Connecticut may be a small state, but it is large indeed in its contribution to the nation's literature. Garnet Poems features forty-two poets whose work has a strong connection to Connecticut. The first major anthology of Connecticut poetry to appear since the mid-nineteenth century, it includes the work of such notable poets as Wallace Stevens, Lydia Sigourney, Mark Van Doren, Richard Wilbur, Susan Howe, and Elizabeth Alexander. Distinguished writer-scholar Dennis Barone has supplemented the poems with an editor's preface, notes that illuminate the poet's (or poem's) relation to the state, and informative biographies. The book also features a foreword by Dick Allen, the current Connecticut state poet laureate.

William Logan has been a thorn in the side of American poetry for more than three decades. Though he has been called the "most hated man in American poetry," his witty and articulate reviews have reminded us how muscular good reviewing can be. These new essays and reviews take poetry at its word, often finding in its hardest cases the greatest reasons for hope. Logan begins with a witty polemic against the wish to have critics announce their aesthetics every time they begin a review. "The Unbearable Rightness of Criticism" is a plea to read those critics who got it wrong when they reviewed Lyrical Ballads or Leaves of Grass or The Waste Land. Sometimes, he argues, such critics saw exactly what these books were—they saw the poems plain, yet often did not see that they were poems. In such wrongheaded criticism, readers can recover the ground broken by such groundbreaking books. Logan looks again at the poetry of Wallace Stevens, Frank O'Hara, and Philip Larkin; at the letters of T. S. Eliot, Elizabeth Bishop, and Robert Lowell; and at new books by Louise Glück and Seamus Heaney. Always eager to overturn settled judgments, Logan argues that World War II poets were in the end better than the much-lauded poets of World War I. He revisits the secretly revised edition of Robert Frost's notebooks, showing that the terrible errors ruining the first edition still exist. The most remarkable essay is "Elizabeth Bishop at Summer Camp," which prints for the first time her early adolescent verse, along with the intimate letters written to the first girl she loved.

The *Abject of Desire* approaches the aestheticization of the unaesthetic via a range of different topics and genres in twentieth-century Anglophone literature and culture. The "experience of disgust", which Winfried Menninghaus describes as "an acute crisis of self-preservation", is correlated with conceptualizations of gender in theories of the abject/abjection. In view of this general crisis of identity in the experience of disgust, the contributions to this volume discuss examples of the aestheticization of the unaesthetic in cultural representations and locate conceptual (re)codings of the body, gender, and identity with regard to the abject as an immediate and uncompromising

experience on the one hand, and a social and political phenomenon on the other. Considering a variety of cultural narratives by writers as diverse as Samuel Delany, Sarah Schulman, Joyce Carol Oates, Leslie Marmon Silko, Paul Magrs, J. G. Ballard, Stevie Smith, T. C. Boyle, Joseph Conrad, Poppy Z. Brite, and Will Self, by film directors John Waters and Peter Greenaway, playwrights Girish Karnad and Mahesh Dattani, and "body artist" Gunter von Hagens, the contributors to this volume scrutinize different implications of the ambivalent concept of the abject/abjection.

The Oxford Handbook of Victorian Poetry Dos Gatos Press Rise, Ye Sea Slugs! is a book of many faces. First, it is a book of translated haiku and contains over 900 of these short Japanese poems in the original (smoothly inserted in the main body), with phonetic and literal renditions, as well as the authors English translations and explanations. All but a dozen or two of the haiku are translated for the first time. There is an index of poets, poems and a bibliography. Second, it is a book of sea slug haiku, for all of the poems are about holothurians, which scientists prefer to call sea cucumbers. (The word cucumber is long for haiku and metaphorically unsuitable for many poems, so poetic license was taken.) With this book, the namako, as the sea cucumber is called in Japanese, becomes the most translated single subject in haiku, surpassing the harvest moon, the snow, the cuckoo, butterflies and even cherry blossoms. Third, it is a book of original haiku. While the authors original intent was to include only genuine old haiku (dating back to the 17th century), modern haiku were added and, eventually, Keigu (Gills haiku name) composed about a hundred of his own to help fill out gaps in the metaphorical museum. For many if not most modern haiku taken from the web, it is also their first time in print! Fourth, it is a book of metaphor.

