A Unicorn in a World of Donkeys National Geographic Books

Nobody knew where it had come from, or what it wanted. Not even Jaive, the sorceress, could fathom the mystery of the fabled beast. But Tanaquil, Jaive's completely unmagical daughter, understood it at once. She knew why the unicorn was there: It had come for her. It needed her. Tanaquil was amazed because she was the girl with no talent for magic. She could only fiddle with broken bits of machinery and make them work again. What could she do for a unicorn? Grades 7-12, Tanaquil may be the daughter of a sorceress, but she can't do any magic--or so she thinks--and she finds life in her mother's castle very dull and lonely. Her one skill, that of mending things, leads her to piece together a pile of old bones found in the desert and unknowingly bring back to life a black unicorn that needs Tanaquil to help it return to its own, more perfect

world. In the process of doing this, Tanaquil finds a sister, and discovers what her own powers really are. The plot of *The Black Unicorn* is in no way as simple as this description. It is complex and twisting, and while readers may not be sure where they're going, they'll never be bored. Lee's lush and highly visual style and her down-to-earth sense of humor are a constant entertainment. Her imagination is boundless, whether in recreating the life of desert nomads or describing a castle full of magical devices all gone slightly awry. The static cover illustration, with rearing unicorn and silver-gowned heroine, does not begin to convey the special flavor of this stylish, humorous fantasy. --Ruth S. Vose, San Francisco Public Library (School and Library Journal)

NEW YORK TIMES BESTSELLER "An inspiring story that manages to be painful, honest, shocking, bawdy and hilarious." —The New York Times Book Review From stand-up comedian, actress, and breakout star of *Girls Trip*, Tiffany Haddish, comes *The Last Black Unicorn*, a sidesplitting, hysterical, edgy, and unflinching collection of (extremely) personal essays, as fearless as the

author herself. Growing up in one of the poorest neighborhoods of South Central Los Angeles, Tiffany learned to survive by making people laugh. If she could do that, then her classmates would let her copy their homework, the other foster kids she lived with wouldn't beat her up, and she might even get a boyfriend. Or at least she could make enough money—as the paid school mascot and in-demand Bar Mitzvah hype woman—to get her hair and nails done, so then she might get a boyfriend. None of that worked (and she's still single), but it allowed Tiffany to imagine a place for herself where she could do something she loved for a living: comedy. Tiffany can't avoid being funny—it's just who she is, whether she's plotting shocking, jaw-dropping revenge on an ex-boyfriend or learning how to handle her newfound fame despite still having a broke person's mind-set. Finally poised to become a household name, she recounts with heart and humor how she came from nothing and nowhere to achieve her dreams by owning, sharing, and using her pain to heal others. By turns hilarious, filthy, and brutally honest, *The Last Black Unicorn* shows the world who Tiffany Haddish really is—humble, grateful, down-to-earth, and funny as hell. And now, she's ready to inspire others through the power of laughter.
