"Chivalry is a flower no less indigenous to the soil of Japan than its emblem, the cherry blossom; nor is it a dried-up specimen of an antique virtue preserved in the herbarium of our history. It is still a living object of power and beauty among us" To many people, the word samurai conjures images of menacing masks, long blades and elaborate armour. However, this classic text by Inazo Nitobe reveals the greater depths to samurai culture - they were not simply warriors but an aristocratic class who practiced literary and military arts in equal measure. Essential to this way of life was the samurai's moral code and the quality of bushido, roughly translated as chivalry. The Way of the Samurai provides an intriguing exploration of bushido and other valued qualities such as rectitude or justice, courage, politeness, veracity, honour, loyalty and self-control. It also explores the Samurai's more violent traditions, such as the chilling act of hara-kiri or self-immolation. This mixture of chivalric principles with brutal warfare is fascinating. While many aspects of Samurai culture have disappeared, its principles still have resonance in modern Japanese society and around the globe.

DIVThis volume eloquently explains the persistence of feudal Japan's morals, ethics, and etiquette into modern times and offers illuminating contrasts of bushido traditions with other religions and philosophies. /div

Soul of the Samurai IndyPublish.com

Bushido: The Soul of Japan written by Inazo Nitobe , along with the classic text Hagakure by Tsunetomo Yamamoto (1659-1719), is a study of the way of the samurai.Inazo Nitobe found in Bushido, the Way of the Warrior, the sources of the virtues most admired by his people: rectitude, courage, benevolence, politeness, sincerity, honor, loyalty and self-control. His approach to his task was eclectic and far-reaching.

Seeing Stars University of Hawaii Press

The Samurai Series brings together three of the most important books dealing with the Samurai path and philosophy into one deluxe, illustrated hardcover volume. "The Book of Five Rings" was written by Miyamoto Musashi, a Samurai of legendary renown, about 1645. It is a masterpiece of simple exposition written by a master swordsman, who, near the end of his spectacular life, tried earnestly to explain the essentials of individual combat and the essence of being a Samurai. His book is widely considered to a cornerstone of the philosophy of "Bushido." "Hagakure - The Way of the Samurai," which means: "Hidden by Leaves," was composed from dialogs by the famous Samurai Yamamoto Tsunetomo, by a scribe, Tashiro Tsuramoto, about 1716 AD. It explains the major ideas and philosophy that are essential to the "way of the Samurai," by which is meant the "way of dying." It contains numerous tales of various Samurai and their deeds which illustrate their philosophy and practice. "Bushido - The Soul of Japan" by Inazo Nitobe was first published 1899. It is an extremely literate presentation by a Japanese intellectual who wished to present Japan and its fundamental philosophy in a way that could be understood by Westerners. It describes how the Shinto religion and Buddhism are the underpinnings of the essentially militaristic view of honor and life that are inherent in Bushido, the Samurai code. Excerpt from The Book of Five Rings. Reprinted by permission. All rights reserved. The Gaze in Strategy The gaze should be large and broad. This is the twofold gaze, "Perception and Sight." Perception is strong and sight, weak. In strategy, it is important to see distant things as if they were close, and to take a distanced view of close things. It is important in strategy to know the enemy's sword, yet not be distracted by insignificant movements of his sword. You must study this. The gaze is the same for single combat and for large-scale strategy. It is necessary in strategy to be able to look to both sides without moving the

eyeballs. You cannot master this ability quickly. Learn what is written here; use this gaze in everyday life and do not vary it...

'Bushido' is Nitobe Inazo's attempt to explain Japan to the western mind via the tenets of its samurai warriors. The book has remained a best-seller since publication in 1900. Enhanced with 14 full-page, color block prints and photographs from the 1800s, this is a 'must-read' for all those interested in the martial arts and Japanese culture.

Bushido the Soul of Japan 13th Edition Arcturus Publishing

Bushidō, literally meaning "the way of the warrior," is a Japanese word for the way of life for the samurai, loosely analogous to the Eastern concept of chivalry. This book seeks to expound this concept and its impact on the culture and development of Japan throughout their history.

Inazo Nitobe lays out a beautiful and nostalgic picture of Japanese culture before it opened to Western Culture in 1853. The book allows a glimpse into the mythology and epic poetry of a bygone world. Bushido, the Soul of Japan argues that although the Bushido ethos is gone, it remains an integral part of Japanese identity.

