Avancemos! Level 1 McGraw Hill  
Professional

An excellent addition to intermediate or  
advanced-level Spanish language or  
literature courses, En la Ocho y la Doce

is a collection of microfictions and longer stories that present diverse perspectives on the experience of Cuban emigration to the United States. Unlike many intermediate-level readers, which anthologize standard works, this volume presents outstanding, authentic literature and themes that are highly relevant to heritage speakers in this country.

*Système-D 4.0* McDougal Littel

Learn the basics of the Spanish language with this easy-to-use guide featuring original illustrations by Andy Warhol—from one of America's most prominent language teachers. Read, write, and speak Spanish in only a few short weeks! Even the most reluctant learner will be astonished at the ease and effectiveness of Margarita Madrigal's unique method of teaching a foreign language. Completely eliminating rote memorization and painfully boring drills, Madrigal's Magic Key to Spanish is guaranteed to help you: • Learn to speak, read, and write Spanish quickly and easily • Convert English into Spanish in an instant • Start forming sentences after the very first lesson • Identify thousands of Spanish words within a few weeks of study • Travel to Spanish-speaking countries with confidence and comfort • Develop perfect pronunciation, thanks to a handy pronunciation key With original black and white illustration by Andy Warhol, Madrigal's Magic Key to Spanish will provide readers with a solid foundation upon which to build their language skills.

Vocabulary Energizers ABC-CLIO

THIS BOOK BUILDS VOCABULARY BY PRESENTING THE FASCINATING HISTORIES BEHIND THOSE WORDS WE NEED FOR MORE EFFECTIVE COMMUNICATION AND COMPREHENSION. FOCUSING ON A CORE

OF 100 WORDS, THE AUTHOR LINKS THESE WORDS WITH HUNDREDS OF ADDITIONAL WORDS. INFORMATIVE AND AMUSING EXERCISES REINFORCE THE VOCABULARY ENTRIES.

Precalculus Holt Rinehart & Winston

From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. *Outliers* will change the way you think about your own life story, and about what makes us all unique.

'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain'

Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times

**¡Avancemos!** McGraw-Hill Education Accessible content for students studying Cambridge IGCSE Economics. This book, covering both the Cambridge IGCSE and O Level courses of the Cambridge syllabuses, draws extensively on real world examples to explore economic concepts, theories and issues. A number

of activities, based on examples from ground the world, are designed to facilitate students' easy understanding of the contents. Principles and practices have been explained in simple language and lucid style to enhance the accessibility of the content to students whose first language is not English.

*From Adam to Us* Houghton Mifflin College Division

This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value-this format costs significantly less than a new textbook.

Bob Blitzer has inspired thousands of students with his engaging approach to mathematics, making this beloved series the #1 in the market. Blitzer draws on his unique background in mathematics and behavioral science to present the full scope of mathematics with vivid applications in real-life situations. Students stay engaged because Blitzer often uses pop-culture and up-to-date references to connect math to students' lives, showing that their world is profoundly mathematical.

**?Avancemos!** McGraw-Hill Education  
This is the first book on the acquisition of Spanish that provides a state-of-the-art comprehensive overview of Spanish morphosyntactic development in monolingual and bilingual situations. Its content is organized around key grammatical themes that form the empirical base of research in generative grammar: nominal and verbal inflectional morphology, subject and object pronouns, complex structures involving movement (topicalizations, questions, relative clauses), and aspects of verb meaning that have consequences for syntax. The book argues that Universal Grammar constrains all instances of language acquisition and that there is a fundamental continuity between monolingual, bilingual, child and adult early grammatical systems. While stressing their similarities with respect to linguistic representations and processes, the book also considers important differences between these three acquisition situations with respect to the outcome of acquisition. It is also shown that many linguistic properties of Spanish are acquired earlier than in English and other languages. This book is a must read for those interested in the acquisition of Spanish from different

theoretical perspectives as well as those working on the acquisition of other languages in different contexts.

*Realidades 2* Savvas Learning Company  
Simply the best investment for anyone learning to write in French! This powerful program combines the features of a word processor with databases of language reference material, a searchable dictionary, a verb conjugating reference, and audio recordings of vocabulary, and example sentences. You will quickly learn to read, analyze, see word associations, and understand the link between language functions and linguistics structures in French.

**Outliers** Heinle & Heinle Publishers
