Westminster  
John Knox  
Press  
Gender and  
women's  
studies have  
formed part of  
the academic  
landscape for  
many years,  
but while the  
field is now  
established  
enough to  
have  
developed in  
depth and  
perspectives,  
there remain  
many areas of  
significance  
yet to be  
explored-most  
significantly,  
much of the  
work carried  
out has  
remained  
rooted in the  
Anglo-  
American

context. Those  
working  
outside this  
context are  
increasingly  
aware of the  
need to  
understand  
women in  
different  
cultural  
contexts in  
order to  
determine  
whether, to  
what extent  
and how  
representation  
s of women  
and cultural  
contexts are  
interactive  
and dynamic  
concepts. The  
current  
volume  
contributes to  
the growing  
interest in the  
field of women  
and culture in  
the Hispanic

and Lusophone worlds and shows how women writers, researchers, teachers and students have always made waves to counteract the complacency, prejudice and tradition that threatens to ignore or subsume them. The volume draws on literary study—the starting point for much of the early work on gender in Spain, the Lusophone world and Latin America—but also goes

beyond it, to discuss women’s interaction not only with literature but also with art, and language itself, in the Hispanic and Lusophone contexts. It acts as a showcase for contemporary scholarship undertaken in Hispanic and Lusophone gender studies, developing earlier insights and forging new ones, to refine the debate continuing in the subject. The contributors include both

established scholars with a proven track record and promising newcomers to the field. The volume arises from the individual research projects and sustained discussions of Women in Spanish, Portuguese and Latin American Studies (WiSPs), an organisation that exists to promote scholarship by and about women in the field of Iberian, Lusophone and Latin American

Studies. This volume celebrates the first seven years of WiSPs's life and presents some of the research presented under its auspices at annual conferences and study days.

Bucknell University Press  
Postmodernity in Spanish Fiction and Culture  
attempts a concise approach to the question of postmodernity in Spain since

the advent of democracy. The study presents Spain as one of the most postmodern of all European nations and argues that exclusive social and cultural experiences such as the movida, the desencanto, political pasotismo, immigration, globalization, and terrorism are not only patently Spanish but also that in their totality, they constitute a powerful postmodern current in

Spain.  
**Walking in Daniel's Shoes** Taylor & Francis  
This collection of essays on late Roman Hispania describes the relationships between the peninsula and the rest of the late antique world. Its contributors – archaeologists, historians, and historians of art – address both the historical evidence and the complex historiography of late antique Hispania.  
Rimfire Rifles: A Buyer's and Shooter's Guide

<p>Routledge Some 750 alphabetically- arranged entries provide insights into recent cultural and political developments within Spain, including the cultures of Catalonia, Galicia and the Basque country. Coverage spans from the end of the Civil War in 1939 to the present day, with emphasis on the changes following the demise of the Franco dictatorship in 1975. Entries range from</p>	<p>shorter, factual articles to longer overview essays offering in- depth treatment of major issues. Culture is defined in its broadest sense. Entries include: *Antonio Gaudí * science * Antonio Banderas * golf * dance * education * politics * racism * urbanization This Encyclopedia is essential reading for anyone interested in Spanish culture. It</p>	<p>provides essential cultural context for students of Spanish, European History, Comparative European Studies and Cultural Studies. <u>Miura, El Toro De Bilbao</u> Greenwood Publishing Group The first of two volumes on Mauser rifles, this full- color, illustrated book presents the design, manufacturing , development, and combat use of the various</p>
--	---	---

models from 1870 through World War I. Starting with the Model 1871--or Gewehr 71--the book explores each variant, then follows with detailed discussions on the models 1871/84, 88, and 98. The rare G98 sniper and M1918 antitank rifles are also shown. Details include close-up views of markings, as well as a serial numbers list, and a visual breakdown of the weapons. Accessories such as

ammunition, ammo pouches, bayonets, magazines, scopes, and cleaning kits are featured throughout the book, as well as rarely seen combat-related uniform and equipment items.

