Wise and enduring spiritual guidelines for everyday living -- as relevant today as when The Rule was originally conceived by St. Benedict in fifth century Rome.

Sister Wisdom Harvard University Press

The Rule of St. Benedict forms the foundation for

one of the oldest ongoing institutions in all of Western civilization. The Rule not only defines life for men and women in monasteries but has also become central to the spirituality of lay Christians across the globe. This gender-neutral translation is true to the original text but provides an alternative for individuals and groups who prefer such a version over the masculine language of the original as it was written for St. Benedict's monks. It also offers some background

into the context in which it was written, as well as reflections on its meaning for contemporary life, making it a resource for those encountering the Rule for the first time or those who have cherished it for years.

The wisdom of Jewish spirituality and mysticism can be a companion for your own spiritual journey. Tanya, "It Was Taught," is one of the most powerful and potentially transformative books of Jewish wisdom.

Written in 1797 by Rabbi Schneur Zalman of Liadi, the founder of Chabad Hasidism, Tanya sets forth the fundamentals of Jewish spirituality and mysticism. While a focus of daily study by tens of thousands of Hasidic Jews, Tanya is little known outside the world of Jewish mysticism. Until now, its kabbalistic terms and esoteric language have made this essential text of Jewish spirituality inaccessible to most readers. In this engaging volume, Rabbi Rami Shapiro offers a

contemporary English translation of key selections of Tanya coupled with commentary designed to clarify and amplify the wisdom it contains. He also outlines the philosophical and spiritual framework on which Tanya is based-- God's nonduality; the five dimensions of reality and their corresponding intelligences (body, heart, mind, soul, and spirit); the purpose of mitzvot, the practices of Jewish life, as catalysts to God realization and the hallowing of all life

through godliness--to help you understand the selected Tanya translations in a way that enhances your own spiritual development. Now you can benefit from the wisdom of Tanya even if you have no previous knowledge of Judaism or Hebrew terminology. This SkyLight Illuminations edition presents the core teachings of Tanya, with insightful yet unobtrusive commentary that will deepen your understanding of the soul and how it relates to and manifests the Divine

Source from which all life comes, in which all life lives and to which all life returns.

Awakenings
"The Indian Buddhist world abounds with goddesses--voluptuous tree spirits, maternal nurturers, potent healers and protectors, transcendent wisdom figures, cosmic mothers of liberation, and dancing female Buddhas. Despite their importance in Buddhist thought and practice, these female deities have received relatively little scholarly attention, and no comprehensive study of the female pantheon has been available. Buddhist

Goddesses of India is the essential and definitive guide to divinities that, as Miranda Shaw writes, "operate from transcendent planes of bliss and awareness for as long as their presence may benefit living beings." Beautifully illustrated, the book chronicles the histories, legends, and artistic portrayals of nineteen goddesses and several related human figures and texts. Drawing on a sweeping range of material, from devotional poetry and meditation

manuals to rituals and artistic images, Shaw reveals the character, powers, and practice traditions of the female divinities. Interpretations of intriguing traits such as body color, stance, hairstyle, clothing, jewelry, hand gestures, and handheld objects lend deep insight into the symbolism and roles of each goddess. In addition to being a comprehensive reference, this book traces the fascinating history of these goddesses as they evolved through the early,

Mahayana, and Tantric movements in India and found a place in the pantheons of Tibet and Nepal."--Publisher's website.

The Matrilineal Heritage of Louisa May Alcott and Christina Rossetti Penguin

In an unprecedented comparison of two of the most important female authors of the nineteenth century, Azelina Flint foregrounds the influence of the religious communities that shaped Louisa May Alcott's and Christina Rossetti's visions of female creativity. In the early stages of the authors' careers, their artistic developments were

associated with their patrilineal connections to two artistic movements that shaped the course of American and British history: the Transcendentalists and Pre-Raphaelites. Flint uncovers the authors' rejections of the individualistic outlooks of these movements, demonstrating that Alcott and Rossetti affiliated themselves with their mothers and sisters' religious faith. Applying the methodological framework of women's mysticism, Flint reveals

that Alcott's and Rossetti's religious beliefs were shaped by the devotional practices and life-writing texts of their matrilineal communities. Here, the authors' iconic portrayals of female artists are examined in light of the examples of their mothers and sisters for the first time. Flint recovers a number of unpublished life-writings, including commonplace albums and juvenile newspapers, introducing readers to early versions of the authors' iconic works. These recovered

texts indicate that Alcott and Rossetti portrayed the female artist as a mouthpiece for a wider community of women committed to social justice and divine communion. By drawing attention to the parallels in the authors' familial affiliations and religious beliefs, Flint recuperates a tradition of nineteenth-century women's mysticism that departs from the individualistic models of male literary traditions to locate female empowerment in gynocentric relationships

dedicated to achieving a shared revelation of God.

