Zoe Zola is one of ten

invitees to an Agatha Christie symposium.

Tempers flare...and then there are nine. Can Jenny Weston save Zoe from murder on the Upper Peninsula? Little Person author Zoe Zola believes that one of the unluckiest things in life is to receive an invitation—in the form of a letter edged in black—to an Agatha Christie symposium at an old Upper Peninsula hunting lodge. Her reluctance dissipates when she learns that the organizer is named Emily Brent—the name of a character poisoned by cyanide in Christie's *And Then There Were None*. As a dreary rain soaks the U.P., Zoe and nine other Christie scholars—each of whom bears a vague resemblance to one of the classic mystery novel's characters—arrive at the lodge. At the opening night dinner, arguments flare over the experts'

A witty and sophisticated mystery featuring bestselling author Josephine Tey's popular Inspector Alan Grant, a beloved character created by a woman considered to be one of the greatest mystery writers of all time. Literary sherry parties were not Alan Grant's cup of tea. But when the Scotland Yard Inspector arrived to pick up actress Marta Hallard for dinner, he was struck by the handsome young American photographer, Leslie Searle. Author Lavinia Fitch was sure her guest "must have been something very wicked in ancient Greece," and the art colony at Salcott St. Mary would have agreed. Yet Grant heard nothing more of Searle until the news of his disappearance. Had Searle drowned by accident or could he have been murdered by one of his young women admirers? Was it a possible case of suicide or had the photographer simply vanished for reasons of his own?

And Then There Were None Novel Units Teacher Guide Novel Units, Incorporated

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one

paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. A Libertarian Walks Into a Bear is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.
