contemporary girl culture is a mundane culture that is reflexively negotiated in an everyday setting.
