Written primarily in Greek, 1975 edition.

**The Satires of A. Persius Flaccus** Boston : Little, Borwn

The action-packed and gripping historical adventure by number one bestselling author, Wilbur Smith, about one man's quest for revenge. 'An exciting, taut and thrilling journey you will never forget' - The Sun THE DESIRE FOR REVENGE CAN BURN THE HEART OUT OF A MAN. The son of a wealthy plantation owner and a doting mother, Mungo St John is accustomed to wealth and luxury - until he returns from university to discover his family ruined, his inheritance stolen and his childhood sweetheart, Camilla, taken by the conniving Chester Marion. Mungo swears vengeance and devotes his life to saving Camilla - and destroying Chester. As Mungo battles his own fate and misfortune, he must question what it takes for a man to regain his power in the world when he has nothing, and what he is willing to do to exact revenge . . . Call of the Raven is the prequel to Wilbur Smith's bestselling novel, A Falcon Flies, part of the Ballantyne Series. Don't miss the rest of the series, Men of Men, The Angels Weep, The Leopard Hunts in Darkness, Triumph of the Sun and King of Kings, all available in paperback and ebook now. Praise for Wilbur Smith 'Best historical novelist' - Stephen King 'A master storyteller' - Sunday Times 'Wilbur Smith is one of those benchmarks against whom others are compared' - The Times 'No one does adventure quite like Smith' - Daily Mirror

*La Circe dialogues, in imitation of Plutarch* K G Saur Verlag GmbH & Company

"Persephone is the Goddess of Spring in title only. Since she was a little girl, flowers have only shriveled at her touch. After moving to New Athens, she hoped to lead an unassuming life disguised as a mortal journalist. All of that changes when she sits down in a forbidden nightclub to play a hand of cards with a hypnotic and mysterious stranger. Hades, God of the Dead, has built a gambling empire in the mortal world and his favorite bets are rumored to be impossible. But nothing has ever intrigued him as much as the goddess offering him a bargain he can't resist. After her encounter with Hades, Persephone finds herself in a contract with the God of the Dead, and his terms are impossible: Persephone must create life in the Underworld or lose her freedom forever. The bet does more than expose Persephone's failure as a goddess, however. As she struggles to sow the seeds of her freedom, love for the God of the Dead grows-a love that is both captivating and forbidden"--

In *The Codex*, published in 1954, C.H. Roberts studied the process by which in the early centuries of our era the roll as the vehicle for literature was replaced by the codex, which has remained the format of the book ever since. New evidence that has accumulated in the last thirty years has set some of the problems in a new light and in this book, published here for the first time in paperback, the authors re-examine these and offer a different explanation for the remarkable part in the transformation played by the early Church.

"The Fasti" was believed to have been left incomplete when Ovid was exiled to Tomis by the emperor Augustus in 8 AD. The work, which is structured based on the Roman calendar, is a series of elegiac couplets which present the first-hand accounts of vates, or "poet-prophets" with Roman deities regarding the origin of various Roman holidays and associated customs. The first six months of the year are all that is included in the work and it is unclear whether this was the intention of Ovid, whether the work is incomplete, or if the books on the last six months are simply lost. The book is dedicated to Germanicus, great-nephew of the Emperor Augustus, and it's speculated that "The Fasti" was written with the intention of restoring Ovid's standing with the rulers of Rome and to secure his release from exile. Presented here in this edition is the verse translation by John Benson Rose.

The innovative characteristic of the book lies in its tackling the topic of individualism from the original point of view of a theory of passions. It underlines the importance of the problem of the passions both in forming individual identity and building the social bond. It proposes to contrast the pathological effects of egoistical passions (acquisitive passion and passion of the Self), which are dominant in modernity, with empathetic and solidaristic passions, exemplified in the phenomenon of the gift.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

*De Natura Deorum Libri III* Bonnier Zaffre Ltd.

After forming a coalition of human resistance against the enemy invasion, Dalinar Kholin and his Knights Radiant have spent a year fighting a protracted, brutal war. Neither side has gained an advantage, and the threat of a betrayal by Dalinar's crafty ally Taravangian looms over every strategic move. Now, as new technological discoveries by Navani Kholin's scholars begin to change the face of the war, the enemy prepares a bold and dangerous operation. The arms race that follows will challenge the very core of the Radiant ideals, and potentially reveal the secrets of the ancient tower that was once the heart of their strength. At the same time that Kaladin Stormblessed must come to grips with his changing role within the Knights Radiant, his Windrunners face their own problem: As more and more deadly enemy Fused awaken to wage war, no more honorspren are willing to bond with humans to increase the number of Radiants. Adolin and Shallan must lead the coalition's envoy to the honorspren stronghold of Lasting Integrity and either convince the spren to join the cause against the evil god Odium, or personally face the storm of failure. The story continues in *Rhythm of War Part Two*. *Historical Materialism and the Economics of Karl Marx* PIMS

Ancient tradition suggests that this world-weary lament is the work of Solomon in old age. Casting its eye over the transient nature of life, the book questions the striving for wisdom and the truth, choosing instead to espouse the value of living for the moment. The text is introduced by Doris Lessing.

**Corpus paroemiographorum Graecorum, ed. E.L. a Leutsch et F.G. Schneidewin** Gollancz  
Historical materialism is what is called a fashionable subject. The theory came into being fifty years ago, and for a time remained obscure and limited; but during the last six or seven years it has rapidly attained great fame and an extensive literature, which is daily increasing, has grown up around it. It is not my intention to write once again the account, already given many times, of the origin of this doctrine; nor to restate and criticise the now well-known passages in which Marx and Engels asserted the theory, nor the different views of its opponents, its supporters, its exponents, and its correctors and corruptors. My object is merely to submit to my colleagues some few remarks concerning the doctrine, taking it in the form in which it appears in a recent book by Professor Antonio Labriola, of the University of Rome. For many reasons, it does not come within my province to praise Labriola's book. But I cannot help saying as a needful explanation, that it appears to me to be the fullest and most adequate treatment of the question. The book is free from pedantry and learned tattle, whilst it shows in every line signs of the author's complete knowledge of all that has been written on the subject: a book, in short, which saves the annoyance of controversy with erroneous and exaggerated opinions, which in it appear as superseded. It has a grand opportunity in Italy, where the materialistic theory of history is known almost solely in the spurious form bestowed on it by an ingenious professor of economics, who even pretends to be its inventor.

**A History of English Sexual Morals** Bloom Books

First published between 1880 and 1885, Joseph B. Mayor's three-volume edition of *De Natura Deorum* places Cicero's speculative theological dialogue in the context of the arguments of the Epicureans, the Stoics, the Academics, and their predecessors. This volume presents Cicero's Book 3, which takes up questions of Roman divination, worship, and mythology and ponders the relationship of philosophy to superstition. Is it possible, as Mayor asks, to 'unite reason and religion'? With this provocative question at its heart, the last book of Cicero's theological debate demonstrates its author's wit and imagination, as he evaluates not just the divisions among the Roman philosophical schools but the very grounds of divine existence. Containing a detailed textual commentary, a collation of manuscripts, and a substantial introduction to the three volumes as a whole, Mayor's book is still valuable today as a clear presentation of Cicero's complex philosophical project.
