"In this book Heinrich Meier takes on the question of the meaning of Nietzsche's Thus Spoke Zarathustra, which has long proven controversial among readers. Meier closely examines the work to find a coherent structure and uncover the meanings in the figure of Zarathustra. By showing the unity in Zarathustra's life and teaching, Meier argues that the hidden architecture of the work reveals the development of self-knowledge for the philosopher. What Is Nietzsche's Zarathustra? A Philosophical Confrontation makes clear in its careful attention to the text that Nietzsche's deepest concern is with understanding himself and the world, rather than with a view of himself as a prophet"--

The representation of Judas gives, along ages, a good understanding of the mind of Christianity wrote KIERKEGAARD. Through the religious and political study of 121 films released from 1897 to 2020 we discover the apostle portrayed as an arch-villain but also as a tragic hero, a victim, even sanctified. Judas' fair treatment, his hagiography or his accusation is a touchstone of the theology of the movie director and of the production companies. We analyze for each film its respect for the Scriptures and qualify its message either ecumenic or anti-Semitic.

In this short book Peter Sloterdijk offers a genealogy of the concept of freedom from Ancient Greece to the present day. This genealogy is part of a broader theory of the large political body, according to which Sloterdijk argues that political communities arise in response to a form of anxiety or stress. Through a highly original reading of Rousseau's late Reveries of a Solitary Walker, Sloterdijk shows that, for Rousseau, the modern subject emerges as a subject free of all stress, unburdened by the cares of the world. Most of modern philosophy, and above all German Idealism, is an attempt to reign back Rousseau's useless and anarchical subject and anchor it in the cares of the world, in the task of having to produce both the world and itself. In the light of this highly original account, Sloterdijk develops his own distinctive account of freedom, where freedom is conceptualized as the availability for the improbable. This important text, in which Sloterdijk develops his account of freedom and the modern subject, will be of great interest to students and scholars in philosophy and

the humanities and to anyone interested in contemporary philosophy and critical theory.

Investigation into the True Teaching by Jens W. Borgland is a translation of the 10th century Jain philosophical Sanskrit text Satyasasanapariksa, composed by Vidyanandin. The text, which is incomplete, presents and refutes 12 Indian philosophical systems, the most important of which are Sautrantika and Yogacara Buddhism, Advaita Vedanta, Nyaya-Vaisesika, Samkhya, Mimamsa and Carvaka. Criticizing these from the standpoint of the Jain anekantavada (theory of manysidedness), Vidyanandin aims to establish the superior status of Jain philosophy. In addition to providing an English translation of this text from the Sanskrit, with explanatory notes, the study places it in the context of Jain philosophy and investigates the arguments Vidyanandin employs in his refutations of his rivals. The doctrines Vidyanandin ascribes to his rivals are also examined and compared to presentations of their doctrines in secondary literature on Indian philosophy and in some cases to how these doctrines are presented in the original literature of the schools in question. Some issues are highlighted as requiring further research. Furthermore, the investigation shows considerable influence from Vidyanandin's predecessors Samantabhadra and Akalanka on Vidyanandin's argumentation. The clearest example of this influence is shown on comparing the sections of the Satyasasanapariksa in which Vidyanandin quotes the Aptamimamsa of Samantabhadra (ca 600 CE) with Akalanka's (ca 770 CE) commentary to these verses in his Astasati.

This volume addresses whether, how, and where laws (variously defined) teach values and shape moral character in late modern liberal societies. Each author recognizes the essential value of state law in fostering peace, security, health, education, charity, trade, democracy, constitutionalism, justice, and human rights, among many other moral goods. Each author also recognizes, however, the grave betrayals of law in supporting fascism, slavery, apartheid, genocide, persecution, violence, racism, and other forms of immorality and injustice. They thus call for state laws that set a basic civil morality of duty for society and for robust freedoms that protect private individuals and private groups to cultivate a higher morality of aspiration. With contributions by Rüdiger Bittner, Brian Bix, Frank Brennan, Allen Calhoun, Robert F. Cochran, Jr., Kenneth John Crispin, Jean Bethke Elshtain, E. Allan Farnsworth, James E. Fleming, M. Cathleen Kaveny, Ute Mager, Linda C. McClain, Reid Mortensen, Patrick Parkinson, Thomas Pfeiffer, Robert Vosloo, Michael Welker, and John Witte, Jr. [Der Einfluss des Rechts auf Charakterbildung, ethische Erziehung und Kommunikation von Werten

