To become the first female Jewish Supreme Court Justice, the unsinkable Ruth Bader Ginsburg had to overcome countless injustices. Growing up in Brooklyn in the 1930s and '40s, Ginsburg was discouraged from working by her father, who thought a woman's place was in the home. Regardless, she went to Cornell University, where men outnumbered women four to one. There, she met her husband, Martin Ginsburg, and found her calling as a lawyer. Despite discrimination against Jews, females, and working mothers, Ginsburg went on to become Columbia Law School's first tenured female professor, a judge for the US Court of Appeals, and finally, a Supreme Court Justice. Structured as a court case in which the reader is presented with evidence of the injustice that Ginsburg faced, Ruth Bader Ginsburg is the true story of how one of America's most "notorious" women bravely persevered to become the remarkable symbol of justice she is today.

Justice Sonia Sotomayor and award-winning artist Rafael Lopez create a kind and caring book about the differences that make each of us unique. A #1 New York Times bestseller! In *Just Ask*, United States Supreme Court Justice Sonia Sotomayor celebrates the different abilities kids (and people of all ages) have. Using her own experience as a child who was diagnosed with diabetes, Justice Sotomayor writes about children with all sorts of challenges--and looks at the special powers those kids have as well. As the kids work together to build a community garden, asking questions of each other along the way, this book encourages readers to do the same: When we come across someone who is different from us but we're not sure why, all we have to do is *Just Ask*. Dorothy Height marched at civil rights rallies, sat through tense White House meetings, and witnessed every major victory in the struggle for racial equality. Yet as the sole woman among powerful, charismatic men, someone whose personal ambition was secondary to her passion for her cause, she has received little mainstream recognition--until now. In her memoir, *Dr. Height*, now ninety-one, reflects on a life of service and leadership. We witness her childhood encounters with racism and the thrill of New York college life during the Harlem Renaissance. We see her protest against lynchings. We sit with her onstage as Martin Luther King Jr. delivers his "I Have a Dream" speech. We meet people she knew intimately throughout the decades: W.E.B. DuBois, Marcus Garvey, Eleanor Roosevelt, Mary McLeod Bethune, Adam Clayton Powell Sr., Langston Hughes, and many others. And we watch as she leads the National Council of Negro Women for forty-one years, her diplomatic counsel sought by U.S. Presidents from Eisenhower to Clinton. After the fierce battles of the 1960s, Dr. Height concentrates on troubled black communities, on issues like rural poverty, teen pregnancy and black family values. In 1994, her efforts are officially recognized. Along with Rosa Parks, she receives the Presidential Medal of Freedom, the nation's highest civilian honor.

My Beloved World Penguin

The inspiring and timely story of Sonia Sotomayor, who rose up from a childhood of poverty and prejudice to become the first Latino to be nominated to the US Supreme Court. Before Supreme Court Justice Sonia Sotomayor took her seat in our nation's highest court, she was just a little girl in the South Bronx. Justice Sotomayor didn't have a lot growing up, but she had what she needed -- her mother's love, a will to learn, and her own determination. With bravery she became the person she wanted to be. With hard work she succeeded. With little sunlight and only a modest plot from which to grow, Justice Sotomayor bloomed for the whole world to see. Antes de que la magistrada de la Corte Suprema Sonia Sotomayor llegara al máximo tribunal de nuestra nación, no era más que una niña en el South Bronx. La magistrada Sotomayor no tuvo mucho durante sus primeros años, pero sí tuvo lo que contaba -- el amor de su madre, la voluntad de aprender y su propia determinación. Con valentía se hizo la persona que quería ser. Con trabajo arduo triunfó. Con un poquito de sol en un solarcito donde crecer, la magistrada Sotomayor floreció para que todo el mundo la vea.

Soul Food Sunday UPNE

The truly inspiring story of the first Latina Supreme Court Justice. Outspoken, energetic, and fun, Sonia Sotomayor has managed to turn every struggle in life into a triumph. Born in the Bronx to immigrant parents from Puerto Rico, Sonia found out at age nine that she had diabetes, a serious illness now but an even more dangerous one fifty years ago. How did young Sonia handle the devastating news? She learned to give herself her daily insulin shots and became determined to make the most out of her life. It was the popular sixties TV show Perry Mason that made Sonia want to become a lawyer. Not only a lawyer, but a judge! Her remarkable career was capped in 2009 when President Barack Obama nominated her to the Supreme Court, only the third woman and first Hispanic justice in the court's history. Stories of Sotomayor's career are hardly dry legal stuff—she once hopped on a motorcycle to chase down counterfeiters and was the judge whose ruling ended the Major League baseball strike in 1995.