Mauseres** LIT

Verlag  
Münster  
This book is devoted to a whole series of useful firearms, beginning with the well-known .22 Long Rifle. The venerable "twenty-two"

hosts a wide array of interesting loads, including some ultra-quiet choices and fairly nasty high-speed rounds. Even hotter rimfire calibers include the .22 Winchester Magnum Rimfire, plus three small-bore derivatives: the .17 Mach II, .17 Hornady Rimfire Magnum, and Winchester's high velocity .17 Super Magnum. Careful shopping can provide us

with a useful rimfire (or maybe even two) with which to quietly harvest small game or eliminate pests. An economical .22 LR firearm can also serve as a great high-powered rifle trainer if similar function is considered. In a pinch, it might even work for self-defense. The rimfires can't do everything, but they can do a lot once fully understood. One trait is easy to overlook until

you start shooting. They're lots of fun! This book will lead the way from beginning to end. *Crossing Fields in Modern Spanish Culture* Bloomsbury Publishing A partir d'una exhaustiva recopilació de fonts documentals -sobretot, de notícies de premsa des de mitjan segle XIX fins a l'actualitat- analitzem la sorprenent història, antiga i recent, de l'edifici de

més plasticitat i projecció sociocultural de la capital del Túria, que anomenem la Plaça de València atenent els seus múltiples usos, l'impacte i l'obertura al conjunt de la ciutadania en tots els temps. Des de la seua arquitectura en el marc de l'urbanisme valencià, el focus es traslladarà cap a l'explosió i diversitat d'espectacles celebrats en la plaça de bous, entre els quals dediquem un capítol

específic als  
musicals, fins  
arribar al seu  
protagonisme  
inigualable en  
l'arena política  
i el seu paper,

Prepper Press  
The breech-  
loading,  
single-shot  
.458in Martini-  
Henry rifle has  
become a  
symbol of

both the  
Anglo-Zulu  
War of 1879  
and the  
numerous  
battles in  
Egypt and the  
Sudan in  
1884-85, but  
continued to  
be used by  
both British  
and colonial  
troops well  
into the 20th  
century. Its  
invention and  
introduction  
into British  
service were  
in direct  
response to  
the success of  
the Prussian  
Dreyse needle  
gun, which  
demonstrated  
that the  
breech-  
loading rifle  
offered faster  
loading,

improved accuracy and superior range; significantly, the weapon could be loaded and fired from a prone position, thus offering the rifleman greater security on the battlefield. Due to the longevity of service, many Martini-Henry rifles survive today, both in museums and in private collections, and the weapon is highly prized by shooting enthusiasts. Featuring specially

commissioned full-colour artwork and an array of arresting first-hand accounts and written by an authority on warfare in the Victorian era, this engaging study tells the story of the powerful Martini-Henry and its impact on the battlefield, from the Anglo-Zulu War to the opening months of World War I. **Despotic Bodies and Transgressive Bodies** Springer Of all the infantry small

arms developed during World War II, one that generated the most interest was the German 'assault rifle', the StG 44 Sturmgewehr. This innovative weapon inspired the Soviet AK-47 in 7.62x39mm calibre. In the West, the NATO countries looked hard at new weapons to upgrade their own infantry arsenals and counter the AK-47, resulting in the design of

the Fusil  
Automatique  
Léger or FAL.  
It proved to be  
a successful  
battle rifle and  
was soon  
adopted by  
the military  
and police  
forces of no  
fewer than 93  
nations. The  
FAL  
dominated the  
militaries of  
the West to  
such a degree  
that its  
nickname  
became the  
Right Arm of  
the Free  
World. The  
FAL fulfilled  
every role it  
was asked to  
perform and  
remains a  
viable and  
well-respected  
weapon to this

day.

