All About Particles Weatherhill, Incorporated

Waking Up to Our Capacity to Transform Ourselves and the World As we become more aware of various social injustices in the world, many of us want to be part of the movement toward positive change. But sometimes our best intentions cause unintended harm, and we fumble. We might feel afraid to say the wrong thing and feel guilt for not doing or knowing enough. Sometimes we might engage in performative allyship rather than thoughtful solidarity, leaving those already marginalized further burdened and exhausted. The feelings of fear, insecurity, inadequacy are all too common among a wide spectrum of changemakers, and they put many at a crossroads between feeling stuck and giving up, or staying grounded to keep going. So how can we go beyond performative allyship to creating real change in ourselves and in the world, together? In *The Wake Up*, Michelle Mijung Kim shares foundational principles often missing in today’s mainstream conversations around “diversity and inclusion,” inviting readers to deep dive into the challenging and nuanced work of pursuing equity and justice, while exploring various complexities, contradictions, and conflicts inherent in our imperfect world. With a mix of in-the-trenches narrative and accessible unpacking of hot button issues—from inclusive language to representation to “cancel culture”—Michelle offers sustainable frameworks that guide us how to think, approach, and be in the journey as thoughtfully and powerfully as possible. *The Wake Up* is divided into four key parts: Grounding: begin by moving beyond good intentions to interrogating our deeper “why” for committing to social justice and uncovering our "hidden stories." Orienting: establish a shared understanding around our historical and current context and issues we are trying to solve, starting with dismantling white supremacy. Showing Up: learn critical principles to approach any situation with clarity and build our capacity to work through complexity, nuance, conflict, and imperfections. Moving Together: remember the core of this work is about human lives, and commit to prioritizing humanity, healing, and community. *The Wake Up* is an urgent call for us to move together while seeing each other’s full and expansive humanity that is at the core of our movement toward justice, healing, and freedom.

Cambridge University Press

Kanji From Zero! isn't just another kanji reference book, instead, it's designed to give genuine insight into kanji, the associated Japanese culture, and related Japanese words that other books often ignore.

Wakatta! Workbook Two Pascal Press

Essential reading for students of Japanese society, *An Introduction to Japanese Society* now enters its third edition. Here, internationally renowned scholar, Yoshio Sugimoto, writes a sophisticated, yet highly readable and lucid text, using both English and Japanese sources to update and expand upon his original narrative. The book challenges the traditional notion that Japan comprises a uniform culture, and draws attention to its subcultural diversity and class competition. Covering all aspects of Japanese society, it includes chapters on class, geographical and generational variation, work, education, gender, minorities, popular culture and the establishment. This new edition features sections on: Japan's cultural capitalism; the decline of the conventional Japanese management model; the rise of the 'socially divided society' thesis; changes of government; the spread of manga, animation and Japan's popular culture overseas; and the expansion of civil society in Japan.

Writing peace Tuttle Publishing

The method that's helped thousands in the U.S. and Japan learn Japanese successfully. The Japanese language has two primary writing systems, kanji characters—which are based on Chinese characters and hiragana and katakana—a mnemonics based alphabet. This handy book teaches you a new mnemonics-based method to read and write the 430 highest-frequency kanji characters. Along with its sister book: *Japanese Hiragana and Katakana for Beginners* it provides a complete introduction to written Japanese. *Japanese Kanji for Beginners* contains everything you need to learn the kanji characters required for the Advanced Placement Japanese Language and Culture Exam. It is designed for use by high school or college students as well as independent learners. The kanji learned in this book closely adhere to those introduced in every major Japanese language textbook. Key features of *Japanese Kanji for Beginners* include: The 430 highest-frequency kanji characters 44 simple, easy-to-follow lessons Concise information on kanji elements, readings and pronunciations Extensive exercises, drills, and writing practice Downloadable content with printable flash cards, practice quizzes and extra exercises The Extensive downloadable content contains a set of printable kanji flash cards to assist learners in reviewing and memorizing the kanji in the book. It also provides sample vocabulary quizzes in a multiple-choice format similar to those in the AP exam, as well as additional exercises that further reinforce the newly learned kanji.

