It provides an extraordinary view of the Victorian values and attitudes that made Britain great.

Barron's Passware The Capitol Net Inc

The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

Five Hundred and One Critical Reading Questions Barron's Educational Series

U. S. History and Government Regents Prep 2020 Barrons Educational Series

The accounts left by these travelers are important, not only for their corroboration of Marco Polo's tales of wonder, but because they throw light upon the early history, customs and religion of one of the great peoples of the modern world--the Chinese. In these account we see the roots of Chinese pride, patience, endurance and heroism. Through them we learn to understand that the greatness of the Chinese people today is not an accident, but the result, the fruit of an anciently founded and mature culture, a culture that could live side-by-side with the ravishing, destructive, brutal culture of the Mongolian Tartars and even survive the holocaust visited upon them by these barbarians.

The Whiskey Rebellion Sagwan Press

"Involving students in real historical problems that convey powerful lessons about U.S. history, these thought-provoking activities combine core content with valuable practice in decision making, critical thinking, and understanding multiple perspectives. O'Reilly - an experienced, award winning teacher - has students tackle fascinating historical questions that put students in the shoes of a range of people from the past, from the rich and famous to ordinary citizens. Each lesson can be done either as an in-depth activity or as a "quick motivator." Detailed teacher pages give step-by-step instructions, list key vocabulary terms, offer troubleshooting tips, present ideas for post-activity discussions, and furnish lists of related sources. Reproducible

student handouts clearly lay out the decision-making scenarios, provide "outcomes," and present related primary source readings and/or images with analysis questions"--Page 4 of cover

The Basics of American Government Social Studies

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Washington's Farewell Address to the People of the United States, 1796 W. W. Norton & Company

The critical reading section on standardized tests, especially the SAT 1 exam, is often cited as a trouble section for even the best test-takers. Examinees get test-targeted reading comprehension practice questions to score better with LearningExpress' series, Skill Builder in Focus. This specialized drill book provides the focused practice necessary for test-taking success. Plus, all answers are explained, using terms that clarify context, main ideas, themes, and critical thinking skills for effective studying and positive reinforcement. Almost every standardized test in verbal skills, including civil service exams, contains reading comprehension questions. Each practice consists of several passages followed by questions and answer explanations.

World History Musson Book Company, [187-?]

President Franklin Roosevelt told Americans in a 1936 fireside chat, "I do not look upon these United States as a finished product. We are still in the making." These United States builds on this foundation to present a readable, accessible history of the United States throughout the twentieth century--an ongoing and inspiring story of great leaders and everyday citizens marching, fighting, voting, and legislating to make the nation's promise of democracy a reality for all Americans. In the college edition of These United States, Gilmore and Sugrue seamlessly weave insightful analysis with all of the support tools needed by students and instructors alike, including paired primary source documents, review questions, key terms, maps, and figures in a dynamic four-color design.

The Gilded Age Teachers College Press

Recounts the first serious threat to the American Constitution, discusses its origins in interregional tensions, and describes how President Washington handled the crisis
Occupational Outlook Handbook Simon and Schuster Two holograph leaves from the manuscript of The gilded age (1874), one in the hand of Mark Twain, the other in the hand of Charles Dudley Warner.

Locke: Two Treatises of Government OUP USA

On an Empty Stomach examines the practical techniques humanitarians have used to manage and measure starvation, from Victorian "scientific" soup kitchens to space-age, high-protein foods. Tracing the evolution of these techniques since the start of the nineteenth century, Tom Scott-Smith argues that humanitarianism is not a simple story of progress and improvement, but rather is profoundly shaped by sociopolitical conditions. Aid is often presented as an apolitical and technical project, but the way humanitarians conceive and tackle human needs has always been deeply influenced by culture, politics, and society. These influences extend down to the most detailed mechanisms for measuring malnutrition and providing sustenance. As Scott-Smith shows, over the past century, the humanitarian approach to hunger has redefined food as nutrients and hunger as a medical condition. Aid has become more individualized, medicalized, and rationalized, shaped by modernism in bureaucracy, commerce, and food technology. On an Empty Stomach focuses on the gains and losses that result, examining the complex compromises that arise between efficiency of distribution and quality of care. Scott-Smith concludes that humanitarian groups have developed an approach to the empty stomach that is dependent on compact, commercially produced devices and is often paternalistic and culturally insensitive.

The American Civil War Good Press

Originally published in 1960, this analysis of all of Locke's publications quickly became established as the standard edition of the Treatises as well as a work of political theory in its own right.

The war of the American Revolution Penguin UK
