BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research.

Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into

12 practical and profound rules for life. *12 Rules for Life* shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers. *Why Fish Don't Exist* Penguin
From one of America's preeminent national security journalists, an explosive, news-breaking account of Donald Trump's collision with the American national security establishment, and with the world It is a simple fact that no president in American history brought less foreign policy experience to the White House than Donald J. Trump. The real estate developer from Queens promised to bring his brash, zero-sum swagger to bear to cut through America's most

complex national security issues, and he did. If the cost of his "America First" agenda was bulldozing the edifice of foreign alliances that had been carefully tended by every president from Truman to Obama, then so be it. It was clear from the first that Trump's inclinations were radically more blunt force than his predecessors'. When briefed by the Pentagon on Iran and the Strait of Hormuz, he exclaimed, "The next time Iran sends its boats into the Strait: blow them out of the water! Let's get Mad Dog on this." When told that the capital of South Korea, Seoul, was so close to the North Korean border that millions of people would likely die in the first hours of any all-out war, Trump had a bold response, "They have to move." The officials in the Oval Office weren't sure if he was joking. He raised his voice. "They have to move!" Very quickly, it became clear to a number of people at the highest levels of government that their gravest mission was to protect America from Donald Trump. Trump and His Generals is Peter Bergen's riveting account of what happened when the unstoppable force of President Trump met the

immovable object of America's national security establishment--the CIA, the State Department, and, above all, the Pentagon. If there is a real "deep state" in DC, it is not the FBI so much as the national security community, with its deep-rooted culture and hierarchy. The men Trump selected for his key national security positions, Jim Mattis, John Kelly, and H. R. McMaster, were products of that culture: Trump wanted generals, and he got them. Three years later, they would be gone, and the guardrails were off. From Iraq and Afghanistan to Syria and Iran, from Russia and China to North Korea and Islamist terrorism, Trump and His Generals is a brilliant reckoning with an American ship of state navigating a roiling sea of threats without a well-functioning rudder. Lucid and gripping, it brings urgently needed clarity to issues that affect the fate of us all. But clarity, unfortunately, is not the same thing as reassurance. Mutations Omnibus Press The almost unbelievable story of the band that invented punk rock, entirely in the words of Stooges founder, Iggy

Pop. Includes over 200+ images, many published here for the first time, and contributions from Dave Grohl, Josh Homme, Joan Jett, Johnny Marr, Jack White, Ben Blackwell, Johan Kugelberg, and Jon Savage.

WWIII explodes in this electrifying debut military thriller in the tradition of Red Storm Rising and The Third World War. "Delta-Two, I've got tanks through the wire! They're everywhere!" World War III explodes in seconds when a resurgent Russian Empire launches a deadly armored thrust into the heart of Germany. With a powerful blizzard providing cover, Russian tanks thunder down the autobahns while undercover Spetsnaz teams strike at vulnerable command points. Standing against them are the woefully undermanned American forces. What they lack in numbers they make up for in superior weapons and training. But before the sun rises they are on the run across a smoking battlefield crowded with corpses. Any slim hope for victory rests with one unlikely hero. Army Staff Sergeant George O'Neill, a communications

specialist, may be able to reestablish links that have been severed by hostile forces, but that will take time. While he works, it's up to hundreds of individual American soldiers to hold back the enemy flood. There's one thing that's certain. The thin line between victory and defeat is also the red line between life and death.

It's not just rap music. Hip-hop has transformed theater, dance, performance, poetry, literature, fashion, design, photography, painting, and film, to become one of the most far-reaching and transformative arts movements of the past two decades. American Book Award-winning journalist Jeff Chang, author of the acclaimed *Can't Stop Won't Stop: A History of the Hip-Hop Generation*, assembles some of the most innovative and provocative voices in hip-hop to assess the most important cultural movement of our time. It's an incisive look at hip-hop arts in the voices of the pioneers, innovators, and mavericks. With an introductory survey essay by Chang, the anthology includes: Greg Tate, Mark Anthony Neal, Brian "B+" Cross, and Vijay Prashad examining hip-hop aesthetics in the wake of multiculturalism. Joan Morgan and Mark Anthony Neal discussing gender relations in hip-hop. Hip-hop novelists Danyel Smith and Adam Mansbach on "street lit"

and "lit hop". Actor, playwright, and performance artist Danny Hoch on how hip-hop defined the aesthetics of a generation. Rock Steady Crew b-boy-turned-celebrated visual artist DOZE on the uses and limits of a "hip-hop" identity. Award-winning writer Raquel Cepeda on West African cosmology and "the flash of the spirit" in hip-hop arts. Pioneer dancer POPMASTER FABEL's history of hip-hop dance, and acclaimed choreographer Rennie Harris on hip-hop's transformation of global dance theatre. Bill Adler's history of hip-hop photography, including photos by Glen E. Friedman, Janette Beckman, and Joe Conzo. Poetry and prose from Watts Prophet Father Amde Hamilton and Def Poetry Jam veterans Staceyann Chin, Suheir Hammad, Marc Bamuthi Joseph and Kevin Coval. Roundtable discussions and essays presenting hip-hop in theatre, graphic design, documentary film and video, photography, and the visual arts. "Total Chaos is Jeff Chang at his best: fierce and unwavering in his commitment to document

the hip-hop explosion. In beginning to define a hip-hop aesthetic, this gathering of artists, pioneers, and thinkers illuminates the special truth that hip-hop speaks to youth around the globe.” (Bakari Kitwana, author of *The Hip-Hop Generation*)

Simon Bloom, the Gravity Keeper A&C Black

Part two of the literary sci-fi thriller follows a boy and a girl who are caught in a warring town where thoughts can be heard – and secrets are never safe. Reaching the end of their flight in *The Knife* of Never Letting Go, Todd and Viola did not find healing and hope in Haven. They found instead their worst enemy, Mayor Prentiss, waiting to welcome them to New Prentisstown. There they are forced into separate lives: Todd to prison, and Viola to a house of healing where her wounds are treated. Soon Viola is swept into the ruthless activities of the Answer, while Todd faces impossible choices when forced to join the mayor’s oppressive new regime. In alternating narratives the two struggle to reconcile their own dubious actions with their deepest beliefs. Torn by confusion and

compromise, suspicion and betrayal, can their trust in each other possibly survive?