Unearthing  
Franco's  
Legacy: Mass  
Graves and  
the Recovery  
of Historical  
Memory in  
Spain  
addresses the

political, cultural, and historical debate that has ensued in Spain as a result of the recent discovery and exhumation of mass graves dating from the years during and after the Spanish Civil War (1936-39). The victor, General Francisco Franco, ruled as a dictator for thirty-six years, during which time he and his supporters had thousands of political dissidents or suspects and

their families systematically killed and buried in anonymous mass graves. Although Spaniards living near the burial sites realized what was happening, the conspiracy of silence imposed by the Franco regime continued for many years after his death in 1975 and after the establishment of a democratic government. While the people of Germany, France, and Italy have

confronted the legacies of the repressive regimes that came to power in those countries during the 1920s, '30s, and '40s, the unearthing of the anonymous dead in Spain has focused attention on how Spaniards have only recently begun to revisit their past and publicly confront Franco's legacy. The essays by historians, anthropologists, literary scholars, and journalists,

and cultural analysts gathered here represent the first interdisciplinary analysis of how present-day Spain has sought to come to terms with the violence of Franco's regime. Their contributions comprise an important example of how a culture critiques itself while mining its collective memory. "For anyone interested in understanding the lasting impact of the Spanish Civil War on contemporary

society, Unearthing Franco's Legacy is required reading. The editors of this book have brought together, and placed in constructive dialogue, a comprehensive group of international authors whose contributions result in a sweeping and devastating account of the war's deep wounds on individual lives and collective histories. Meticulously studying Franco's policies, their

impact on the war's victims, and representations of the war's stories, both those unearthed and others that continue to be buried, this book makes terribly clear that the Spanish Civil War and its memory continue to teach us lessons about the responsibility of scholarship in deciphering the complexities of the past." -- Jordana Mendelson, New York University "Unearthing

Franco's Legacy is a timely contribution to a subject that has provoked serious discussion both in Spain and abroad. The scholars and practitioners whose work is represented in this volume address the issue of historical memory from different disciplinary angles, and the interdisciplinaryity of the approaches adds much to the book's value and to the debates that persist

regarding this topic." -- David T. Gies, Commonwealth Professor of Spanish, University of Virginia  
*Spanish Cultural Studies*  
 Routledge  
 This study examines the discourses of nationalism as they intersected or clashed with Spanish film production from its inception to the present. While the book addresses the discourses around filmmakers such as Almodóvar

and Medem, whose work has achieved international recognition, Spanish National Cinema is particularly novel in its treatment of a whole range of popular cinema rarely touched on in studies of Spanish cinema. Using accounts of films, popular film magazines and documents not readily available to an English-speaking audience, as well as case studies focusing on

the key issues of each epoch, this volume illuminates the complex and changing relationship between cinema and Spanish national identity. *Ideologies of Hispanism* Universitat de València Modern Spanish culture is bold and experimental, expressing a disregard for generic boundaries and formal conventions. In these essays, leading Hispanists explore the

dialogue and interrelation between cultural discourses and artistic practices in a variety of nineteenth- and twentieth-century texts from the perspectives of literary criticism, cultural analysis, media studies, politics and the history of art. The contributors address fundamental questions about the relationship between artistic media and cultural fields and provide

insights into the way identities--social, political or cultural--are bound up with the textual. Federico Bonaddio and Xon de Ros lecture in Modern Spanish Studies at King's College London. *Spain Beyond Spain* Cambridge University Press Polyglot Cinema brings together a diverse group of scholars from Europe, Canada and the US, resulting in a dynamic

account of plurilingual migrant narratives in contemporary films from France, Italy, Portugal and Spain. In addition to the close analysis of key films, the essays cover theories of translation and language use as well as central paradigms of cultural studies, especially those of locality, globality and post-colonialism. The volume marks a transdisciplinary contribution to the

question of cultural representation within film studies. Making Waves Anniversary Volume University of Washington Press This illustrated biography follows Hemingway from his childhood and schooldays, his early years in Kansas City and on the Italian front, the years in Paris and Spain, to the later years in Key West, Havana, Africa, Venice and Ketchum. There are 420 illustrations,

many in color. A.E. Hotchner, Hemingway's friend and biographer, combines personal reminiscences with critical analyses of the major works, to produce an affectionate tribute to Stanton (Spanish, Kentucky) alternates critical evaluations of Ernest Hemingway's major works set in Spain, and vignettes of his own eight years of travelling through Spain seeking out the writer's

haunts,  
friends, and  
places he  
describes in  
his prose.  
Draws also on  
letters and  
manuscripts  
that have  
recently  
become  
available.