in spätmodernen pluralistischen Gesellschaften] Dieser Band befasst sich mit der Frage, ob, wie und wo Gesetze – unterschiedlich formulierte – Werte lehren und den moralischen Charakter in spätmodernen liberalen Gesellschaften formen. Jeder Autor erkennt den wesentlichen Wert des staatlichen Rechts für die Förderung von Frieden, Sicherheit, Gesundheit, Bildung, Wohltätigkeit, Handel, Demokratie, Konstitutionalismus, Gerechtigkeit und Menschenrechten unter vielen anderen moralischen Gütern an. Jeder Autor erkennt jedoch auch den schwerwiegenden Verrat an Gesetzen an, der Faschismus, Sklaverei, Apartheid, Völkermord, Verfolgung, Gewalt, Rassismus und andere Formen von Unmoral und Ungerechtigkeit unterstützt. Sie fordern daher staatliche Gesetze, die eine grundlegende bürgerliche Pflichtmoral für die Gesellschaft festlegen, und robuste Freiheiten, die Privatpersonen und private Gruppen schützen, um eine höhere Moral des Strebens zu pflegen.

**Ever After High: Next Top Villain** Evangelische Verlagsanstalt

“They say the city never sleeps. It does. Just before dawn you can hear it snore. Light hangs in the air, directionless, not yet pressed into rays. The smell of a hidden sea soaks through stone. The streets themselves have that booming emptiness of a shell held to the ear. Everyone is dreaming. It’s when I began to wander, that time in between.” For Eve, newly arrived from a religious colony in the heartland, the sidewalks of New York aren’t conveyors of humanity, they are sacred symbols, holy places. In the early morning, when her shift as an after-hours barmaid ends, she roams the deserted neighborhoods. It is a pilgrimage of sorts. Like so many before her, Eve has come to Manhattan to find herself among the lights and noise and sea of anonymous faces that make up the city. One night, her nocturnal meanderings lead her to a scene that will set her life on an unexpected course. She sees two people pressed against each other in the shadows of a building. Is it a mugging? A rape? Or is this what love looks like when viewed from the outside? Eve’s gaze locks into that of the struggling woman. There is a moment of connection, of silent communication, and then she is gone, the sound of her footsteps swallowed by the city, leaving behind a man . . . bleeding on the pavement. As Eve attempts to understand what she actually saw, she becomes involved with an up-and-coming artist who draws her to him even as his actions push her away; she meets a peculiar, father-like detective who pressures her to talk about a crime she now thinks may not have even happened; and she contemplates a marriage proposal that will give her a lot more than a last name. Everyone seems to want something from Eve; now if only she can figure out what, exactly, she has within her to give. With *Eve In The City*, Thomas Rayfiel has written a love letter to New York, from empty dawn streets to the glitter of Bloomingdale’s to the galleries of SoHo. Here is a smart, often dark-humored novel of a young woman’s search for self.

The first novel based on the wildly popular role playing game *EVE Online*, *EVE: The Empyrean Age* brings this compelling science fiction environment to life. A clone with no name or past awakens to a cruel existence, hunted mercilessly for crimes he may never know; yet he stands close to the pinnacle of power in New Eden. A disgraced ambassador is confronted by a mysterious woman who knows everything about him, and of the sinister plot against his government; his actions will one day unleash the vengeful wrath of an entire civilization. And among the downtrodden masses of a corporation-owned world, a man named Tibus Heth is about to launch a revolution that will change the course of history. The confluence of these dark events will lead humanity towards a tragic