Titans: Total Chaos

Gingko Press Inc
Sixth-grader Simon Bloom can’t believe his luck when he finds a book that enables him to control the laws of physics. By simply reciting the formulas it contains, he can cancel gravity to fly around his bedroom, or decrease friction so he can slide down the street as if he were on Rollerblades. When two thugs with evil intentions come after Simon, he must use the formulas to save himself and the book from falling into their hands. This funny, fast, and imaginative novel from first-time author Michael Reisman will appeal to fans of both fantasy and action-adventure.

War looms over Sanctuary in the fifth *Thieves’ World*® anthology compiled by the New York Times–bestselling author of the *Phule’s Company* series. The invasion by the Beysibs, an amphibious humanoid race, brings unusual prosperity to the city of Sanctuary. But underneath the glittering

façade lies a ticking time bomb, for the nefarious residents of Sanctuary don’t take kindly to an invasion—well-meaning or otherwise . . . Join Janet Morris, C. J. Cherryh, Robert Lynn Asprin, Lynn Abbey, David Drake, and Diana L. Paxson as their stories unravel the fates of Sanctuary’s favorite liars, thieves, assassins, and warriors. “Abbey . . . understands Sanctuary and its characters. She also knows how to write a short story with a strong main character, a riveting plot that contains twists and turns, and a satisfying resolution. Best story in the book . . . Lalo is the most interesting of all of the characters in *Thieves’ World* and his stories are always interesting. Paxson . . . spins an interesting and well written yarn that closes the book nicely.”

A Best Book of 2020: The Washington Post * NPR * Chicago Tribune * Smithsonian A “remarkable” (Los Angeles Times), “seductive” (The Wall Street Journal) debut from the new cohort of Radiolab, *Why Fish Don’t Exist* is a dark and astonishing tale of love,

chaos, scientific obsession, and—possibly—even murder. “At one point, Miller dives into the ocean into a school of fish...comes up for air, and realizes she’s in love. That’s how I felt: Her book took me to strange depths I never imagined, and I was smitten.” —The New York Times Book Review

David Starr Jordan was a taxonomist, a man possessed with bringing order to the natural world. In time, he would be credited with discovering nearly a fifth of the fish known to humans in his day. But the more of the hidden blueprint of life he uncovered, the harder the universe seemed to try to thwart him. His specimen collections were demolished by lightning, by fire, and eventually by the 1906 San Francisco earthquake—which sent more than a thousand discoveries, housed in fragile glass jars, plummeting to the floor. In an instant, his life’s work was shattered. Many might have given up, given in to despair. But Jordan? He surveyed the wreckage at his feet, found the first fish that he recognized, and confidently began to rebuild his collection. And this time, he introduced

one clever innovation that he believed would at last protect his work against the chaos of the world. When NPR reporter Lulu Miller first heard this anecdote in passing, she took Jordan for a fool—a cautionary tale in hubris, or denial. But as her own life slowly unraveled, she began to wonder about him. Perhaps instead he was a model for how to go on when all seemed lost. What she would unearth about his life would transform her understanding of history, morality, and the world beneath her feet. Part biography, part memoir, part scientific adventure, *Why Fish Don’t Exist* is a wondrous fable about how to persevere in a world where chaos will always prevail.

An ex-cop takes on the mafia in the blockbuster novel that kicks off the Marseilles trilogy with what “may be the most lyrical hard-boiled writing yet” (The Nation). In Jean-Claude Izzo’s “Mediterranean noir” mysteries, the city of Marseilles is explosive, breathtakingly beautiful, and deadly. Total Chaos introduces readers to Fabio Montale, a disenchanted cop who turns his back on a police force marred by corruption and racism and, in the name of

friendship, takes the fight against the mafia into his own hands. Ugo, Manu, and Fabio grew up together on the mean streets of Marseilles where friendship means everything. They promised to stay true to one another and swore that nothing would break their bond. But people and circumstances change. Ugo and Manu have been drawn into the criminal underworld of Europe's toughest and most violent city. When Manu is murdered and Ugo returns from abroad to avenge his friend's death, only to be killed himself, it is left to the third in this trio, Det. Fabio Montale, to ensure justice is done. Despite warnings from both his colleagues in law enforcement and his acquaintances in the underworld, Montale cannot forget the promise he once made Manu and Ugo. He's going to find their killer no matter the consequences. "One of the masterpieces of modern noir." —The Washington Post "Like the best noir writers—and make no mistake, he is among the best—Izzo not only has a keen eye for detail . . . but also digs deep into what makes men weep." —Time Out

New York "The holy grail of noir fiction . . . a fast paced and stylishly told modern tragedy." —NB Magazine

Lord of Chaos Penguin
The bestselling author of No Logo shows how the global "free market" has exploited crises and shock for three decades, from Chile to Iraq In her groundbreaking reporting, Naomi Klein introduced the term "disaster capitalism." Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic "shock treatment," losing their land and homes to rapid-fire corporate makeovers. The Shock Doctrine retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and

Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy, and is the violent culmination of a radical economic project that has been incubating for fifty years.
