Ages 3+.

Exciting Sensory Bins for Curious Kids

Houghton Mifflin Harcourt

Explore taste-safe small worlds, create colorful pieces of art, and engage all five senses while investigating the great

outdoors. Sensory play is a wonderful way to explore the world with your little learners! Sensory Play for Toddlers and Preschoolers is a practical, hands-on guide for parents and educators who want to inject more play into their children's day! Since this collection features simple sensory play ideas with items you already have in your home, playtime has never been easier. Inside the book, you'll find forty easy sensory play tubs and activities with extra bonus ideas for extending the activities even further! Not only will your child be learning and exploring through play, but you'll also be creating some magical memories of playtime that will last a lifetime! Learn how to get

started with sensory play using tips, tricks, and sensory play staples. Follow quick and easy, tried and tested sensory base recipes designed to ignite the senses and inspire hours of sometimes messy, always memorable playtime. Create thoughtful sensory invitations and artworks while developing fine motor skills, hand-eye coordination, early measurement concepts and so much more! Sensory play allows our little learners to make connections as they explore the world around them using their senses of sight, smell, taste, sound, and touch. It's the beginning of a lifelong journey of scientific understanding and a wonderful way to

connect and bond with your little learners!

Busy Toddler's Guide to Actual Parenting

Penguin Bring out your child's creativity and imagination with more than 60 artful activities in this completely revised and updated edition Art making is a wonderful way for young children to tap into their imagination, deepen their creativity, and explore new materials, all while strengthening their fine motor skills and developing self-confidence. The Artful

Parent has all the tools and information you need to encourage creative activities for ages one to eight.

From setting up a studio space in your home to finding the best art materials for children, this book gives you all the information you need to get started. You'll learn how to: * Pick the best materials for your child's age and learn to make your very own * Prepare art activities to ease children through transitions, engage the most energetic of kids, entertain small groups, and more * Encourage artful living through everyday activities * Foster a love of creativity in your family

Learning Activities, Preschool Simon and Schuster

Discover new, practical

methods for teaching literacy skills in your early childhood classroom. Has teaching early literacy skills become a stumbling block to getting your preschool students kindergarten ready? Break out of the tired “letter of the week” routine and learn how to transform your lessons with fun and effective techniques. Teach Smarter: Literacy Strategies for Early Childhood Teachers will equip teachers to infuse every aspect of their teaching with exciting hands-on literacy teaching methods that engage students and help them build authentic connections with books, so that 100% of their students will have a strong literacy foundation and will be

fully prepared for success in kindergarten and beyond. Respected author Vanessa Levin, veteran early childhood educator and author of the “Pre-K Pages” blog, breaks down the research and translates it into realistic, actionable steps you can take to improve your teaching. Features specific examples of teaching techniques and activities that engage students in hands-on, experiential learning during circle time, centers, and small groups. Offers a simple, four-step system for teaching literacy skills, based on the foundational principles of early literacy teaching. Demonstrates how to build your confidence in your ability to get

100% of your students ready for kindergarten, long before the end of the school year

Understand the problems with traditional literacy teaching and identify gaps in your current teaching practice with this valuable resource.

Corduroy's Christmas
RH Childrens Books

The foundation for science, technology, engineering, and mathematics (STEM) education begins in the early years. This book provides more than ninety activities and learning center ideas that seamlessly integrate STEM throughout early childhood classrooms. These hands-on STEM experiences enhance cooking, art, and music activities, block play and sensory table exploration, and field

trips and outdoor time. Information on assessment and early learning standards is also provided. Sally Moomaw, EdD, has spent much of her career researching and teaching STEM education. She is an assistant professor at the University of Cincinnati and the author of several early education books.

Tea Party encourage creativity and imagination. And your kids will have so much fun they won't even know they're getting smarter with STEAM (science, technology, engineering, art and math) activities like Sink or Float Soup, Magnetic Letter Hunt or Ice Cream Scoop and Count. With setup instructions, details on how to guide your child through each activity, suggestions for what to talk about with your child as they play and other useful tips, Mandisa gives you all the information you need for creative sensory activities your kids are bound to love.

Exploring Science with Dyslexic Children and Teens

Redleaf Press
A 'big-book' edition of Alison Lester's all-time

favourite Australian beach book, perfect for library and classroom storytimes.

The Artful Parent

Redleaf Press

Winner of the 1963

Caldecott Medal! No

book has captured the

magic and sense of

possibility of the first

snowfall better than

The Snowy Day.

Universal in its appeal,

the story has become a

favorite of millions, as

it reveals a child's

wonder at a new world,

and the hope of

capturing and keeping

that wonder forever.

The adventures of a

little boy in the city on

a very snowy day.

"Keats's sparse collage

illustrations capture

the wonder and beauty

a snowy day can bring

to a small

child."—Barnes &

Noble "Ezra Jack

Keats's classic *The*

Snowy Day, winner of the 1963 Caldecott Medal, pays homage to the wonder and pure pleasure a child experiences when the world is blanketed in snow."—Publisher's Weekly "The book is notable not only for its lovely artwork and tone, but also for its importance as a trailblazer. According to Horn Book magazine, The Snowy Day was "the very first full-color picture book to feature a small black hero"—yet another reason to add this classic to your shelves. It's as unique and special as a snowflake."—Amazon.com

Exciting Sensory Bins for Curious Kids Page Street Publishing

You don't need to feel alone in parenting. You don't need to feel like

you're failing. And you definitely don't need another parenting book filled with theoretical advice about theoretical children. You need actual parenting help from an actual parent. It's time to feel confident in your parenting. Susie Allison, creator of the massive online community Busy Toddler, is a breath of fresh air. With her humor and engaging personality, she helps parents find their footing, shift their perspective on childhood, and laugh at the twists and turns of parenting we all face. (Yes, it's ok that your child licked a shopping cart - they pretty much all do that.) In Busy Toddler's Guide to Actual Parenting, Susie gives the achievable advice she's known for

around the world, from daily life and #beingtwofine to tantrums and tattling and teaching the ABCs. The book also includes 50+ of her famous activities that have helped thousands of parents make it to nap time-FYI, the popsicle bath is a game-changer. Susie shares real moments raising her three kids as well as her professional knowledge from eight years as a kindergarten and 1st grade teacher. Her simple and doable approach to parenting will leave you feeling so much better! Let Susie give you the actual parenting advice you need.