destiny. The transcendence of man to the dream of immortality has bred a quest for power like none before it; empires spanning across thousands of stars will clash in the depths of space and on the worlds within. Those who stand before the tides of war, willingly or not, must face the fundamental choices that have been with man for tens of thousands of years, unchanged since the memory of Earth was lost. This is *EVE, The Empyrean Age*. A test of our convictions and the will to survive. At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Even You Can Learn Statistics: A Guide for Everyone Who Has Ever Been Afraid of Statistics* is a practical, up-to-date introduction to statistics—for everyone! Thought you couldn’t learn statistics? You can—and you will! One easy step at a time, this fully updated book teaches you all the statistical techniques you’ll need for finance, quality, marketing, the social sciences, or anything else! Simple jargon-free explanations help you understand every technique. Practical examples and worked-out problems give you hands-on practice. Special sections present detailed instructions for developing statistical answers, using spreadsheet programs or any TI-83/TI-84 compatible calculator. This edition delivers new examples, more detailed problems and sample solutions, plus an all-new chapter on powerful multiple regression techniques. Hate math? No sweat. You’ll be amazed at how little you need. Like math? Optional “Equation Blackboard” sections reveal the mathematical foundations of statistics right before your eyes! You’ll learn how to:

- Construct and interpret statistical charts and tables with Excel or OpenOffice.org Calc 3
- Work with mean, median, mode, standard deviation, Z scores, skewness, and other descriptive statistics
- Use probability and probability distributions
- Work with sampling distributions and confidence intervals
- Test hypotheses with Z, t, chi-square, ANOVA, and other techniques
- Perform powerful regression analysis and modeling
- Use multiple regression to develop models that contain several independent variables
- Master specific statistical techniques for quality and Six Sigma programs

*What is Nietzsche's Zarathustra?* Scarecrow Press

An exquisitely romantic debut novel that captures the longing of lost—and sometimes found—love. It is the mid-1960s in a small seaside town in Croatia. Two children, Luka and Dora, meet on their first day of kindergarten. Luka faints the first time he sees Dora and she wakes him with a kiss. The two become inseparable. Over the next few years, they wander the shores of their town, lying on their special rock by the sea as Luka paints—until Dora's parents move to Paris. Bereft, Luka becomes a solitary young man, prey to the needs of his family, but a promising painter. In Paris, Dora blossoms and becomes a successful actress. When Luka comes to Paris for a show of his paintings, a chance encounter brings them together. Now adults, they fall back in love, and their feelings are given resonance by a shared adoration of Pablo Neruda. Timing and fate, however, seem determined to keep them apart. Like *The Solitude of Prime Numbers* and *One Day, Nataša Dragnić's Every Day, Every Hour* is a haunting tale of star-crossed love that will utterly entrance readers with the rhythmic beauty of its language and ineffable air of expectation and heartache.

This field guide covers northern to central Tanzania, southern Kenya and parts of central Kenya. Most species are illustrated by live specimens; generally, adult males and females are depicted, along with selected nymphal stages. For species-rich genera, morphological details are provided, together with keys to genera and species as well as distribution maps for most taxa. The enclosed DVD features the songs of 185 species. More than 270 bushcricket species are treated, including raspy crickets (7 genera) and wetas (2 genera). The majority of the species shown are from the family Tettigoniidae, particularly from the subfamily Conocephalinae (including the tribes Agraeciini, Conocephalini and Copiphorini); in addition, the subfamilies Hetrodinae, Hexacentrinae, Meconematinae, Saginae, and Mecopodinae are represented as well. The subfamily Phaneropterinae is the most diverse in the area, with six genera in the tribe Acrometopini, plus representatives of the tribes Amblycoryphini, Catoptropterigini, Ducetiini, Holochlorini, Odonturini, Otiaphysini, Pardalotini, Phaneropterini, Terpnistrini and Tylopsidini. Genera of ungrouped Phaneropterinae in the area include Ectomoptera, Eulioptera, Euryastes, Lunidia, Materuana, Meruterrana, Oxyecous, Pseudopreussia, Sentia and Tropidonotacris. The subfamily Pseudophyllinae is also present with six genera (*Acauloplax*, *Cymatomera*, *Cymatomerella*, *Pseudotomias*, *Stenampyx* and *Zabalius*).

