**Marvel and Artefact** Walter de Gruyter

From 1937 to 1950 the Irish government granted political asylum to a number of European minority nationalists, many of whom were wanted for crimes of collaboration with Axis forces during the Second World War. Bretons, Basques, Scots, Flemings even a high-ranking Croat later dubbed the Yugoslav Himmler all found

temporary or permanent refuge in Ireland. Refuge Ireland reveals for the first time why Dublin sheltered fugitives who had so disastrously regarded Nazi invasion as their nationalist opportunity. Employing unpublished sources and personal accounts, Daniel Leach explores the role of political asylum in asserting Irish sovereignty, Catholic anti-Communism and revolutionary heritage, and exposes a previously hidden and controversial chapter of Irish and European history one which, through the continued actions of postwar and even modern exiles, continues to affect Ireland's reputation to this day. "A well-researched, coherently argued and clearly written piece of work which combines scholarship with accessibility ... Leach has consulted an impressive range of original sources in a number of languages and has used them intelligently to develop a persuasive argument about the nature of Irish asylum policy". Eunan O'Halpin (author of *Defending Ireland*).

Lochlann Cambridge University Press

Marvel and Artefact examines the manuscripts of Wonders of the East (London, BL, Cotton Vitellius A. xv; London, BL, Cotton Tiberius B. v; and Oxford, Bodleian Library, Bodley 614); codex, text and image are studied together as a single artefact.

**Colloquial Breton** Multilingual Matters

The Celtic Languages describes in depth all the Celtic languages from historical, structural and sociolinguistic perspectives with individual chapters on Irish, Scottish Gaelic, Manx, Welsh, Breton and Cornish. This second edition has been thoroughly revised to provide a comprehensive and up-to-date account of the modern Celtic languages and their current sociolinguistic status along with complete descriptions of the historical languages. This comprehensive volume is arranged in four parts. The first part offers a description of the typological aspects of the Celtic languages followed by a scene setting historical account of the emergence of these languages. Chapters devoted to Continental Celtic, Old and Middle Irish, and Old and Middle Welsh follow. Parts two and three are devoted to linguistic descriptions of the contemporary languages. Part two has chapters on Irish, Scots Gaelic and Manx, while Part three covers Welsh, Breton and Cornish. Part four is devoted to the sociolinguistic situation of the four contemporary Celtic languages and a final chapter describes the status of the two revived languages Cornish and Manx. With contributions from a variety of scholars of the highest reputation, The Celtic Languages continues to be an invaluable tool for both students and teachers of linguistics, especially those with an interest in typology, language universals and the unique sociolinguistic position which the Celtic languages occupy. Dr

Martin J. Ball is Hawthorne-BoRSF Endowed Professor, and Director of the Hawthorne Research Center, at the University of Louisiana at Lafayette. Dr Ball has over 120 academic publications. Among his books are The Use of Welsh, Mutation in Welsh, and Welsh Phonetics. Dr Nicole Müller is Hawthorne-BoRSF Endowed Professor at the University of Louisiana at Lafayette. Among her books are Mutation in Welsh, and Agents in Early Irish and Early Welsh.

Subject Catalog Routledge

A survey of relations between Ireland and other Celtic nations from prehistoric times to the late twentieth century, supplemented by an up-to-date bibliography that serves as an introduction to the study of such fields as the archaeology, history, and ar

Standard Breton Routledge

This book studies women's language use in bilingual or multilingual cultural situations. The authors - social anthropologists, language teachers, and interpreters cover a wide variety of geographical and linguistic situations, from the death of Gaelic in the Outer Hebrides, to the use of Spanish by Quechua and Aymara women in the Andes. Certain common themes emerge: dominant and sub-dominant languages, women's use of them; ambivalent attitudes towards women as translators, interpreters and writers in English as a second language; and the critical role of women in the survival (or death) of minority languages such as Gaelic and Breton.

Breton Relativization Peter Lang

The only modern account to describe all surviving Celtic languages in detail.

*Word Four Courts Press Ltd*

This work is for comparative linguists and Celticists who are keen to study Breton but may be too daunted to undertake such a venture by the wide variety of orthographical conventions which exist within the language. It discusses points of orthographical contention so that their correlation to the spoken varieties of Breton can be judged by the reader.

Fabra, encara : Walter de Gruyter

In Frankreich wird, entgegen einer weit verbreiteten Vorstellung, nicht nur Französisch gesprochen. Hinzu kommen die autochthonen Sprachen, die Sprachen der alten und neuen Zuwanderer sowie die in den Überseegebieten gesprochenen. Sie alle haben ihre eigene Geschichte und stehen mit dem Französischen (oft auch untereinander) in einem kommunikativen Zusammenhang. Man spricht heute von den langues de France und den langues en France. Nach einer Darstellung der historischen Voraussetzungen und wichtiger soziolinguistischer Grundbegriffe werden diese Sprachen en détail vorgestellt. Auch wenn es die meisten europäischen Staaten vielleicht noch nicht realisiert haben: Die Verwendung mehrerer Sprachen in einer Gesellschaft kann eine Bereicherung für alle sein. Abschließend diskutiert das Arbeitsheft die Frage nach dem Wert und den künftigen Möglichkeiten mehrsprachiger Gesellschaften.

