ISRAEL ALVAREZ

Hippocrene Children's Illustrated Scottish Gaelic Dictionary Saraband

Scotland is a nation of dramatic weather and breathtaking landscapes – of nature resplendent. And, over the centuries, the people who have lived, explored and thrived in this country have developed a rich language to describe their surroundings: a uniquely Scottish lexicon shaped by the very environment itself. A Scots Dictionary of Nature brings together – for the first time – the deeply expressive vocabulary customarily used to describe land, wood, weather, birds, water and walking in Scotland. Artist Amanda Thomson collates and celebrates these traditional Scots words, which reveal ways of seeing and being in the world that are in danger of disappearing forever. What emerges is a vivid evocation of the nature and people of Scotland, past and present; of lives lived between the mountains and the sky.

The Hamely Tongue Edinburgh University Press

"Robert Falconer" by George MacDonald. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Essential Scots Dictionary HarperCollins UK

This new edition of the Luath Scots Language Learner featuring updated information is suitable as an introductory course or for those interested in reacquainting themselves with the language of childhood and grandparents. There are dictionaries and grammar books but this is the first-ever language course. The book assumes no prior knowledge on the reader's part. Starting from the most basic vocabulary and constructions, the reader is guided step-by-step through Scots vocabulary and the subtleties of grammar and idiom that distinguish Scots from English. An accompanying audio recording conveys the authentic pronunciation, especially important to readers from outside Scotland.

The New Testament in Scots Edinburgh University Press

The Essential Scots Dictionary (Scots-English/English-Scots) is designed to encourage the use of Scots in schools and to provide support in the classroom. It is also a useful compact reference book for anyone seeking information on Scots. This two-way dictionary provides: modern Scots, with some literary words likely to be met in stories or poems; notes on how to get the most out of your dictionary; grammar notes and verb lists; spelling guidance; help with pronunciation; and a brief history of the Scots language.

The Scots School Dictionary IndyPublish.com

affront • baffies • capercailzie • dingie • elderitch first fit • glaikit • hogmanay • jalouse • laldie • mar numpty • onding • pawkie • scunner • thrapple wean • yeukie • and mony mony mair tae whet yer thrapple... What is your favourite Scots word? Have you heard of a stushie or a stairheid rammy? Do you know a numpty who talks a lot of mince? For over a decade, The Herald has published the Scottish Language Dictionaries' Scots Word of the Week. This wee book gathers 100 of our favourites, showing the breadth and diversity of the Scots language over time, ranging from lesser-known Older Scots to formal language to contemporary slang. Uncover the surprising origins of well-known words such as numpty and wean, discover unusual ones like onding and gowan, and savour evocative gems like Robert Burns' 'blethering, blustering, drunken blellum'.

The Essential Gaelic-English / English-Gaelic Dictionary Continuum

A unique dictionary with 15,000 English-Scots entries.

Scots Thesaurus Luath Press

Presenting Scots as a separate language in its own right, and conscious of its long history, the author of this guide to grammatical and idiomatic usage resists the notion that Scots is merely a dialect or defective version of English. He provides working examples in the hope that writers, teachers and speakers will gather confidence and bring the language into serious use for the people of Scotland in the 21st century.

Scottish Gaelic-English, English-Scottish Gaelic Hyperion Books

A unique dictionary with 15,000 English-Scots entries.

Scots-English, English-Scots Dictionary Scots Language Dictionaries

This book fulfils a keenly-felt need for a modern, comprehensive dictionary of Scottish Gaelic into English. The numerous examples of usage and idiom in this work have been modelled on examples culled from modern literature, and encompass many registers ranging from modern colloquial speech, to more elaborate literary constructions. The main contemporary terms and idiomatic phraseology, often not available in other dictionaries, provide excellent models for easier language learning. In addition to the main dictionary, the volume contains introductory material, providing guidance on using the dictionary, spelling and pronunciation. There are also twelve useful appendices which cover not only the various parts of speech, lenition and proper nouns, but also address the more difficult issues of expressing time, direction and numerals. The clarity of the design and layout of the volume will greatly ease the process of attaining mastery of the Gaelic language.

Scottish (Doric)-English, English-Scottish (Doric) Concise Dictionary Collins

Scots: The Mither Tongue is a classic of contemporary Scottish culture and essential reading for those who care about their country's identity in the twenty-first century. It is a passionately written history of how the Scots have come to speak the way they do and has acted as a catalyst for radical changes in attitude towards the language. In this completely revised edition, Kay vigorously renews the social, cultural and political debate on Scotland's linguistic future, and argues convincingly for the necessity to retain and extend Scots if the nation is to hold on to its intrinsic values. Kay places Scots in an international context, comparing and contrasting it with other lesser-used European languages, while at home questioning the Scottish Executive's desire to pay anything more than lip service to this crucial part of our national identity. Language is central to people's existence, and this vivid account celebrates the survival of Scots in its various dialects, its literature and song. The mither tongue is a national treasure that thrives in many parts of the country and underpins the speech of everyone who calls themselves a Scot.

Pocket Scots Dictionary Waverley Books Limited

An Etymological Dictionary of the Scottish Language Walter de Gruyter

Angus Watson's Essential Gaelic-English and English-Gaelic dictionaries are well-established as one of the leading dictionaries of the Gaelic language. This combined dictionary is ideal for learners of Gaelic at all levels, and its generous coverage of vocabulary from fields such as business and IT makes it a valuable tool for all those who require an up-to-date reference work. It contains a large amount of explanatory material, numerous examples of usage and idiomatic phrases and expressions. Many registers and styles are sampled, from the familiar (and occasionally the vulgar) to the formal and the literary. Cross-references draw the user to related words and expressions, and Scots equivalents are provided for a number of headwords.

A Scot's Dialect Dictionary Hippocrene Books

Of late, religion seems to be everywhere, suffusing U.S. politics and popular culture and acting as both a unifying and a divisive force. This collection of manifestos, Supreme Court decisions, congressional testimonies, speeches, articles, book excerpts, pastoral letters, interviews, song lyrics, memoirs, and poems reflects the vitality, diversity, and changing nature of religious belief and practice in American public and private life over the last half century. Encompassing a range of perspectives, this book illustrates the ways in which individuals from all along the religious and political spectrum have engaged religion and viewed it as a crucial aspect of society. The anthology begins with documents that reflect the close relationship of religion, especially mainline Protestantism, to essential ideas undergirding Cold War America. Covering both the center and the margins of American religious life, this volume devotes extended attention to how issues of politics, race, gender, and sexuality have influenced the religious mainstream. A series of documents reflects the role of religion and theology in the civil rights, feminist, and gay rights movements as well as in conservative responses. Issues regarding religion and contemporary American culture are explored in documents about the rise of the evangelical movement and the religious right; the impact of "new" (post-1965) immigrant communities on the religious landscape; the popularity of alternative, New Age, and non-Western beliefs; and the relationship between religion and popular culture. The editors conclude with selections exploring major themes of American religious life at the millennium, including both conservative and New Age millennialism, as well as excerpts that speculate on the future of religion in the United States. The documents are grouped by theme into nine chapters and arranged chronologically therein. Each chapter features an extensive introduction providing context for and analysis of the critical issues raised by the primary sources.