"James Baldwin meets Aldous Huxley" in this "highly original" speculative fable (Chicago Tribune). Nominated for the Hurston/Wright Legacy Award in Fiction. In a post-human world, creatures called oafs keep humanlike "mans" as beloved pets. One day, a poor boy oaf brings home a man, whom he hides under his bed in the hopes his parents won't find out. . . . "Much like Pierre Boulle's 1963 novel *Planet of the Apes*, this novel is a sardonic parable on the nature and destiny of the species. A nimble fable whose bold narrative experiment is elevated by its near-biblical language and

affectionate embrace of our inherent flaws." —Kirkus Reviews "An imaginative and honest epic, weaving together biblical stories, fantasy, poetry, and fairy tales with a touch of realism. . . . Allen asks us to question the assumptions, -isms, and contradictions of the modern world. . . . Recalling the humanitarian concerns of Octavia Butler's *Fledgling* and the poetry of Ovid's *Metamorphosis* [sic], this book will appeal to readers of literary fiction and fantasy." —Library Journal "Imaginative, versatile, and daring, Allen raids the realms of myth and fairy tales in this topsy-turvy speculative fable. . . . With canny improvisations on 'Jack and the Beanstalk,' the 'Epic of Gilgamesh,' and Alice in Wonderland, Allen sharpens our perceptions of class divides, racism, enslavement, and abrupt and devastating climate change to create a delectably adventurous, wily, funny, and wise cautionary parable." —Booklist "It is one thing to devise a fable dealing so adroitly with such concepts as racism, war, religion, and the very nature of civilization itself, but Preston's true triumph is the infusion of each page and every astonishing episode with palpable emotional resonance." —Les Standiford, New York Times–bestselling author of *Last Train to Paradise* A Chicago Tribune Noteworthy Fiction Pick

This book evaluates whether or not we can decide on the best theory of concepts by appealing to the explanatory results of cognitive science. It undertakes an in-depth analysis of different theories of concepts and of the explanations formulated in cognitive science. As a result, two reasons are provided for thinking that an appeal to cognitive science cannot help to decide on the best theory of concepts.

Forensic mental health assessment (FMHA) has grown into a specialization informed by research and professional guidelines. This series presents up-to-date information on the most important and frequently conducted forms of FMHA. The 19 topical volumes address best approaches to practice for particular types of evaluation in the criminal, civil, and juvenile/family areas. Each volume contains a thorough discussion of the relevant legal and psychological concepts, followed by a step-by-step description of the assessment process from preparing for the evaluation to writing the report and testifying in court. Volumes include the following helpful features: Boxes that zero in on important information for use in evaluations Tips for best practice and cautions against common pitfalls Highlighting of relevant case law and statutes Separate list of assessment tools for easy reference Helpful glossary of key terms for the particular topic In making recommendations for best practice, authors consider empirical support, legal relevance, and consistency with ethical and professional standards. These volumes offer invaluable guidance for anyone involved in conducting or using forensic evaluations. This book considers those legal, ethical and assessment issues that arise when forensic mental health professionals are asked to evaluate the capacity of adults to make independent decisions about the management of their personal and financial affairs. As our population ages, the competence of those who are elderly and mentally infirmed may be challenged more and more frequently, and this book will be an invaluable resource for those involved in assessing that competence.

A “psychologically acute and boldly plotted” tale of a wealthy, dysfunctional family in Malaysia (Booklist, starred review). Set in Malaysia, this internationally acclaimed debut novel offers an unflinching look at relationships between parents and children, brothers and sisters, the wealthy and poor, a country and its citizens—all through the eyes of the prosperous Rajasekharan family. When Chellam, the family’s rubber-plantation-bred servant girl, is dismissed for unnamed crimes, her banishment is the latest in a series of losses that have shaken six-year-old Aasha’s life. A few weeks before, Aasha’s grandmother Paati passed away under mysterious circumstances and her older sister, Uma, departed for Columbia University—leaving Aasha to cope with her mostly absent father, bitter mother, and imperturbable older brother. Moving backward and forward in time, *Evening Is the Whole Day* explores the closely guarded secrets that haunt the Rajasekharans: What was Chellam’s unforgivable crime? Why was Uma so intent on leaving? What did Aasha see? And, underscoring all of these mysteries: What ultimately became of her father’s once-grand dreams for his family and his country? “A delicious first novel . . . [Samarasan’s] ambitious, spiraling plot, her

richly embroidered prose, her sense of place, and her psychological acuity are stunning.” —The New York Times Book Review “A surpassingly wise and beautiful debut novel about the tragic consequences of the inability to love.” —Booklist, starred review “The language bursts with energy.” —Publishers Weekly