Judaism: Religion of Reason
Siloam Press

This volume focuses on the intersection of religion and media in China, bringing interdisciplinary approaches to bear on the role of religion in the lives of individuals and greater shifts within Chinese society in an increasingly media-saturated

environment. With case studies focusing on Mainland China (including Tibet), Hong Kong and Taiwan, as well as diasporic Chinese communities outside Asia, contributors consider topics including the historical and ideological roots of media representations of religion, expressions of religious faith online and in social media, state intervention (through both censorship and propaganda), religious institutions' and communities' use of

various forms of media, and the role of the media in relations between online/offline and local/diaspora communities. Chapters engage with the major religious traditions practiced in contemporary China, namely Buddhism, Daoism, Confucianism, Christianity, Islam, and new religious movements. *Religion and the Media in China* serves as a critical survey of case studies and suggests theoretical and methodological tools for a thorough and systematic study of

religion in modern China. Contributors to the volume include historians of religion, sinologists, sociologists, political scientists, anthropologists, and media and communication scholars. The critical theories that contributors develop around key concepts in religion—such as authority, community, church, ethics, pilgrimage, ritual, text, and practice—contribute to advancing the emerging field of religion and media studies.

New York Times bestselling author Jodi Picoult tells the emotionally riveting story of a family torn apart by conflicting needs and a passionate love that triumphs over human weakness. New York

Times bestselling author Jodi Picoult is widely acclaimed for her keen insights into the hearts and minds of real people. Now she tells the emotionally riveting story of a family torn apart by conflicting needs and a passionate love that triumphs over human weakness. Anna is not sick, but she might as well be. By age thirteen, she has undergone countless surgeries, transfusions, and shots so that her older sister, Kate, can somehow fight the leukemia that has

plagued her since childhood. The product of preimplantation genetic diagnosis, Anna was conceived as a bone marrow match for Kate -- a life and a role that she has never challenged...until now. Like most teenagers, Anna is beginning to question who she truly is. But unlike most teenagers, she has always been defined in terms of her sister -- and so Anna makes a decision that for most would be unthinkable, a decision that will tear her family

apart and have perhaps fatal consequences for the sister she loves. My Sister's Keeper examines what it means to be a good parent, a good sister, a good person. Is it morally correct to do whatever it takes to save a child's life, even if that means infringing upon the rights of another? Is it worth trying to discover who you really are, if that quest makes you like yourself less? Should you follow your own heart, or let others lead you? Once again, in My Sister's Keeper, Jodi Picoult

tackles a controversial real-life subject with grace, wisdom, and sensitivity.

Modern church leaders

need to cultivate innovative and creative leadership skills, as they navigate today's post-Christian world, and as their congregations look to them for insight and guidance. Gil Stafford takes a fresh look at this vital need, drawing upon his experience as a college coach, university president, and parish priest, and interweaving them with ancient spiritual practices found within the discipline of spiritual direction. Personal anecdotes help the reader envision their

own life-transforming pilgrimage, as they develop into the type of adaptive leader that churches need in today's rapidly changing world. This book challenges church leaders to foster sacred safe space, holy listening, silence, and wisdom storytelling, in order to create a discerning church community. These techniques of spiritual direction can be applied to every aspect of the church, from small group studies to conducting parish business. Gradually

the leader will be able to delegate some of his responsibilities to the congregation, liberating them to be leaders, and rescuing him from trying to be all things to all people.

Lord, Teach Me Wisdom

Not all people have green fingers. Some of us have to work really hard to keep our plants alive. Sometimes because they are neglected the poor plants look so sad and eventually die a slow death! Relationships are

like that. If they are not nurtured they eventually die. However, the opposite happens when we grow in love. Relationships thrive and there is harmony. Over the next 30 days you will be encouraged to grow in love by accepting God's love for you, by showing love to the people that make life difficult, by working bitterness out of your life, by loving the person God made you to be, by hanging in there when things get tough and by affirming your love to your family.
