JORDON TRISTEN

Jonah SPCK

There be dragons all over the Bible. From the great sea monsters of Genesis to the great dragon of Revelation, dragons appear as the Bible opens and closes, and they pop their grisly heads up at various junctures in between. How did they get there and what on earth (or indeed in heaven) are they doing there? This is a book for those who find standard discussions of faith and suffering frustrating. Andy Angel opens up the rich biblical tradition of living with God in the midst of suffering. He takes the reader on a journey of exploration through biblical texts that are often overlooked on account of their strangeness--texts about dragons. He shows how these peculiar passages open up a language of prayer through suffering in which people share their anger, weariness, disillusionment, and even joy in suffering with

God. Angel explores how such "weird" Scriptures open up a whole new way of praying and reveal a God who approves of honest spirituality, a spirituality that the Bible holds open but too many of its interpreters do not.

Deep Calls to Deep Bloomsbury Publishing

The Acts of the Apostles joins the Gospel of Luke with the ministry of Paul. The author shows how this masterful storyteller worked his magic, drawing on first-century literary techniques of narration and characterization.

Interreligious Relations Baker Books

The Old Testament is no ordinary text; it is a revelation of God's will, character, purpose, and plan, inspired by the Spirit of God. That same Spirit continues to work within God's people today as they read the Bible, even when the meaning is difficult to discern. In The Law, the Prophets, and the Writings, eighteen evangelical scholars analyze the Old Testament through a historical, literary, and theological hermeneutic, providing new insights into the meaning of the Scriptures. This festschrift in honor of Duane A.

Garrett seeks to help Christians faithfully read and understand the Old Testament Scriptures.

The Hermeneutics of Torah Yale University Press

Like the first two books in this series (*WealthWatch* and *WealthWarn*), this volume attempts to do two things: (a) examine the primary socioeconomic motifs in the Bible from a comparative intertextual perspective, and (b) trace the trajectory formed by these motifs through Tanak into early Jewish and Nazarene texts. Where *WealthWatch* focuses on Torah and *WealthWarn* focuses on the Prophets, *WealthWise* focuses on wisdom literature. The texts examined here include the Instructions of Shuruppak, Codex Hammurabi, the Poem of the Pious Sufferer (Ludlul bel nemeqi), the Babylonian Theodicy, the Shamash Hymn, the Dialogue of Pessimism, various Hittite texts, the Proverbs of Ahiqar, 4QInstruction, the Wisdom of Ben Sira, and the Wisdom of Solomon, plus Luke's "Sermon on the Plain" and the Epistle of James.

WealthWise Brazos Press

Although the cry for justice in human society is an important theme in the Bible, in many church and academic circles action for and discourse about social justice is carried on without a thorough exploration of this theme in Scripture. This volume brings together chapters by experts in the various sections of the Old and New Testaments to give a full spectrum of what the Bible has to say about social justice, and to point to ways forward for Christians seeking to think and act in harmony with God in pursuing social justice in the world today.

Judges 1 BRILL

This volume presents international perspectives on interreligious

dialogue, with a particular focus on how this can be found or understood within biblical texts. The volume is in four parts covering both the Old and New Testaments (and related Greco Roman texts) as well as the history of reception and issues of hermeneutics. Issues of the relationships between religious cultures are assessed both in antiquity and modernity. In Part 1 (Old Testament) contributions range from the discussion of the bible and plurality of theologies in church life (Erhard Gerstenberger) to the challenge of multi-culturalism (Cornelis Van Dam). Part 2 (New Testament and Greco-Roman Texts) considers such things as Pagan, Jewish and Christian historiography (Armin Baum) and the different beliefs it is possible to discern in the Ephesian community (Tor Vegge). Part 3 provides issues from the history of reception - including the role of Jesus in Islam (Craig A. Evans). The volume is completed by a hermeneutical reflection by Jože Krašovec, which draws the threads of dialogue together and questions how we can best examine the bible in a modern, international, multicultural society.

Jonah Wm. B. Eerdmans Publishing

An examination of Paul's use of the term 'zeal', presented through engagement with three key texts and the New Perspective on Paul.

The Spirit Says Hermeneia: A Critical & Histor

The author employs cognitive semantic and frame semantic to demonstrate the basic semantic structure of the Biblical Hebrew verb שָׁלַח.

The Oxford Handbook of Wisdom and the Bible Walter de Gruyter GmbH & Co KG

Tremper Longman III and Peter E. Enns edit this collection of 148

articles by over 90 contributors on Job, Psalms, Proverbs, Ecclesiastes, Song of Songs, Lamentations, Ruth and Esther.

Restoring the Right Relationship Oxford University Press, USA

"This book is an abridgment edition of Introduction to the Hebrew Bible with CD-ROM, published by Fortress Press in 2004"--Preface.

A Handbook on the Jewish Roots of the Christian Faith Augsburg
Fortress Publishers

Leading Old Testament scholar Tremper Longman III provides students and pastors with expert guidance on choosing a commentary for any book of the Old Testament. The fifth edition has been updated to assess the most recently published commentaries, providing evaluative comments. Longman lists a number of works available for each book of the Old Testament, gives a brief indication of their emphases and viewpoints, and evaluates them. The result is a balanced, sensible guide for those who preach and teach the Old Testament and need help in choosing the best tools.