How may we arrange hundreds of poems on a single theme? Gill divides them into 21 main metaphors, including the Cold Sea Slug, the Mystic Sea Slug, the Helpless Sea Slug, the Slippery Sea Slug, the Silent Sea Slug, and the Melancholy Sea Slug, giving each a chapter, within which the metaphors may be further subdivided, and adds a 100 pages of Sundry Sea Slugs (scores of varieties including Monster, Spam, Flying, Urban Myth, and Exploding). Fifth, it is a book on haiku. Editors usually select only the best haiku, but, Gill includes good and bad haiku by everyone from the 17th century haiku master to the anonymous haiku rejected in some internet contest. This is not to say all poems found were included, but that the standard was along more taxonomic or encyclopedic lines: poems that filled in a metaphorical or sub-metaphorical gap were always welcome. Also, Gill shows there is more than one type of good haiku. These are new ways to approach haiku. Sixth, it is a book on translation. There are approximately 2 translations per haiku, and some boast a dozen. These are arranged in mixed single, double and triple-column clusters which make each reading seem a different aspect of a singular, almost crystalline whole. The authors aim is to demonstrate that multiple reading (such as found in Hofstadters Le Ton Beau de Marot) is not only a fun game but a bona fide method of translating, especially useful for translating poetry between exotic tongues. Seventh, it is a book of nature writing, natural history or metaphysics (in the Emersonian sense). Gill tried to compile relevant or interesting (not necessarily both) historical -- this includes the sea slug in literature, English or Japanese, and in folklore -- and scientific facts to read haiku in their light or, conversely, bring out science from haiku. Unlike most nature writers, Gill admits to doing no fieldwork, but sluggishly staying put and relying upon reports from more mobile souls. Eighth, it is a book about food symbolism. The sea cucumber is noticed by Japanese because they eat it; the eating itself involves physical difficulties (slipperiness and hardness) and pleasures from overcoming them. It is also identified with a state of mind, where you are what you eat takes on psychological dimensions not found in the food literature of the West. Ninth, it is a book about Japanese culture. Gill does not set out to explain Japan, and the sea slug itself is silent; but the collection of poems and their explanations, which include analysis by poets who responded to the author's questions as well as historical sources, take us all around the culture, from ancient myths to contemporary dreams. Tenth, it is a book about sea cucumbers. While most species of sea cucumbers are not mentioned and the coverage of the Japanese sea cucumber is sketchy from the scientific point of view, Gill does introduce this animal graced to live with no brain thanks to the smart materials comprising it and blessed for sucking in dirty sediment and pooping it out clean. Eleventh, it is a book about ambiguity. Gill admits there is much that cannot be translated, much he cannot know and much to be improved in future editions, for which purpose he advises readers to see the on-line Glosses and Errata in English and Japanese. His policy is to confide in, rather than slip by the reader unnoticed, in the manner of the invisible modern translator and allow the reader to make choices or choose to allow multiple possibilities to exist by not choosing. Twelfth, the book is the first of dozens of spin-offs from a twenty-book haiku saijiki (poetic almanac) called In Praise of Olde Haiku (IPOOH, for short) Gill hopes to finish within the decade. Thirteenth. The book is a novelty item. It has a different (often witty) header (caption) on top of each page and copious notes that are rarely academic and often humorous.

Ruth Stone has always eschewed self-promotion and, in the words of Leslie Fiedler, "has never been a member of any school or clique or gaggle of mutual admirers." But her poems speak so vibrantly for her that she cannot be ignored. In her preface to this volume, Sandra M. Gilbert declares that Stone's "intense attention to the ordinary transforms it into (or reveals it as) the extraordinary. Her passionate verses evoke impassioned responses." At the same time, Gilbert continues, the essays collected here "consistently testify to Stone's radical unworldliness, in particular her insouciant contempt for the 'floor walkers and straw bosses' who sometimes seem to control the poetry 'factory' both inside and outside the university." Wendy Barker and Sandra Gilbert have organized the book into three sections: "Knowing Ruth Stone," "A Life of Art," and "Reading Ruth Stone." In "Knowing Ruth Stone," writers of different generations who have known the poet over the years provide memoirs. Noting Stone's singularity, Fiedler points out that "she resists all labels" and is "one of the few contemporaries whom it

is possible to think of simply as a 'poet.'" Sharon Olds defines her vitality ("A Ruth Stone poem feels alive in the hands"), and Jan Freeman praises her aesthetic intensity ("Everything in the life of Ruth Stone is integrated with poetry"). "A Life of Art" sketches the outlines of Stone's career and traces her evolution as a poet. Barker and Norman Friedman, for example, trace her development from the "high spirits and elegant craft" of her first volume--In an Iridescent Time-- through the "deepening shadows," "poignant wit," and "bittersweet meditations" of her later work. In interviews separated by decades (one in the 1970s and one in the 1990s), Sandra Gilbert and Robert Bradley discuss with Stone her own sense of her aesthetic origins and literary growth. "Reading Ruth Stone" is an examination of Stone's key themes and modes. Diane Wakoski and Diana O'Hehir focus on the tragicomic vision that colors much of her work; Kevin Clark and Elyse Blankley explore the political aspects of her poetry; Roger Gilbert analyzes her "often uncannily astute insights into the 'otherness' of other lives"; Janet Lowery and Kandace Brill Lombart draw on the biographical background of Stone's "grief work"; and Sandra Gilbert studies her *caritas*, her empathic love that redeems pain.
