Ghettostadt is the terrifying examination of the Jewish ghetto's place in the Nazi worldview. Exploring ghetto life in its broadest context, it deftly maneuvers between the perspectives and actions of Łódź's beleaguered Jewish community, the Germans who oversaw and administered the ghetto's affairs, and the "ordinary" inhabitants of the once Polish city.

Contesting Earth's Future Dundurn

From the critically lauded, internationally bestselling author of *The Moment* comes a profoundly moving novel that explores how a single brief encounter can change one's life. Laura spends her days looking at other people's potential calamities. She works in the radiography unit of a small hospital on the Maine coast, bearing constant witness to the fears of patient after frightened patient. In a job where finding nothing is always the best possible outcome, she is well versed in the random injustices of life, a truism that has lately been playing out in her marriage as well. Since being downsized, her husband, Dan, has become withdrawn, his emotional distance gradually corroding their relationship. With a son in college and a daughter soon due to leave home, Laura has begun to fear that the marital sounds of silence will only deepen once the nest is truly empty. When an opportunity arises to attend a weekend medical conference in Boston, Laura jumps at this respite from home. While checking in, she meets a man as gray and uninspired as her drab hotel room. Richard is an outwardly dull, fiftysomething insurance salesman. But during a chance second encounter, Laura discovers him to be surprisingly complex and thoughtful, someone who, like herself, is grappling with the same big questions about decisions made and the human capacity for self-entrapment. As their conversation deepens and begins to veer into shared confessions, the overwhelming sense of personal and intimate connection arises. A transformative love affair begins. But can this potential, much-longed-for happiness be married to their own difficult personal circumstances? Can they upend their lives and embrace that most loaded of words: change? A love story as clear-sighted and ruminative as it is affecting, *Five Days* will have you reflecting about the choices we all make that shape our destinies. Crafted with Kennedy's trademark evocative prose and pitch-perfect in its depiction of the complex realities of modern life, it is a novel that speaks directly to the many contradictions of the human heart.

'I want to be a good person. And I want to be happy. So happy it hurts. I need you to help me with that.' Otila McGregor is thirty years old and has decided it's time to sort her life out. She's going to quit drinking, stop cheating and finally find true happiness. Easy, right? Of course not. For a start, there's Grace, her best friend, who believes self-improvement is for people in their forties. Next there's Mina, her sister, who is mentally ill, and it might be Otila's fault. And then there's Thales, the Greek guy who works in the hospital cafeteria. He's probably the best, most dangerous person Otila's ever met. To make sense of it all, Otila keeps a scrapbook of everything: emails, receipts, tickets, letters, her therapy transcripts, a boyfriend's note rescued from the bin... The result is an infectious one-off of a novel that makes you wince and laugh in equal measure, and which asks the question: what does it take to be so happy it hurts?

She offers short 'insight units' pointing toward a direct inner path to the foundational life-knowledge within each of us. While reading these insight units from start to finish, you'll find that a spontaneous process of awakening is stimulated, helping you to unveil what you really are" - John Selby The book has been structured in seven parts. Each part explores a special perspective regarding the natural consciousness through which life fully blossoms. While reading these pages, your ingrained identification with who you think you are will begin to dissolve naturally, allowing you to experience your original state. Biography : Nassrine was brought up in Switzerland with her Iranian father and Russian mother. Recognized at an early age with the ability to instantly perceive a person's medical condition, Nassrine regularly works with patients and groups, sharing her insights into human nature and fulfillment. When Zack realizes their two-faced developer sent a petty thief to fix their leaky shower, he starts fighting hard to ignore the fact that Oakwood isn't the crime-free paradise he was hoping for.