Old Testament Commentary Survey Abingdon Press

This book surveys and analyzes twenty-seven major collections of wisdom sayings from antiquity, including texts from ancient Egypt, the ancient Near East, ancient Israel and early Judaism, early Christianity, and the Greco-Roman world. Through the diversity of these selections, readers are exposed to wisdom literature from a wide array of historical, cultural, and linguistic settings, which unfolds into a larger understanding of how different ancient peoples articulated a gnomic understanding of life. Throughout this useful guide, Walter Wilson keeps a constant eye on the relation of the wisdom texts to the worlds from which they emerged—paying close attention to each text's distinctive

thematic profile and how its moral agenda was mapped onto the reader's social landscape. Where appropriate, he discusses affinities between the different collections and draws conclusions about ancient wisdom literature as a genre. For further study, each entry includes a short bibliography directing the reader to an up-to-date translation of the collection in question and other relevant secondary texts, making this an ideal starting point for anyone studying wisdom literature of the ancient world.

The Spirit within Me Wm. B. Eerdmans Publishing

Study of the wisdom literature in the Hebrew Bible and the contemporary cultures in the ancient Near Eastern world is evolving rapidly as old definitions and assumptions are questioned. Scholars are now interrogating the role of oral culture, the rhetoric of teaching and didacticism, the understanding of genre, and the relationship of these factors to the corpus of writings. The scribal culture in which wisdom literature arose is also under investigation, alongside questions of social context and character formation. This Companion serves as an essential guide to wisdom texts, a body of biblical literature with ancient origins that continue to have universal and timeless appeal. Reflecting new interpretive approaches, including virtue ethics and intertextuality, the volume includes essays by an international team of leading scholars. They engage with the texts, provide authoritative summaries of the state of the field, and open up to readers the exciting world of biblical wisdom.

Dictionary of the Old Testament: Wisdom, Poetry & Writings ATF Press

This abridgment of Colin Brown's original four volume work is arranged with its entries in Greek alphabet order, which makes it

easy to find the discussion of a particular word. All Greek words are transliterated into English and linked with their Goodrick/Kohlenberger numbers. This book was formerly titled *The NIV Theological Dictionary of New Testament Words*. Now it has been reset in double columns and wider margins.

Zeal Without Knowledge Wipf and Stock Publishers

The first full-length study of the evolution of self and agency in ancient Israelite anthropology. Conceptions of “the self” have received significant recent attention in philosophy, anthropology, and cultural history. Scholars argue that the introspective self of the modern West is a distinctive phenomenon that cannot be projected back onto the cultures of antiquity. While acknowledging such difference is vital, it can lead to an inaccurate flattening of the ancient self. In this study, Carol A. Newsom explores the assumptions that govern ancient Israelite views of the self and its moral agency before the fall of Judah, as well as striking developments during the Second Temple period. She demonstrates how the collective trauma of the destruction of the Temple catalyzed changes in the experience of the self in Israelite literature, including first-person-singular prayers, notions of self-alienation, and emerging understandings of a defective heart and will. Examining novel forms of spirituality as well as sectarian texts, Newsom chronicles the evolving inward gaze in ancient Israelite literature, unveiling how introspection in Second Temple Judaism both parallels and differs from forms of introspective selfhood in Greco-Roman cultures.

Proverbs & Ecclesiastes BRILL

The Psalms can help us during a time of disruption and division. *Deep Calls to Deep* demonstrates a new and generative way of

reading the Bible, which looks for differences among texts to engage in dialogue over critical issues that are not only biblical but also are relevant to our contemporary crises. Bill Brown explores uncharted territory in the Bible with a particular focus on the Psalms, the most diverse book of the Bible. By taking his cue from Martin Luther, Brown explores how the “little bible” (the Psalter) engages the larger Hebrew Bible in dialogue, specifically how the Psalms counter, complement, reconstrue, and transform biblical traditions and themes across the Hebrew canon, from creation and law to justice and wisdom. In this deep study of the Psalms, Brown asks: - What is humanity’s place and role in creation? - What makes for a credible leader? - What is “law and order”? - What is the role of wisdom in the life of faith? - What is the shape of justice in a society polarized by power and fear? These and other questions, such as a chapter that offers a fresh look at the authority of Scripture, are hosted by the Psalms with the aim of prompting dialogue, the kind of dialogue that is most needed in a time of deep division and disruption. Praise for *Deep Calls to Deep* On one side a country—no, a world—in profound disruption. On the other side, the book of Psalms: a microcosm of the biblical world, what Luther called a little Bible. Who but Bill Brown could put these two worlds together in such a probing and profound way, with such insight, and in such elegant prose? His *Seeing the Psalms* has long been among my favorite books on the Psalter. Now *Deep Calls to Deep* joins it at the head of the list. Here is a truly “deep reading,” what Brown calls “reading for reciprocity,” that exemplifies the best in biblical-theological-ethical-interpretation written by one of the very best of our time. It is a must-read for any who care at all about how Scripture