Researching Japanese War Crimes Records Tuttle Publishing

First published in Japan in 1983, this book is now a classic in modern Japanese literary studies. Covering an astonishing range of texts from the Meiji period (1868–1912), it presents sophisticated analyses of the ways that experiments in literary language produced multiple new—and sometimes revolutionary—forms of sensibility and subjectivity. Along the way, Kamei Hideo carries on an extended debate with Western theorists such as Saussure, Bakhtin, and Lotman, as well as with such contemporary Japanese critics as Karatani Kōjin and Noguchi Takehiko. Transformations of Sensibility deliberately challenges conventional wisdom about the rise of modern literature in Japan and offers highly original close readings of works by such writers as Futabatei Shimei, Tsubouchi Shōyō, Higuchi Ichiyō, and Izumi Kyōka, as well as writers previously ignored by most scholars. It also

provides a new critical theorization of the relationship between language and sensibility, one that links the specificity of Meiji literature to broader concerns that transcend the field of Japanese literary studies. Available in English translation for the first time, it includes a new preface by the author and an introduction by the translation editor that explain the theoretical and historical contexts in which the work first appeared.

The Handbook of Dialectology provides an authoritative, up-to-date and unusually broad account of the study of dialect, in one volume. Each chapter reviews essential research, and offers a critical discussion of the past, present and future development of the area. The volume is based on state-of-the-art research in dialectology around the world, providing the most current work available with an unusually broad scope of topics Provides a practical guide to the many methodological and statistical issues surrounding the collection and analysis of dialect data Offers summaries of dialect variation in the world's most widely spoken and commonly studied languages, including several non-European languages that have traditionally received less attention in general discussions of dialectology Reviews the intellectual development of the field, including its main theoretical schools of thought and research traditions, both academic and applied The editors are well known and highly respected, with a deep knowledge of this vast field of inquiry

The Wake Up University of Michigan Press

Learning Hiragana and Katakana is a systematic and comprehensive Japanese workbook that is perfect for self-study or use in a classroom setting. Written Japanese combines three different types of characters: the Chinese characters known as kanji, and two Japanese sets of phonetic letters, hiragana and katakana, known collectively as kana, that must be mastered before the Japanese kanji can be learned. *Learning Japanese Hiragana and Katakana* provides beginning-level students of Japanese a thorough grounding in the basic hiragana and katakana phonetic symbols or syllabaries. A comprehensive introduction presents their primary function, origin, pronunciation and usage. The main body of the book is devoted to presenting the 92 hira and kata characters along with their variations, giving step-by-step guidelines on how to write each character neatly in the correct stroke order, with generous practice spaces provided for handwriting practice. This Japanese workbook includes: Systematic and comprehensive coverage of the two Japanese kana systems. Ample provision for Japanese kana practice, review, and self-testing at several levels Detailed reference section explaining the origin and function of kana, and the various kana combinations. Access to online Japanese audio files to aid in correct pronunciation. Helpful additional information for language students accustomed to romanized Japanese. Vocabulary selected for usefulness and cultural relevance. About this new edition: The new third edition has been expanded and revised to include many additional reading and writing exercises.

Accompanying online recordings demonstrate the correct pronunciation of all the characters, vocabulary, and sentences in the book.

Say It Right in Japanese Tuttle Publishing

This text analyzes the Japanese psyche through the Japanese language, and the myths and misconceptions that have been built around it.

book II. Personal experiences, observations, and studies in Japan. 1870-1875. book III. Supplementary chapters, including history to the beginning of 1903 Innovative Language Learning

Starting at the very basics and working its way up to important language constructions, "An introduction to Japanese" offers beginning students, as well as those doing self-study, a comprehensive grammar for the Japanese language. Oriented towards the serious learner, there are no shortcuts in this book: no romanised Japanese for ease of reading beyond the introduction, no pretending that Japanese grammar maps perfectly to English grammar, and no simplified terminology. In return, this book explains Japanese the way one may find it taught at universities, covering everything from basic to intermediary Japanese, and even touching on some of the more advanced constructions.

