*Rand, McNally & Co.'s New General Atlas of the World* VIZ Media LLC

The rich history and social significance of the "Divine Nine" African American Greek-letter organizations is explored in this comprehensive anthology. In the long tradition of African American benevolent and secret societies, intercollegiate African American fraternities and sororities have strong traditions of fostering brotherhood and sisterhood among their members, exerting considerable influence in the African American community and being in the forefront of civic action, community service, and philanthropy. Dr. Martin Luther King, Jr., Toni Morrison, Arthur Ashe, and Sarah Vaughn are just a few of the trailblazing members of these organizations. African American Fraternities and Sororities places the history of these organizations in context, linking them to other movements and organizations that predated them and tying their history to the Civil Rights movement. It explores various cultural aspects of the organizations, such as auxiliary groups, branding, calls, and stepping, and highlights the unique role of African American sororities.

Musical notation has not always existed: in the West, musical traditions have often depended on transmission from mouth to ear, and ear to mouth. Although the Ancient Greeks had a form of musical notation, it was not passed on to the medieval Latin West. This comprehensive study investigates the breadth of use of musical notation in Carolingian Europe, including many examples previously unknown in studies of notation, to deliver a crucial foundational model for the understanding of later Western notations. An overview of the study of neumatic notations from the French monastic scholar Dom Jean Mabillon (1632–1707) up to the present day precedes an examination of the function and potential of writing in support of a musical practice which continued to depend on trained memory. Later chapters examine passages of notation to reveal those ways in which scripts were shaped by contemporary rationalizations of musical sound. Finally, the new scripts are situated in the cultural and social contexts in which they emerged.

Talk about being at the wrong place at the wrong time! High school student Kazuki Muto had no clue what he was in for when he rescued damsel in distress Tokiko from a monster known as a "homunculus." Disguised as humans--who actually eat humans--homunculi are malevolent creatures that affix themselves to people's brains, and once fully grown, the only thing that can annihilate

them is a weapon called Buso Renkin! Follow the adventures of Kazuki after he discovers that it was actually Tokiko who saved his life by implanting a kakugane--an alchemical device that transforms into a buso renkin--to replace his heart! -- VIZ Media

*World Who's who in Commerce and Industry* Watkins Media Limited

When high school student Kazuki Muto rescues Tokiko from a monster known as a homunculus, he soon discovers that Tokiko actually saved him, and together they try to destroy the monsters using a weapon called Buso Renkin.

Goodreads Choice Finalist for Science Fiction A pizza-loving slacker becomes the host of an ancient alien—and a pawn in an ongoing alien war—in this “science fiction romp” full of wit and humor (Huffington Post) When out-of-shape IT technician Roen woke up and started hearing voices in his head, he naturally assumed he was losing it. He wasn't. He now has a passenger in his brain—an ancient alien life-form called Tao, whose race crash-landed on Earth before the first fish crawled out of the oceans. Now split into two opposing factions—the peace-loving, but under-represented Prophus, and the savage, powerful Genjix—the aliens have been in a state of civil war for centuries. Both sides are searching for a way off-planet, and the Genjix will sacrifice the entire human race, if that's what it takes. Meanwhile, Roen is having to train to be the ultimate secret agent. Like that's going to end up well.

**Rosie's Daughters** Cambridge University Press

It has become widely accepted among musicologists that medieval music is most profitably studied from interdisciplinary perspectives that situate it within broad cultural contexts. The origins of this consensus lie in a decisive reorientation of the field that began approximately four decades ago. For much of the twentieth century, research on medieval music had focused on the discovery and evaluation of musical and theoretical sources. The 1970s and 1980s, by contrast, witnessed calls for broader methodologies and more fully contextual approaches that in turn anticipated the emergence of the so-called 'New Musicology'. The fifteen essays in the present collection explore three interrelated areas of inquiry that proved particularly significant: the liturgy, sources (musical and archival), and musical symbolism. In so doing, these essays not only acknowledge past achievements but also illustrate how this broad, interdisciplinary approach remains a source for scholarly innovation.

Le suprême hommage bestudeert de omgang met sterven, begraven en herdenken van koninklijke en politieke elites in het België van de 19de en de eerste helft van de 20ste eeuw. Dit vernieuwend historisch onderzoek speelt zich af op het raakvlak van cultuurgeschiedenis en politieke geschiedenis. De lezer krijgt niet alleen zicht op de impact van sociale klasse, status en religie op funeraire cultuur, maar ook op de invloed van mediacultuur op de beeldvorming rond dood, rouw en herinnering. Binnen een selectie van 170 casussen bespreekt de auteur in woord en beeld de gemediatiseerde sterfuren en de niet minder dan imposante begrafeningen van de eerste koningen en koninginnen van België en hun familie. Ook de evoluerende praktijken rond het overlijden van (oud-)regeringsleiders, (oud-)parlementsvoorzitters en burgemeesters van grote steden komen uitgebreid aan bod. Tot slot komt ook de ontstaansgeschiedenis van België's meest bekende stedelijke (park)begraafplaatsen, en het funerair erfgoed in deze dodensteden, tot leven aan de hand van de analyse van in het oog springende grafmonumenten. Dit boek is een rijkelijk geïllustreerd overzichtswerk over de sociale, politieke en culturele dimensies van het overlijden van hooggeplaatste figuren uit de 19de en 20ste-eeuwse Belgische maatschappij.

*Amherst College Biographical Record, 1951*

In a world where everyone bears metal arms, a demon bearing a hundred pairs of metal arms

threatens total destruction on the world and everyone who lives within it. But even in the face of total hopelessness, a group of warriors is ready to tackle this desperate challenge! A boy named Ashidaka, with two pairs of metal arms of his own, gathers his companions for the sacred war to come...

### **Music and Culture in the Middle Ages and Beyond**

In *Rosie's Daughters*, Matilda Butler and Kendra Bonnett have written an inspiring collective memoir of the generation of women who excelled at "firsts." These women, born during World War II, were shaped by and then helped to shape the American historic, economic, political and socio-cultural landscape. They were the pioneers who charted the paths for the Boomer generation. From the vantage point of their sixties, they share their experiences and insights with their own and younger generations. The figurative mother of this generation, Rosie the Riveter, is a mythic figure in our culture, with good reason—she built ships, flew bombers and filled thousands of other essential wartime jobs, upending traditional views of "women's work." When the war was over, however, American industry thanked Rosie and sent her home. Rosie, who had known the economic dislocations of The Depression and the employment and service opportunities of the war period, raised her daughters with a mixed message – stay home as wife and mother – be prepared "in case." *Rosie's Daughters* grew up and flung wide the doors of employment opportunity that Rosie had unlocked. These women can claim more career "firsts" and greater socio-cultural change than any previous generation. Their stories, recounted in *Rosie's Daughters*, show how the post-war education boom, the sexual revolution and the Pill, civil rights and gender equality, the Vietnam War, NOW and consciousness raising, Roe v. Wade, no-fault divorce and other momentous events influenced their lives and shaped their remarkable journeys. The book is a unique combination of personal stories, research, history, photography and the authors' reflections, engagingly written and beautifully presented. This is social history without the turgid prose, a compilation of interviews without the annoying interruption of flow—even a motivational book without the saccharine—in the appealing voice of perceptive authors. *Rosie's Daughters* will make you laugh and occasionally cry as you read the personal struggles and achievements of this remarkable generation of women who continue to influence our world. Learn from the lessons of their lives as you shape your future.