might speak to the disruptions that threaten to divide us forever. That means, of course, that it is must-reading for everyone. -- Brent A. Strawn, Professor of Old Testament and Professor of Law, Duke University In *Deep Calls to Deep* Bill Brown adroitly highlights the intricate interplay between the Psalms and the rest of the Bible. Brown then weaves from this dialogue an image of how we might conceive the authority of the Bible as a sacred dialogue among its readers. This book is must reading for anyone who seeks to hear and understand the variety of voices in Scripture and to discern the profound meaning of the Psalter as a "little Bible." --Jerome Creech, Pittsburgh Theological Seminary *Deep Calls to Deep* extends a hearty invitation to mutual dialogue among Christian communities. It does not encourage harmony and agreement but seeks to generate critical and potentially transformative conversations regarding scripture and authority. --Nyasha Junior, Temple University, and author of *Reimagining Hagar: Blackness and Bible* In this moment of societal disruption, Brown warmly invites us to sit together and consider anew the glorious psalms of our faith. We are beckoned to see how these diverse poems create a conversation with other biblical texts, not for the sake of uniformity but for the sake of courageous dialogue. --Tyler Mayfield, Louisville Presbyterian Theological Seminary In a world often wracked by arguments and silencing, William Brown provides a valuable witness to those of us who treasure Scripture. Using the central metaphor of "dialogue," this fascinating study shows how all of the Bible interacts with the Psalms in a dialogical relationship. Brown invites us not only to listen in to that lively conversation, but also to join in with our voices, no matter where we are. A necessary

book for our time! --Roy L. Heller, Perkins School of Theology, Southern Methodist University *Deep Calls to Deep* is a timely book. William Brown's commitment to dialogical interpretation is just what the Church needs in this unsettling and divisive time. The inner-biblical reading of the Psalms in conversation with the rest of the canon clarifies the dialogical nature of biblical revelation, and, in so doing it, Brown provides a roadmap for our own self-critical engagement with others as a journey of "fearless dialogue." --Tom Dozeman, United Theological Seminary (Dayton, Ohio)

Playing with Dragons BRILL

"This volume both reflects on the contested nature of the Wisdom Literature category and takes advantage of the opportunities it presents for reconsidering the concept of wisdom more independently from it. The first half explores wisdom as a concept, with essays on its relationship to skill, epistemology, virtue, theology, and order in the Hebrew Bible, its meaning in related cultures, from Egypt and Mesopotamia to Patristic and Rabbinic interpretation, and, finally, its continuing relevance the modern world, including in Islamic, Jewish, and Christian thought, and from feminist, environmental, and other contextual perspectives. The latter half considers "Wisdom Literature" as a category. Scholars address its relation to the Solomonic Collection, its social setting, literary genres, chronological development, and theology. Wisdom Literature's relation to other biblical literature (law, history, prophecy, apocalyptic, and the broad question of "Wisdom influence") is then discussed before separate chapters on the texts commonly associated with the category. Contributors take a variety of approaches to the current

debates surrounding the viability and value of the Wisdom Literature category and its proper relationship to the concept of wisdom in the Hebrew Bible. Though the organization of the volume highlights the independence of wisdom as concept from "Wisdom Literature" as category, seeking to counter the lack of attention given to this question in the traditional approach, the inclusion of both topics together in the same volume reflects their continued interconnection. As such, this handbook both represents the current state of Wisdom scholarship and sets the stage for future developments"--

Gerhard von Rad and the Study of Wisdom Literature Wipf and Stock Publishers

This is the first book to open up for general readers key questions about Jesus' experience of human sexuality and his attitude towards it in himself and others. It examines all the relevant sayings and actions of Jesus and others in the Gospels, and explores their first-century cultural context (Jewish, Greek and Roman) in order to better understand the historical Jesus as a fully rounded human being.

Old Testament Commentary Survey B&H Publishing Group

This work provides a new, integrated approach to analysing the meaning and use of complex nouns in the Hebrew Bible, focussed on anthropological uses of the word, חָכָם.

Scribes as Sages and Prophets SBL Press

A leading biblical scholar, Hans Heinrich Schmid, believes that righteousness, or the right order of the world, is 'the fundamental problem of our human existence'. It is a key theme in the Hebrew Bible/Old Testament's theology of creation and salvation, along with associated themes such as justice, steadfast love/loyalty, truth/ fidelity, compassion/mercy, sin and disorder/chaos. A number of studies of righteousness have been undertaken but most have tended to focus on Israel's call to be righteous, as voiced in particular in the Prophetic Books and the Psalter. In contrast, this book focuses on divine righteousness as the basis for all other notions of righteousness, as this is outlined in the foundational teaching or revelation of the Hebrew Bible/Old Testament—namely, the Torah or Pentateuch. It then undertakes a study of how righteousness in the Prophetic Books, the Psalter and the Book of Job relates to this foundational teaching.
