In the fourteen years of NDTV's Walk The Talk Shekhar Gupta has interviewed more than 600 stellar guests—an outstanding feature for one of Indian TV news channel's most respected shows is the wide diversity of its guests. These range from heads of states to national, regional and international politicians and public figures, from Indian and global film stars to Nobel Laureates, scientists, economists, sports stars (not limited to cricket), spiritual gurus, business tycoons, philanthropists and, of course, activists. This book focuses exclusively on political leaders and public figures. Many of these conversations are path-breaking, and some extremely rare. For example, leaders like Sonia Gandhi and former prime minister P.V. Narasimha Rao have never before engaged in freewheeling, recorded conversations in such detail. Others have broken new ground since Narendra Modi, L.K. Advani, Pranab Mukherjee, Mayawati and even M. Karunanidhi. There are also global thought leaders and heads of state: David Cameron, Henry Kissinger, and Pushp Kamal Dahal 'Prachanda', among others. There is also the rarest of rare interviews with the former RSS chief K.S. Sudarshan. It was challenging to choose just twenty-five political personalities and voices to feature in this selection. And one criterion has been to try and pick those conversations that mark political shifts and change. Hopefully, these will help provide an understanding of recent political history, and how we have reached the point we are at today, in the words of these very significant and interesting people.

As a young girl in Bangalore, Gayathri was surrounded by the fragrance of jasmine and flickering oil lamps, her family protected by gods and goddesses. But as she grew older, demons came forth from dark corners of her idyllic kingdom—with the scariest creatures lurking within her tortured mind. *Shadows in the Sun* traces Gayathri's courageous battle with debilitating depression that consumed her from adolescence through marriage and a move to the United States. Her inspiring memoir provides a first-of-its-kind cross-cultural view of mental illness—how it is regarded in India and in America, and how she drew on both her rich Hindu heritage and Western medicine to find healing.

'Can anyone imagine that a man with such a strong, continuous and unbroken will has been reaching out to the masses with the goal 'one life-one mission'. He has been travelling the country round the clock and has been meeting lakhs of people every-day and motivating them through yoga. If Baba Ramdev would have been in any other country then there would have been so many Universities that would have done PhD on his life history.' I had once asked Baba Ramdev that yoga gives energy, good-health and zeal but how does it help when you are surrounded with so many problems? 'Baba Ramdev had started his journey for the well being of this country's citizens through yoga, especially for the poor who were not able to afford medicines. After travelling for ten years across the country he noticed that it's not only the health of the citizens that needed attention but also the 'health of the country' so from then onwards he began to voice his concerns related to the dysfunctions of the nation. Baba Ramdev is such a personality who doesn't rest till he achieves his goals.'

One of the three great gods of Hinduism, Siva is a living god. The most sacred and most ancient book of India, *The Rg Veda*, evokes his presence in its hymns; Vedic myths, rituals, and even astronomy testify to his existence from the dawn of time. In a lively meditation on Siva--based on original Sanskrit texts, many translated here for the first time--Stella Kramrisch ponders the metaphysics, ontology, and myths of Siva from the Vedas and the Puranas. Who is Siva? Who is this god whose being comprises and transcends everything? From the dawn of creation, the Wild God, the Great Yogi, the sum of all opposites, has been guardian of the absolute. By retelling and interweaving the many myths that keep Siva alive in India today, Kramrisch reveals the paradoxes in Siva's nature and thus in the nature of consciousness itself.
