the most

crucial global  
health  
calamity of  
the twenty-  
first century. It  
caught  
humankind  
like a deer in  
the

across the  
globe, people  
were  
unprepared to  
face this  
disease head-  
on. Apart from  
enduring the  
impact of the

political crisis,  
we had to deal  
with the  
consequences  
of staying  
inside our  
homes without  
knowing what  
the future  
held for us.  
The severity

of this disease  
forced us all  
to become

This phase

the smallest of

As humans,  
we have a

the best day

Your Best Day  
Is Today! is a  
compendium

of experiences, lessons, and positive takeaways that will help you deal with the dark times in your life. It is a guide to getting in touch with your inner self and finding solutions to the problems that arise with adapting to changes in life. It is also a reminder of how you are not alone and there is always a way to make the best of any situation life throws at you. This book will inspire you and fill your

heart with immense love, faith, and joy.

Can you imagine a man on excursion with the mission to inspire .2 million people through the medium of yoga everyday? If Swami Ramdev's movement would have happened in any other part of the world then a lot of universities would have done Ph. D on it! I asked him that we understand that you get

energy, health and exaltation from Yoga but please tell us from where do you find the strength to face so many torments from all over. Baba Ramdev went for a mission to promote health of all citizens so that poor people can keep optimum health through yoga and overcome diseases that cannot be cured even through expensive medicines. But while on this mission, he found out that the bigger

problem lies within the country than globally with regards to health. Then he started to raise his voice. He is man of determination and once he takes aim, he does not give up until it is accomplished.

The best way to predict the future is to create it. Each one of us, in every area of our life, has an almost certain, probable, default future.

But is this future acceptable? This book provides a simple 6-step framework to actively create a future of one's choice.

It gives an insight into several generative leadership distinctions which, when practised, have the potential of having a significant positive impact on performance.

Devdutt

Pattanaik; one

mythologists;

seeks an answer to these apparent paradoxes and unravels an inherited truth about life and death; nature and culture; perfection and possibility. He retells sacred Hindu stories and decodes Hindu symbols and rituals; using a unique style of commentary; illustrations and diagrams. We discover why the villainous Kauravas went to heaven and the virtuous Pandavas (all except Yudhishtira) were sent to

hell; why Rama despite abandoning the innocent Sita remains the model king; why the blood-drinking Kali is another form of the milk-giving Gauri; and why Shiva wrenched off the fifth head of Brahma. Constructed over generations; Hindu myths serve as windows to the soul; and provide an understanding of the world around us. The aim is not to outgrow myth; but to be enriched and

empowered by its ancient; potent and still relevant language. Note: This book is in the Hindi language and has been made available for the Kindle, Kindle Fire HD, Kindle Paperwhite, iPhone and iPad, and for iOS, Windows Phone and Android devices. *Hindi Sahitya Ka Itihas* Penguin UK 'It can't be love . . .' he thinks and immediately his heart protests.