Soul of the Samurai contains modern translations of three classic works of Zen & Bushido. In Soul of the Samurai, bestselling author and respected translator Thomas Cleary reveals the true essence of the Bushido code or Zen warrior teachings according to 17th-century Japanese samurai master Yagyu Munenori and his Zen teacher Takuan Soho. The three works of Zen & Bushido translated in Soul of the Samurai are: The Book of the Sword by Yagyu Munenori The Inscrutable Subtlety of Immovable Wisdom by Takuan Soho The Peerless Sword by Takuan Soho Yagyu was a renowned swordsman and chief of the Shogun's secret police, while Takuan was the Zen spiritual mentor to the Emperor. This samurai philosophy book contains the first English translations of their seminal writings on Bushido. Cleary not only provides clear and readable translations but comprehensive notes introducing the social, political, and organizational principles that defined samurai culture—their loyalty to family, their sense of service and duty, and their political strategies for dealing with allies and enemies. These writings introduce the reader to the authentic world of Zen culture and the secrets behind the samurai's success—being "in the moment" and freeing the mind from all distractions, allowing you to react instantaneously and instinctively without thinking. In these classic works we learn that Zen mental control and meditational training were as important to the Samurai as swordsmanship and fighting skills.

Bushido Arcturus Publishing

This is the book on bushido, the much-cited but widely misrepresented samurai code of honour. Drawing on authentic historical texts, it is a detailed and accurate exploration of medieval life in

Japan and the samurai, a must-have for anyone with a love of martial arts or Japanese history. This is the go-to volume on bushido ("the way of the warrior"), drawing on a wide range of historical sources to paint a vivid picture of the samurai in action and separating the truth from the myth of samurai chivalry. It offers a long-overdue update to the attractive but inaccurate portrait of the samurai painted in Bushido: The Soul of Japan, which has been a bestseller ever since its publication in 1905, and the equally idealistic Hagakure (c.1716). In The Book of Bushido, Antony explores the reality of warrior behaviour versus the idealistic depiction created for an Edwardian audience by the author of Bushido: The Soul of Japan. He reveals the truth of how the samurai really behaved and of what they considered to be a warrior ethos. He replaces the image of the perfect eastern warrior with the much more interesting reality of hardened, bloodstained military leaders with human failings and a complex set of ideas about the world, who engage in ritual, magic and ceremony, who lead their followers in war and peace and who, above all, are fighting a battle between addiction to power and morality. This is the story of bushido – the way of the samurai.

Code of the Samurai BoD - Books on Demand

Bushido: The Soul of Japan was written by Inazo Nitobe in 1900 and is one of finest of the Japanese classics. Nitobe explains the influence of Chinese and Christian thought on Bushido as well as some of the stranger traditions such as Hara Kiri. A great book for anyone wanting to explore the heart and soul of Japan!

Honor Tuttle Publishing

Confucius is one of our very best thinkers, a model for living a self-aware and virtuous life. "The Complete Confucius: The Analects, The Doctrine Of The Mean, And The Great Learning," brings together the most important Confucian texts with an introduction by Nicholas Tamblyn, and is part of The Essential Series by Golding Books. Confucius lived from 551-479 BC. The principles he espoused largely reflected the values and traditions in China at the time. Rather than create a formal theory, Confucius desired that his disciples study, learning and mastering the classic older texts, and affirmed that the superior person seeks and loves learning for the sake of learning, and righteousness for the sake of righteousness.

Just how did the Japanese overachieve for such a small nation? How has Japan created so many heroes? This way of life may change your life as you begin to implement its ideas.

[Bushido the Soul of Japan: Illustrated](#) Tuttle Publishing

There are eight virtues of Bushido, the code of the samurai: justice, courage, benevolence, politeness, sincerity, honor, loyalty, and self-control. These virtues comprise the essence of Japanese cultural beliefs, which are still present today. Inazo Nitobe, one of Japan's most respected scholars, explores the ethical code of the samurai and contextualizes it within Japan's traditions of Buddhism, Shintoism, and Confucianism. He then compares and contrasts Eastern values with those present in Western societies. Written in English and first published in 1905, this classic introduction to Japan's samurai culture has been a best-seller for decades. Focus on Asian Studies says it is "a must for an understanding of the soul of Japan."