Bartholomew and the Oobleck Page Street Publishing
Join Bartholomew Cubbins in Dr. Seuss's

Caldecott Honor-winning picture book about a king's magical mishap! Bored with rain, sunshine, fog, and snow, King Derwin of Didd summons his royal magicians to create something new and exciting to fall from the sky. What he gets is a storm of sticky green goo called Oobleck—which soon wreaks havoc all over his kingdom! But with the assistance of the wise page boy Bartholomew, the king (along with young readers) learns that the simplest words can sometimes solve the stickiest problems. *Superworm* Penguin Perform Mind-Blowing Science Experiments at Home! You'll have the time of your life conducting these incredible, wacky and

fun experiments with your parents, teachers, babysitters and other adults. You'll investigate, answer your questions and expand your knowledge using everyday household items. The Quirky Mommas from the wildly popular Kids Activities Blog and authors of the bestselling 101 Kids Activities That Are the Bestest, Funnest Ever! have done it again with this book of ridiculously amazing, simple science experiments. You can do things both indoors and outdoors. The handy mess meter, preparation times and notes on the level of supervision will keep your parents happy, and you safe. Experimenting is really fun, and you will have a blast being a

scientist! You will be so entertained, you might not notice you're also learning important things about the world around you. Some experiments to master:

- Balloon-Powered Car
- Burst Soap Clou
- CD Hovercraft
- Creeping Ink
- Bendy Bones
- Electromagnet
- Paper Helicopters
- Unbreakable Bubbles

Now put on your lab coat and let's get experimenting!

Teach Smarter Simon and Schuster

"The articles in this collection emphasize the importance of play-from infancy through the primary grades, how to support and scaffold children's play, and how to connect play to learning. Also included is a professional development guide with questions and

activities"---Publisher's Web site.

Bear Sees Colors

Quarry Books

Easy Ways to Enhance Learning & Curriculum through the Power of Play Give little learners the foundation they need for school and life with this essential collection of activities from veteran preschool teacher Katie T.

Christiansen. Using her years of experience developing curriculum, she has curated 75 easy hands-on projects centered on the most important skills children should practice between the ages of 3 and 5—from literacy, math and science to gross- and fine-motor skills and social-emotional mindfulness. Best of all, these activities require minimal preparation and use

affordable, everyday items, so they're perfect for busy, budget-conscious caregivers and educators. Harness the power of learning through play with projects like the Alphabet Mystery Can, which helps children learn about letter sounds to prepare them for reading, and the Outdoor Color Changing Volcano, which is an explosive introduction to simple science concepts. The My Feelings Sensory Bottle teaches little ones to identify and talk about their different emotions, and the Rip and Snip Tray helps develop hand strength and dexterity for an easy transition to writing. With Katie's expertise and balanced approach to early childhood education, ,

plus tips for individualizing activities for each unique learner, this must-have resource will give you the tools to prepare children for kindergarten and beyond.

Sticks and Stones

Allen & Unwin Sensory play is important to children's development, and Mandisa Watts's creative sensory bins are the perfect way for parents and caregivers to interact with toddlers and preschoolers in fun, engaging ways. With endless options for variations, sensory bins are large tubs or bins that are filled with a variety of materials—such as rice, paper, water, toys, and foliage—for children to poke, prod, squish, and squeeze.

Water sensory bins are the perfect activity for a warm summer afternoon, and kids are sure to love bins like Silly String Water Worms and Arctic Ice Castles. Are the kids bored of some of their once beloved toys? Introduce those toys back into playtime in fun new ways in bins like Shiny Puzzle Hunt and Lego House Painting. You can even use materials found in your pantry to make a Green Pea Smash bin or a Cookie Cutter Painting bin. A wide variety of exciting activities mean that there's a bin for toddlers and preschoolers of all ages—and many bins will be engaging and entertaining for everybody from an 15-month-old to kids on the verge of entering

kindergarten.

The Snowy Day Frank Schaffer Publications
Easy, Creative and Fun Things to Keep Your Children Entertained and Happy Never again will you hear the all-too-common call of, "I'm bored!" with this kid-pleaser for many ages. Whether your kid is 3, 5 or 12 years old, there are hundreds of fun, educational and engaging things to do in this book. When they ask to watch television, you'll have the perfect solution. 101 Kids Activities That Are the Bestest, Funnest Ever! has time-tested, exciting activities to keep your children laughing and learning for the whole day, every day. Holly Homer and Rachel Miller are the women behind the wildly popular site

KidsActivitiesBlog.com, which gets more than 2 million hits a month and has more than 71,000 fans on Facebook and 100,000 followers on Pinterest. One-of-a-kind activities--never before seen on the blog--range from making edible play dough and homemade sidewalk chalk to playing shoebox pinball and creating a balance beam obstacle course. And with outdoor and indoor activities and tips for adjusting according to your child's age, this book will provide hours and hours of never-ending fun with your family. This parenting life raft is also the perfect way to make sure caregivers are spending quality-time with your little ones.