Présentation du livre en langue française Contrairement à une idée largement répandue, en France on ne parle pas uniquement français. Y sont en effet également parlées des langues autochtones, des langues d'immigrés anciens et récents ainsi que les langues des départements et territoires d'outre-mer. Chacune d'entre elles a son histoire respective et entretient un rapport

communicatif spécifique avec le français (et ces langues entretiennent souvent des rapports entre elles). Aujourd'hui, on parle des langues de France et des langues en France. Après une présentation des antécédents historiques et la définition de quelques termes fondamentaux de la sociolinguistique, ce livre présente, une à une, ces langues. Même si la plupart des États européens ne s'en sont pas encore rendu compte, l'emploi de plusieurs langues dans une société peut être enrichissant pour tous. En fin d'ouvrage est abordée et discutée la question de la valeur et des potentialités futures des sociétés plurilingues. Présentation sociolinguistique de toutes les langues importantes parlées en France Présentation du contexte historique Panorama clair et lisible

This volume contains a selection of papers on various aspects, mainly linguistic, of the present day situation of the Celtic languages of Britain and Ireland. The papers were given at the Third International Conference on Minority Languages, which was held in Galway, Ireland in June 1986. A companion volume, entitled Third International Conference on Minority Languages: Celtic Papers is also published by Multilingual Matters Ltd.

**The Celtic Languages in Contact** Abc-Clio Incorporated

The series is a platform for contributions of all kinds to this rapidly developing field. General problems are studied from the perspective of individual languages, language families, language groups, or language samples. Conclusions are the result of a deepened study of empirical data. Special emphasis is given to little-known languages, whose analysis may shed new light on long-standing problems in general linguistics.

### Studia Indogermanica Lodziensia BRILL

Breton is the language of western Brittany in northern France. It is a Celtic language related to Cornish, Welsh and more distantly to Irish. This phrasebook is one of the few works about Breton in English. Written carefully and accurately, it includes a review of Breton grammar, phrases and tips for everyday interactions, and details about where to find Breton on the Internet. This book is an easy and helpful introduction to an ancient tongue which has carried forth the tales of Arthur and other wonderful legends. To all those with an interest in Celtic languages, or language in general, the Breton Phrasebook is a book of great intelligence and provides innumerable insights into the Breton culture and language.

### **Bilingual Women** Institut d'Estudis Catalans

Colloquial Breton: The Complete Course for Beginners has been carefully developed by an experienced teacher to provide a step-by-step course to Breton as it is written and spoken today. Combining a clear, practical and accessible style with a methodical and thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Breton in a broad range of situations. No prior knowledge of the language is required. Colloquial Breton is exceptional; each unit presents a wealth of grammatical points that are reinforced with a wide range of exercises for regular practice. A full answer key, a grammar summary, bilingual glossaries and English translations of dialogues can be found at the back as well as useful vocabulary lists throughout. Key features include: A clear, user-friendly format designed to help learners progressively build up their

speaking, listening, reading and writing skills Jargon-free, succinct and clearly structured explanations of grammar An extensive range of focused and dynamic supportive exercises Realistic and entertaining dialogues covering a broad variety of narrative situations Helpful cultural points An overview of the sounds of Breton Balanced, comprehensive and rewarding, Colloquial Breton is an indispensable resource both for independent learners and students taking courses in Breton. Audio material to accompany the course is available to download free in MP3 format from [www.routledge.com/cw/colloquials](http://www.routledge.com/cw/colloquials). Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

### **The Initial Consonant Mutations in Breton and Welsh**

Hippocrene Books

Die im Jahre 1905 von Gustav Gröber ins Leben gerufene Reihe der Beihefte zur Zeitschrift für romanische Philologie zählt zu den renommiertesten Fachpublikationen der Romanistik. Die Beihefte pflegen ein gesamtromanisches Profil, das neben den Nationalsprachen auch die weniger im Fokus stehenden romanischen Sprachen mit einschließt. Zur Begutachtung können eingereicht werden: Monographien und Sammelbände zur Sprachwissenschaft in ihrer ganzen Breite, zur mediävistischen Literaturwissenschaft und zur Editionsphilologie. Mögliche Publikationssprachen sind Französisch, Spanisch, Portugiesisch, Italienisch und Rumänisch sowie Deutsch und Englisch. Sammelbände sollten thematisch und sprachlich in sich möglichst einheitlich gehalten sein.

Brezhoneg--buan Hag Aes Routledge

The most comprehensive reference resource on Celtic culture; an encyclopedia written by and for scholars, yet accessible to all. This encyclopedia covers the entirety of the Celtic world, both through time and across geography. Although emphasizing the areas where Celtic languages and traditions survive into the present, the work does not slight the reaches of the Celtic empire, which was the largest language and cultural group on earth prior to the rise of Rome. In some 1,500 articles, many representing original research by the finest Celtic scholars, the work covers the Celts from prehistory to the present, giving comprehensive treatment to all topics from myth to music, religion to rulers, literature to language, government to games, and all topics in between. Entry into the rich world of Celtic scholarship has been difficult: The available information must be teased out of dense scholarly tomes or lightweight books emphasizing such popular elements of Celtic tradition as wee people, Druids, and blue-painted pagans. While this work treats those topics within its broad scope, the information is presented

as scholarship, without the pop patina. 1,500 A-Z entries cover every aspect of Celtic life, from prehistory to the present, with bibliographic references for further reading Original articles by the world's finest Celtic scholars A comprehensive bibliography of 7,000+ items including both original sources and the most important and up-to-date modern discussions 200 drawings and illustrations A quick-reference and glossary containing 10,000 entries

*SE-Diathese im Italienischen* Walter de Gruyter GmbH & Co KG  
Introduces the archeology, art history, folklore, history, linguistics, literature, music, and mythology of the Celts and examines the global influence of their legacy. The content is accessible without being simplistic. Unlike other texts in the field, this set celebrates all of the cultures associated with Celtic languages at all periods, providing for a richer and more comprehensive examination of the to.