Remembering the Kanji 1 ASK

This book demonstrates how the theories and insights of anthropology have positively influenced the conduct of global business and commerce, providing a foundation for understanding the impact of culture on global business, and global business on culture.

The Handbook of Dialectology Hachette Go

Oni, ubiquitous supernatural figures in Japanese literature, lore, art, and religion, usually appear as demons or ogres. Characteristically threatening, monstrous creatures with ugly features and fearful habits, including cannibalism, they also can be harbingers of prosperity, beautiful and sexual, and especially in modern contexts, even cute and lovable. There has been much ambiguity in their character and identity over their long history. Usually male, their female manifestations convey distinctively gendered social and cultural meanings. Oni appear frequently in various arts and media, from Noh theater and picture scrolls to modern fiction and political propaganda. They remain common figures in popular Japanese anime, manga, and film and are becoming embedded in American and international popular culture through such media. Noriko Reiderýs book is the first in English devoted

to oni. Reider fully examines their cultural history, multifaceted roles, and complex significance as "others" to the Japanese.

Fluent in 3 Months Hill and Wang

The crises--and failures--of modernization in Japan, as seen up close by a resident expert Japan is a nation in crisis, and the crisis goes far beyond its well-known economic plight. In *Dogs and Demons*, Alex Kerr chronicles the crisis on a broad scale, from the failure of Japan's banks and pension funds to the decline of its once magnificent modern cinema. The book takes up for the first time in the Western press subjects such as the nation's endangered environment--its seashores lined with concrete, its roads leading to nowhere in the mountains. It describes Japan's "monument frenzy," the destruction of old cities such as Kyoto and construction of drab new cities, and the attendant collapse of the tourist industry. All these unhealthy developments are, Kerr argues, the devastating boomerang effect of an educational and bureaucratic system designed to produce manufactured goods--and little else. A mere upturn in economic growth will not quickly remedy these severe internal problems, which Kerr calls a "failure of modernism." He assails the foreign experts who, often dependent on Japanese government and business support, fail to address these issues. Meanwhile, what of the Japanese people themselves? Kerr, a resident of Japan for thirty-five years, writes of them with humor and passion, for "passion," he says, "is part of the story. Millions of Japanese feel as heartbroken at what is going on as I do. My Japanese friends tell me, 'Please write this--for us.'"

First Japanese Reader Nicholas Brealey International

Wakatta! Workbook 2 is an essential component of the Wakatta! senior high school Japanese course. It provides students with the opportunity to practise and consolidate all content covered in the last six units of the Wakatta! Course Book. Each unit of the workbook provides: practice in reading and writing Kanji individually and in context reading, writing and speaking tasks on the Wakatta! topics three levels of listening tasks (using the Wakatta! audio tapes) puzzles, including crosswords and find-a-words grammar exercises targeting the language patterns covered in the Wakatta! Guide to Foreign and International Legal Citations Penguin

People in Japan are masters of minimal living, able to make do with less in all aspects of life, whether it's de-cluttering personal belongings or savvy seasonal cooking. But at the heart of all this is the kakeibo- the budgeting journal used to set savings goals and track spending. The premise is simple- at the beginning of each month you sit down with your kakeibo and think mindfully about how much you would like to save and what you will need to do in order to reach your goal. The kakeibo then gives you space to jot down your weekly spending and reflect on the month just gone. The simple act of completing your kakeibo ensures that saving is a part of your everyday life, while also giving you the opportunity to reflect and improve every month.

Japanese Short Stories for Beginners Tuttle Publishing

Shows how Japanese anxiety about overpopulation was used to justify expansion, blurring lines between migration and settler colonialism. This title is also available as Open Access.
