The contemporary music magazine.

Let Love Rule Oxford University Press

A directory of distributors offering address information and a description of merchandise available

The Bass Handbook Backbeat Books

THE NEW YORK TIMES BESTSELLER "I see my story as a suite of songs that have a magical connection." Let Love Rule is a work of deep reflection. Lenny Kravitz looks back at his life with candor, self-scrutiny, and humor. "My life is all about opposites," he writes. "Black and white. Jewish and Christian. The Jackson 5 and Led Zeppelin. I accepted my Gemini soul. I owned it. I adored it. Yins and yangs mingled in various parts of my heart and mind, giving me balance and fueling my curiosity and comfort." Let Love Rule covers a vast canvas stretching from Manhattan's Upper East Side, Brooklyn's Bedford-Stuyvesant, Los Angeles's Baldwin Hills and Beverly Hills, and finally to France, England, and Germany. It's the story of a wildly creative kid who, despite tough struggles at school and extreme tension at home, finds salvation in music. We see him grow as a musician and ultimately become a master songwriter, producer, and performer. We also see Lenny's spiritual growth—and the powerful way in which spirit informs his music. The cast of characters surrounding Lenny is extraordinary: his father, Sy, a high-powered news executive; his mother, Roxie Roker, a television star; and Lisa Bonet, the young

actress who becomes his muse. The central character, of course, is Lenny, who, despite his great aspirational energy, turns down record deal after record deal until he finds his true voice. The creation of that voice, the same voice that is able to declare "Let Love Rule" to an international audience, is the very heart of this story. "Whether recording, performing, or writing a book," says Lenny, "my art is about listening to the inspiration inside and then sharing it with people. Art must bring the world closer together." *The Ultimate Guitar Sourcebook* Chartwell Books
A must-have for any guitar lover! This book introduces the reader to 250 guitars of all types from the early acoustic archtop designs of the Gibson L-5 in the last 1920s, through the National resonators of the 1930s, the hollow body electric Gibsons of the 1950s, the solid body Fenders of the 1960s, to the exoskeletal carbon and glass fiber of the Parker Fly of the 1990s. Each entry has a clear color photograph of the guitar together with a detail shot featuring a point of particular interest of that instrument along with a description and a technical specification. It is arranged in alphabetical order by maker's name and coded by the type of guitar. The guitar had a profound influence on many musical forms including blues, bluegrass, country, flamenco, jazz, folk, heavy metal, rock, soul, reggae, and modern pop.

The History of Yamaha Guitars Race Point Pub

Learn Guitar, a two-part book and CD kit, is the ultimate starting point for anyone picking up the guitar.

EQ. Simon and Schuster

Acoustic Guitars: The Illustrated Encyclopedia is the most comprehensive guide of its type ever produced, covering decades of great instruments and the people who played them. You will find here the highest quality photos of acoustic guitars produced by every significant maker, from Alvarez to Zemaitis, plus detailed information, and a host of action pictures of important players from pop, rock, jazz, country classical, blues, and folk. An acoustic guitar need not be a simple brown box with a neck attached. Acoustic Guitars: The Illustrated Encyclopedia celebrates the unusual, the different and the purely bizarre in addition to the assured roots-based craft of the finest unadorned instruments, underlining the sheer diversity and variety of the acoustic stringed instruments that have been built and sold and played through three centuries. Here are resonator guitars made since the 1920s by Dobro, National, and others, often with highly decorated metal bodies; revered flat-tops from Martin, Taylor, Gibson, and more; peculiarly shaped and oddly featured creations from many of the custom builders; early 20th-century harp guitars with extra strings and extended bodies; creative archtops from D'Angelico, Epiphone, Benedetto, and more; and plastic-equipped constructions from Ovation. The comprehensive and informative text is in a clear A-to-Z format organized by brand name, written and researched by a unique team of the world's leading authorities on the subject. Acoustic Guitars: The Illustrated Encyclopedia shows in words and pictures just why and how the acoustic guitar continues to be the most popular musical instrument in the world.