La primera latina y tan sólo la tercera mujer designada a la Corte Suprema de los Estados Unidos, Sonia Sotomayor se ha convertido en un icono americano contemporáneo. Ahora, con un candor e intimidad nunca antes asumidos por un juez en activo, Sonia nos narra el viaje de su vida —desde los proyectos del Bronx hasta la corte federal— en una inspiradora celebración de su extraordinaria determinación y del poder de creer en uno mismo. Esta es la historia de una niñez precaria, con un padre alcohólico que moriría cuando ella tenía nueve años y una madre devota pero sobrecargada, y del refugio que una niña tomó de la

confusión del hogar con su apasionada y enérgica abuela. Pero no fue hasta que le diagnosticaron diabetes juvenil que la precoz Sonia reconoció que, en última instancia, dependía de sí misma. Pronto aprendería a darse a sí misma las inyecciones de insulina necesarias para sobrevivir y a rápidamente forjar un camino hacia una vida mejor. Con personajes de televisión como modelo y poca idea sobre lo que en realidad implicaba, Sonia decidió ser abogada, un sueño que la sostendría en su improbable recorrido, desde su brillante paso por la escuela secundaria, la universidad de Princeton y la escuela de Derecho de Yale hasta la fiscalía de distrito del Condado de Nueva York, la práctica privada, y el nombramiento a la Corte Federal de Distrito, todo antes de llegar a los cuarenta años. A lo largo del camino vemos como Sonia fue formada por diversas experiencias (como su fallido matrimonio), mentores invaluable, y la versión moderna de familia que creó con amigos queridos y sus hijos. A través de sus aún asombrados ojos, las posibilidades infinitas de los Estados Unidos son vislumbradas nuevamente en este libro cálido y honesto, destinado a convertirse en un clásico de la autoformación y el autodescubrimiento.

El mundo adorado de Sonia Sotomayor Vintage Espanol

A New York Times Notable Book A powerful historical picture book about the child of founding father Thomas Jefferson and the enslaved Sally Hemings. In an evocative first-person account accompanied by exquisite artwork, Winter and Widener tell the story of James Madison Hemings's childhood at Monticello, and, in doing so, illuminate the many contradictions in Jefferson's life and legacy. Though Jefferson lived in a mansion, Hemings and his siblings lived in a single room. While Jefferson doted on his white grandchildren, he never showed affection to his enslaved children. Though he kept the Hemings boys from hard field labor—instead sending them to work in the carpentry shop—Jefferson nevertheless listed the children in his "Farm Book" along with the sheep, hogs, and other property. Here is a profound and moving account of one family's history, which is also America's history. An author's note includes more information about Hemings, Jefferson, and the author's research. "This gentle, emotional book is a reminder that many presidents' biographies have distressing aspects. . . . A simple but historically solid introduction to some of the moral crises slavery presented for our nation." --The New York Times "Through a poignant first-person monologue, Winter imagines the peculiar upbringing of Virginia slave James Madison Hemings, son of Thomas Jefferson and his enslaved mistress, Sally Hemings."—Bulletin, starred review

En esta adaptación para alumnos de grados intermedios, basada en su exitosa memoria para adultos *Mi Mundo Adorado*, la vida extraordinaria de Sonia Sotomayor, Jueza Asociada de la Corte Suprema, es una inspiración. Su logro sirve como un verdadero testimonio al hecho de que sin importar los obstáculos, los sueños siempre pueden hacerse realidad. Incluye una inserción de fotos de 8 páginas. Sonia Sotomayor, la primera mujer hispana y tercera mujer nombrada para el Tribunal Supremo de los Estados Unidos, era una niña cuando se atrevió a soñar en grande. ¿Su sueño? Convertirse en un abogado y un juez. Como explica la juez Sotomayor: "Cuando era niña, mi familia era pobre y no conocíamos abogados ni jueces, y ninguno vivía en nuestro vecindario. No sabía nada sobre el Tribunal Supremo ni de como su reinterpretación de la Constitución y las leyes del país afectan a las vidas de las personas estadounidenses. No puedes soñar con ser algo que ni siquiera conoces. Esa ha sido la lección más importante de mi vida. Tienes que aprender a soñar grandes sueños". Sonia no dejó que las dificultades de su pasado --entre ellas el crecer en las rudas viviendas gubernamentales del sur del Bronx en Nueva York, el lidiar con la diabetes juvenil, el soportar las graves discusiones de sus padres y el preocuparse por el dinero-- se impusieran en su camino. Siempre creía en sí misma, y su determinación, junto con la orientación de generosos mentores y el amor inquebrantable de su extendida familia puertorriqueña, la impulsaron a seguir adelante.

My Own Words W. W. Norton & Company

A "searching and emotionally intimate memoir" (The New York Times) told with a candor never before undertaken by a sitting Justice. This "powerful defense of empathy" (The Washington Post) is destined to become a classic of self-invention and self-discovery. The first Hispanic and third woman appointed to the United States Supreme Court, Sonia Sotomayor has become an instant American icon. In this story of human triumph that "hums with hope and exhilaration" (NPR), she recounts her life from a Bronx housing project to the federal bench, a journey that offers an inspiring testament to her own extraordinary determination and the power of believing in oneself. Here is the story of a precarious childhood, with an alcoholic father (who would die when she was nine) and a devoted but overburdened mother, and of the refuge a little girl took from the turmoil at home with her passionately spirited paternal grandmother. But it was when she was diagnosed with juvenile diabetes that the precocious Sonia recognized she must ultimately depend on herself. She would learn to give herself the insulin shots she needed to survive and soon imagined a path to a different life. With only television characters for her professional role models, and little understanding of what was involved, she determined to become a lawyer, a dream that would sustain her on an unlikely course, from valedictorian of her high school class to the highest honors at Princeton, Yale Law School, the New York County District Attorney's office, private practice, and appointment to the Federal District Court before the age of forty. Along the way we see how she was shaped by her invaluable mentors, a failed marriage, and the modern version of extended family she has created from cherished friends and their children. Through her still-astonished eyes, America's infinite possibilities are envisioned anew in this warm and honest book.
