NEW YORK TIMES BESTSELLER • From the bestselling author of *V2* and *Fatherland*—a WWII-era spy thriller set against the backdrop of the fateful Munich Conference of September 1938. Now a Netflix film starring Jeremy Irons. With this electrifying novel about treason and conscience, loyalty and betrayal, "Harris has brought history to life with exceptional skill" (The Washington Post). Hugh Legat is a rising star of the British diplomatic service, serving at 10 Downing Street as a private secretary to the Prime Minister, Neville Chamberlain. Paul von Hartmann is on the staff of the German Foreign Office—and secretly a member of the anti-Hitler resistance. The two men were friends at Oxford in the 1920s, but have not been in contact since. Now, when Hugh flies with Chamberlain from London to Munich, and Hartmann travels on Hitler's train overnight from Berlin, their paths are set on a disastrous collision course. And once again, Robert Harris gives us actual events of historical importance—here are Hitler, Chamberlain, Mussolini, Daladier—at the heart of an electrifying, unputdownable novel.

An outstanding novel about a young Russian woman's life in exile after the Russian Revolution. The *Book of Happiness* is one of the outstanding novels the great Russian writer Nina Berberova wrote during the years she lived in Paris, and the most autobiographical. "All Berberova's characters live raw, unfurnished lives, in poverty, on the edge of cities, with little sense of belonging except in moments of epiphany to their time and in life itself" (The Observer). Such a character is Vera, the protagonist of *The Book of Happiness*. At the novel's opening, Vera is summoned to the scene of a suicide, that of her childhood companion, Sam Adler, whose family left Russia in the early days of the revolution and whom Vera has not seen in many years. His death reduces Vera to a flood of tears and memories of the times before Sam's departure, and thoughts about how her life has gone since her move to Paris where she lives tied to a brilliant but demanding invalid husband. Berberova spins the story with a wonderful unsentimental poignancy, making it a beautiful testament to the indestructibility of happiness.

Chess Explained books provide an understanding of an opening

and the middlegames to which it leads, enabling you to find the right moves and plans in your own games. It is as if you were sitting at the board with a chess coach answering your questions about the plans for both sides, the ideas behind particular moves, and what specific knowledge you need to have. The Nimzo-Indian is one of the most important of all chess openings, and popular at all levels of play. Together with the Queen's Indian (also covered in this series), the Nimzo has provided the backbone of the opening repertoire of a large portion of the world's top players over the last 80 years. It is considered a fully reliable defence, and provides winning chances for both sides as it leads to structures of great strategic variety and complexity. Key battlegrounds in the Nimzo include the blockade, IQP positions, the handling of unbalanced pawn-structures, and the struggle between bishop and knight. All these topics are covered in depth in this book, and an understanding of them will prove valuable in a much broader context than just the Nimzo-Indian.

It's a vanished world, and Peter Hujar was right there in it. The Lower East Side between 1972 and 1985 -- filled with artists, wannabe artists and hangers-on -- was a community of the misbegotten gathered from every town in America and relocated in the mean streets between Broadway and the Bowery. Nothing but their talent, their flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their

names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hujar's camera -- and is now alive again in front of our eyes. Featured among others: Joe Brainard, William Burroughs, Remy Charlip, Edwin Denby, Divine, Ray Johnson, Fran Lebowitz, Charles Ludlum, Susan Sontag, Paul Thek, John Waters, Robert Wilson, David Wojnarowicz.

As non-literates, the Celts left no written record of their lives, their beliefs, and the stories which were such an important part of their culture. Here Dr. Green uses the works of contemporary commentators from the Classical world, later Christian scribes recording oral traditions, and archaeological evidence to discuss Celtic myths and their religious beliefs and rituals.
