The Crossroads Bargain FriesenPress
Western culture has a long and fraught

history of cultural appropriation, a history that has particular resonance within performance practice. Patrice Pavis asks what is at stake politically and aesthetically when cultures meet at the crossroads of theatre.? A series of major recent productions are analysed, including Peter Brook's Mahabharata, Cixous/Mnouchkine's *Indiande*, and Barba's *Faust*. These focus discussions on translation, appropriation, adaptation, cultural misunderstanding, and theatrical exploration. Never losing sight of the theatrical experience, Pavis confronts problems of colonialism, anthropology, and ethnography. This signals a radical movement away from the director and the word, towards the complex relationship between performance, performer, and spectator. Despite the

problematic politics of cultural exchange in the theatre, interculturalism is not a one-sided process. Using the metaphor of the hourglass to discuss the transfer between source and target culture, Pavis asks what happens when the hourglass is turned upside down, when the 'foreign' culture speaks for itself. *Beyond the Crossroads* Berghahn Books *Lessons from the Crossroads* is full of stories and tales Ed has heard from others, tales that are now part of his life. Continuing his epic trilogy of the Haitian slave uprising, Madison Smartt Bell's *Master of the Crossroads* delivers a stunning portrayal of Toussaint Louverture, former slave, military genius and liberator of Haiti, and his struggle

against the great European powers to free his people in the only successful slave revolution in history. At the outset, Toussaint is a second-tier general in the Spanish army, which is supporting the rebel slaves' fight against the French. But when Toussaint is betrayed by his former allies and the commanders of the Spanish army, he reunites his army with the French, wresting vital territories and manpower from Spanish control. With his army one among several factions, Toussaint eventually rises as the ultimate victor as he wards off his enemies to take control of the French colony and establish a new constitution. Bell's grand, multifaceted novel shows a nation, splintered by actions and in the throes of chaos, carried to liberation and justice through the undaunted tenacity

of one incredible visionary.

Television had, until recently, a social and cultural purpose. The BBC, and to a lesser extent ITV and Channel 4, were committed by the legal instruments establishing them to develop and maintain these purposes. With the enlargement of the range of choices for viewers by digital television and the provision of access to cable and satellite TV and the Internet, the role of the terrestrial television channels is being diluted. The authors examine the effects of this and consider whether anything can be done to maintain the standards and quality of television at a time of unlimited competition.

A masterful collection of tales from the faded border between our day-to-day world and the horrifying unknown on the other side of midnight. An old woman living alone on the edge of a bog gets an unexpected -- and unsettling -- visitor, throwing her quiet life into a long-buried mystery. An isolated backwoods family

stumbles into good fortune for a time with a monstrous discovery in the lake behind their house, but that time is running short. And a misfit little girl, struggling to make friends, meets an understanding soul one day at the beach: but why will he only play with her alone at night? All these lonely souls -- and more -- have reached out into the darkness, not knowing what they might find. Around the dark edges of reality lurk unknown beings with unknowable intentions -- ordinary objects can become cursed possessions, entities who seem like friends can become monstrous, and those who seem monstrous can become the truest companions. In this collection of evocative, unnerving slice-of-life horror, five stories explore what happens when

one is desperate enough to seek solace in the unnatural, and what might be waiting for us at the Crossroads at Midnight.

The Crossroads Series Lulu Press, Inc
The devil is the most charismatic and important figure in the blues tradition. He's not just the music's namesake ("the devil's music"), but a shadowy presence who haunts an imagined Mississippi crossroads where, it is claimed, Delta bluesman Robert Johnson traded away his soul in exchange for extraordinary prowess on the guitar. Yet, as scholar and musician Adam Gussow argues, there is much more to the story of the devil and the blues than these cliched understandings. In this groundbreaking study, Gussow takes the full measure of the devil's presence. Working from

original transcriptions of more than 125 recordings released during the past ninety years, Gussow explores the varied uses to which black southern blues people have put this trouble-sowing, love-wrecking, but also empowering figure. The book culminates with a bold reinterpretation of Johnson's music and a provocative investigation of the way in which the citizens of Clarksdale, Mississippi, managed to rebrand a commercial hub as "the crossroads" in 1999, claiming Johnson and the devil as their own.

The world is changing, and preaching needs to do the same. With that change, the notion of truth need not be surrendered in a postmodern age, but it must be approached differently. David Lose argues that preaching is a

confession made openly for the hearers to embrace and engage in the midst of the real lived world they experience. *Courage at the Crossroads* Extasy Books

Film noir may seem a familiar term to many, with its use of a complex narrative structure, flashbacks and voiceover narration, and with such archetypal characterisations as the femme fatale and private eye. But this introduction is not so much an account of what film noir is, but more an interrogation of the ways in which the term came to be applied to a particular group of American films of the 1940s and 1950s. Ian Brookes asks: 'What is film noir?' With this sharply focused question active throughout the book, students will benefit from an

introductory text designed to provide a sophisticated treatment of the problems inherent in the category. This will be the first critical introduction to film noir which takes into account the complexity of the term and the difficulties of straightforward definition and classification.
