On July 31, 1869, twenty-two members of the holiness movement of the Methodist church gathered to pray on a beach on the New Jersey shore. Before long, Ocean Grove was established as "God's Square Mile," the first permanent camp meeting dedicated to the pursuit of both holiness and recreational activities. In this richly illustrated account, Troy Messenger looks at the numerous informal amusements of summer life at Ocean Grove and provides a glimpse into a fascinating moment in the development of both nineteenth-century religion and an American leisure culture. Like other seaside resorts of the time such as Atlantic City and Coney Island, Ocean Grove boasted a festival atmosphere and offered such diversions as baby parades, oriental bazaars, pageants, beach games, ushers' marches, and drills by the Young Rough Riders. While guests were forbidden to drink, smoke, play cards, or drive their cars on Sunday, they were encouraged to enjoy other pursuits that would have scandalized pious Methodists of an earlier era, such as relaxing on the beach, taking the summer off, attending popular amusements, and staging comic gender satire with cross-dressed men. At Ocean Grove, however, even seemingly frivolous activities had a higher purpose: every aspect of daily life was focused on the attainment of perfection and all were performances of "holy leisure." The genius of Ocean Grove, Messenger argues, was in extending holiness from the parlor meeting to the beach. Here, conservative evangelicals discovered a moral imperative to enjoy rest and recreation. By praying and playing together, the people of Ocean Grove acquired a unique understanding of self and community, one that illuminates the liberal social-reform movements of the nineteenth-century religious middle class and the early leisure industry.

Change your attitude, change your life. We're very good at explaining why we're unhappy: bad job, bad relationships, bad luck. But there's probably a better reason: bad attitudes. In *Lord, Change My Attitude*, James MacDonald shows us just how much our attitudes affect our lives. One of his bestsellers, this book is classic James: It's clear, it's inspiring, and it packs a punch. Drawing from the experience of the Israelites who grumbled through the wilderness, MacDonald shows how bad attitudes rob us of joy. Coveting, complaining, and being critical are not what our hearts were made for. They were made for thankfulness, contentment, and love. Is your heart straining under the weight of a bad attitude? Don't read this book if you're looking for a quick fix. Don't read this book if you're unwilling to change. Read it if you're ready for a serious, inside-out attitude adjustment.

Throughout the history of the African American people there has been no stronger resource for overcoming adversity than the black church. From its role in leading a group of free Blacks to form

a colony in Sierra Leone in the 1790s to helping ex-slaves after the Civil War, and from playing major roles in the Civil Rights Movement to offering community outreach programs in American cities today, black churches have been the focal point of social change in their communities. Based on extensive research over several years, *Mighty Like a River* is the first comprehensive account of how black churches have helped shape American society. An expert in African American culture, Andrew Billingsley surveys nearly a thousand black churches across the country, including its oldest, the First African Baptist Church in Savannah, Georgia. These black churches, whose roots extend back to antebellum times, have periodically confronted social, economic, and political problems facing the African American community. *Mighty Like a River* addresses such questions as: How widespread and effective is the community activity of black churches? What are the patterns of activities being undertaken today? How do activist churches confront such problems as family instability, youth development, AIDS and other health issues, and care for the elderly? With profiles of the remarkable black heroes and heroines who helped create the activist church, and a compelling agenda for expanding the black church's role in society at large, *Mighty Like a River* is an inspirational, visionary, and definitive account of the subject.

*Plato's Pigs and Other Ruminations* Middle Atlantic Regional Press of the Middle Atlantic Regional Gospel Ministries

The Greeks and Romans have been charged with destroying the ecosystems within which they lived. In this book, however, M. D. Usher argues rather that we can find in their lives and thought the origin of modern ideas about systems and sustainability, important topics for humans today and in the future. With chapters running the gamut of Greek and Roman experience - from the Presocratics and Plato to Roman agronomy and the Benedictine Rule - *Plato's Pigs* brings together unlikely bedfellows, both ancient and modern, to reveal surprising connections. Lively prose and liberal use of anecdotal detail, including an afterword about the author's own experiments with sustainable living on his sheep farm in Vermont, add a strong authorial voice. In short, this is a unique, first-of-its-kind book that is sure to be of interest to anyone working in Classics, environmental studies, philosophy, ecology, or the history of ideas.

The tranquility of Mars is disrupted by humans who want to conquer space, colonize the planet, and escape a doomed Earth.

*The First Baptist Church, Waynesburg, Pennsylvania, 1843-1993*

This is a newly revised edition of one of the standard introductory preaching textbooks on the market today. Beginning with a solid theological basis, veteran preacher and best-selling author Thomas G. Long offers a practical, step-by-step guide to writing a sermon. Long centers his approach around the biblical concept of witness. To be a preacher, Long posits, is to be a witness to God's work in the worldone who sees before speaking, one whose task is to "tell the truth, the whole truth, and nothing but the truth about what is seen." This updated edition freshens up

language and anecdotes, contains an extensive new analysis of the use of multimedia and its impact on preaching, and adds a completely new chapter on plagiarism in preaching. Included for the first time are four complete sermons, with Long's commentary and analysis. The sermons were written and originally preached by Barbara Brown Taylor, Cleophus J. LaRue, Ginger Gaines-Cirelli, and Edmund Steimle. With this third edition, *The Witness of Preaching* reaffirms itself as the essential resource for seminary students as well as new and experienced preachers.  
*Common Worship: Times and Seasons President's Edition*

Dreams and visions, prophetic words from God about "dusty souls," speaking in tongues while "in the spirit"—narratives of these and similar events comprise the heart of *Every Time I Feel the Spirit*. This in-depth study of a Black congregation in Charleston, South Carolina provides a window into the tremendously important yet still largely overlooked world of African American religion as the faith is lived by ordinary believers. For decades, scholars have been preoccupied with the relation between Black Christianity, civil rights, and social activism. *Every Time I Feel the Spirit* is

about black religion as religion. It focuses on the everyday experience of religion in the church, congregants' relationships with God, and the role that God and Satan play in congregants' lives—not only as objects of belief but as actual agents. It explores the concepts of religious experience and religious ritual, while emphasizing the attributions that people make to the operation of spiritual forces and beings in their lives. Through interviews and field work, Nelson uncovers what religious people themselves see as important about their faith while extending and refining sociological understandings of religious ritual and religious experience.
