book based on one of the greatest detectives of all time—Sherlock Holmes! Sherlock Holmes, the great detective, has entrusted you with an important mission: to save his friend Watson! Locked in Moriarty's house, you will have to solve the puzzles invented by this diabolical criminal to hope to get out alive. Card games, an 1890 planisphere, mathematical

puzzles . . . to be successful, you are going to have to be the best detective Scotland Yard has ever known. Waste no time, because in this macabre game Moriarty always seems to have several moves ahead. Inspired by real-life escape rooms that are all the rage, these are choose-your-own escape books. The reader is stranded in a place and must escape in order to survive. To escape, you

must explore the different rooms, look for clues, solve puzzles to unlock certain situations, and hope to get out alive! Use the notebook to collect your clues. Take care, because there is only one way out, so you'll have to be smarter than the one who locked you here. Good luck!

"Once upon a time there was a little witch who was only a hundred and twenty-seven years old"—that's how the story of the little witch and her talking raven Abraxas begins, and though one hundred and twenty-seven isn't at all old for a witch, Little Witch already has a big problem. Colouring The Snail Soup Can Decoy to keep the candy stash safe. The Customizable "Keep Out" Sign to deter meddlesome siblings and parents. A Bunk Bed Communicator made from cardboard tubes ("Psst! Can you keep the snoring down?"). Clever, whimsical, and kind of genius, here are 67 unique projects that will turn any dad with DIY leanings into a mad scientist hero that his kid(s) will

adore. No screens, no hi-tech gadgetry. Made by Dad combines the rough-edged, handmade ethos of a Boy Scout manual or The Dangerous Book for Boys with a sly sense of humor that kids love. Scott Bedford, a creative director by day and Webby Award-winning blogger by nights and weekends, wields an X-ACTO knife, magic marker, and prodigious imagination to create endlessly

delightful projects for his two sons. He knows that kids like contraptions and gadgets, things that are surprising—a chair that appears to be balanced on eggshells. Things that are complex—a multilevel city, with buildings, tunnels, and roads, built from old boxes around the legs of a table. And especially things with humor—the Snappy Toast Rack, made to resemble a crocodile's gaping mouth.

The projects are shown in full-color photographs, and the instructions are illustrated in detailed line drawings that exude personality. Some are quick and simple enough to be done in a coffee shop; others are more of an afternoon project—yielding hours and hours of rich, imaginative playtime. **Escape Book** Andrews McMeel Publishing Der Ihnen vorliegende Gedichtband
