examination syllabus and provide practice in the style of questions used in the examination itself. The Caribbean Review of Books Hachette UK Suitable for students studying for CSEC examinations, this book includes features such as: written for the latest CSEC syllabus; learning objectives stated for each chapter; keywords highlighted in the margins form a

glossary; and, diagrams and pictures that encourage understanding .
Principles of Accounts for Cxc with Multiple-Choice Questions
 Springer Nature
 Principles of Accounts for CSEC 2nd edition prepares students for the examination as well as post-secondary, professional studies and entry-level employment. The textbook and accompanying

workbook match the syllabus exactly to ensure students are working effectively through the course towards the examination. **Dual Legacies in the Contemporary Caribbean**
 Oxford University Press - Children
 Principles of Accounts for Caribbean Examinations is primarily for students preparing for the Caribbean Examinations Council CSEC(r),

Principles of Accounts examinations. The text mirrors the syllabus, making it easy for teachers and students to follow; and available answers allow students to work on their own or with supervision. The authors present basic principles in an engaging and practical style making Accounting accessible to users at all levels. Users will find this book comprehensive yet concise. Each of the 20 chapters

begins with a brief topic overview. The concepts are illustrated by figures and tables and by everyday examples familiar to students. Questions round out each chapter and the answers are provided at the end of the text

Management of Business
Hodder Education
This book offers first-person narratives of teachers' curriculum encounters. The reflections of teachers

are presented using Pinar's Method of Currere as a tool for undertaking deep analysis of teachers' curriculum encounters. The Method of Currere allows teachers to embody curriculum in all its forms, allowing for reflection on encounters in the formal, informal, hidden curriculum and beyond. The book aims to provide readers with a broad understanding of curriculum as the lived experience

encapsulating the educational, personal, and professional life of the teacher. In this way teachers are able to trace and make sense of the development of their knowledge and make changes that lead to the continuous offering of quality education. The book will be of interest to students, scholars and practitioners involved in curriculum studies, teacher education/trai

ning, teaching, and general education. *Principles of Geography for CXC* Oxford University Press - Children
A range of resources for CAPE has been specially developed to meet the requirements of the CAPE syllabus. This new textbook has been developed to match the requirements of the CAPE Management of Business syllabus. Full coverage of the CAPE syllabus is provided and

the content has a clear focus on the Caribbean economic and business environment. A distinctive feature is the provision of examination-type questions at the end of each major section. The questions come with a suggested time limits for answering, giving useful practice in how to allocate time for the final examination. Management of Business for CAPE includes case studies from a variety of countries

and industries, as well as an internal assessment component.

CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students, researchers and practitioners in all of the social and language-related sciences carefully selected book-length publications dealing with sociolinguistic theory, methods,

findings and applications. It approaches the study of language in its broadest sense, as a truly international and interdisciplinary field in which various approaches, theoretical and empirical, supplement and complement each other. The series invites the attention of linguists, language teachers of all interests, sociologists, political scientists, anthropologist

s, historians etc. to the development of the sociology of language.

Multiple Choice Tests in Principles of Business Oxford University Press - Children

This volume is the second of the three-volume edition of the proceedings of an international conference on Legacies of West Indian Slavery held at the University of Hull in July 1983 to commemorate the sesquicentenary of the abolition of slavery in the British Empire. Its focus is on the contemporary Caribbean and the omnipresent legacies of slavery that continue to mark

everyday life in the region. To catalogue these in any detail would be a monumental task, so pervasive and lasting have been their influence throughout the archipelago. CXC 10th Anniversary Nelson Thornes
Written to match the latest CSEC syllabus, this title focuses on areas relevant to Caribbean students with up-to-date information and detailed case studies.

It provides key issues facing the Caribbean region and the wider world such as climate change, environmental degradation and disaster management.
